JACK ANDERSON SAYS:Laotian prince, army Commander Named in Viet Heroin Traffic; CIA Planes Fly Drug From Laos Poppy Fields to Battlefields; Kosygin Favors Disarmament, Note U.S. To Spend More in '72

NEAR THE NORTH BEGINNING of a four - lane highway 61 project to be built in 1971 through Sikeston for three and one - fourth miles.

Hayti I-55 Link Opening Predicted for Early June

Completion of Interstate 55 project of four and one half miles of paving near Hayti in Pemiscot county is ahead of schedule and "we hope to have it open to traffic in early June", W. H. Shaw, district engineer, said today.

Shaw said work began on the project, contracted by R. B. Potashnick, of Cape Girardeau, Jan. 15, 1970, with an estimated cost of $5,750,000.

The project involves a four-lane bypass of Hayti. Highway 61 goes through the center of town.

He commented:

"The work is way ahead of schedule. As a matter of fact, they got it paved last year and we didn't expect that."

Shaw announced that the resurfacing of route 61 through Hayti south about four and one half miles will begin soon.

"The part south of Hayti will eventually be the southbound lane of interstate 55," Shaw remarked.

He said the resurfacing is contracted by Girardeau Industrial Contractors, Inc., Cape Girardeau, and "will be completed by fall".

Shaw said the work is being done to improve safety by putting a thin overlay on the road to do away with a rugged surface.

He said the approximate cost will be $250,000.

A stretch of 13 miles of I-55 from Hayti south to Steele to complete the highway to the Arkansas line is not under contract.

4-Lane Artery Plans Unveiled

Details of the highway 61-Main street widening project through Sikeston were announced today by highway department officials.

It will begin at the north city limits, a few hundred feet north of the First United Methodist church.

Length of the four - lane improvement will be three and one - fourth miles. Contracts will be let within 90 days contingent on obtaining right -of -way and funds from the highway department.

There is a possibility of a contract being let in June with construction starting in August.

Plans announced by H. E. Sfreddo, district highway chief highway designer, and C. A. Lawrence, district surveys and plans engineer, show that the pavement will be 52 feet wide compared to the present 20-foot width.

Beginning at the north and extending south to the highway 60 intersection at the Holiday Inn the right -of -way easement in addition to the pavement on each side will vary as much as 15 feet.

There will be two left turn additions, where the road would be widened to 66 feet at the Tanner street intersection and at highway 62 at the International Shoe Company plant.

The North Kingshighway portion entering the city would be removed for 650 feet to tie into the four - lane project.

The present right turn short concrete stretch near the north city intersection, will be removed.

There will be a stop sign at the north business route exit.

The new four - lane road will have a slight curve from the north 61 highway.

The center of the 52-foot four lane highway will have a yellow line separation.

Weather

Partly cloudy to cloudy with a few periods of showers or thundershowers likely this afternoon and tonight, low tonight 57-62; winds tonight southerly 12-20 except briefly strong and gusty in thunderstorms; Thursday showers ending; high in the 70s; probabilitiess of precipitation tonight 60 per cent, Thursday 30 per cent.

EXTENDED FORECAST

Near normal temperatures Friday through Sunday with night time temperatures in the 50s and afternoon temperatures in the 70s; slight chance of showers during the period but increasing by Sunday.

HIGH AND LOW YESTERDAY

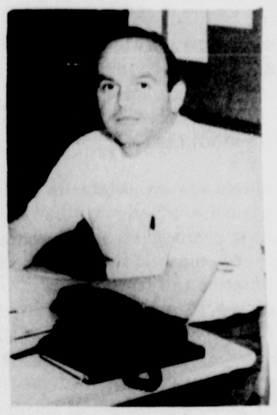
High and low temperatures for the 24-hour period ending at 7:30 a.m. today were 72 and 58 degrees, accompanied by a trace of rain.

Sunset today ..... 7:50 p.m.
Sunrise tomorrow.....6:00 a.m.
The moon, at apogee tonight, **sets tomorrow at .....3:48 a.m.**

PROMINENT STAR

Antares rises..... 10:05 p.m.
(The planet Jupiter is noticeably higher above Antares, as the latter rises, than it was last month at this time).

Lewis Gives Up Water Post



Milton Sadler

By CHARLES BRADY

MINER — Chairman Milton Sadler presided over his first town board meeting after being elected last month by the board. The board accepted the resignation of Former Chairman Harold Lewis as water superintnedent.

"I want to devote more time to my personal life and to the fire department," Lewis, who is fire chief, said.

The board voted Sonny James as street commissioner. Sadler said a committee will be formed later to serve under him.

Sadler told the board that Bob Kielhofner, Scott county clerk, had recorded the addition of 35 acres of land on the east side of Blodgett road to Miner.

It was announced by City Marshal Dorma Angle that the two walkie-talkies received by the city through the Bootheel Law Enforcement Council in Malden were "not what the city ordered."

He added that they "work very well" in covering the Miner area.

Sadler asked that the walkie-talkies be tested for a month before a decision is made to replace the equipment.

A fence around the lagoon behind the water plant was discussed.

The board voted a $200-a-month fund for the police force to reinburse it for gasoline used in the performance of duty.

Barry Greer Bound Over At Oxford

OXFORD, Miss. (AP)--Eight University of Mississippi students-- including one from Sikeston, Mo.--have been bound over to the Lafayette County grand jury on possession of marijuana charges, Sheriff Bob McElreath said Tuesday.

McElreath said the arrests were made shortly before midnight Monday during raids by his officers and city and campus police.

Arrested in strikes on and off campus were Barry Greer, 22, Sikeston; Jefferson Worley, 20, Indianola, Miss.; James Peter Harney, 22, Little Rock, Ark.; Joseph Tully, 20, Lamore, Calif.; Patricia Buskirk, 22, Nettleton, Miss.; Ann Lindsay, 20, Gainesville, Ga.; Austin Meeks, 23, Cleveland, Miss.; and Jeffry Sims, Silver Spring, Md.

McElreath said officers found 70 marijuana plants Tuesday in their continuing crackdown.

Number of men in U.S. armed services is now about 3.1 million.

The average American consumes 3,140 calories a day.

Three Bound to Circuit Court

NEW MADRID — Three were bound over to circuit court on felony charges by Magistrate Judge Leo Hedgepeth and 29 fines imposed on misdemeanor charges.

Jon Gregory DeLisle, Portageville, was bound over to circuit court under $1,000 bond after he waived preliminary hearing through his attorney on a charge of possession of narcotic drugs. DeLisle is charged with possession of a plastic bag containing 4.6 grams of marijuana and a handrolled cigarette Jan. 30.

Kenneth L. Holtzhouser, Lilbourn charged with manslaughter in the automobile accident death of Clevie O. Jackson May 24, 1970, waived preliminary hearing and was bound over under $1,000 bond to circuit court.

Floyd McCain waived preliminary hearing on a burglary and larceny charge in connection with theft from Bud Montgomery's junk yard Dec. 18, 1970 at Gideon. He was bound over to circuit court under $1,000 bond.

Fined $110 each on charge of operating vehicle with no Public Service Commission authority were North nd South Enterprises and Walter Jackson.

Three fined $70 each for illegal possession of intoxicating beer were Betty Sue Duncan, Steven Ray Reed and Dale Lloyd Forbis.

Oblie Lee Cole was fined $125 on charges of driving while intoxicated and improper registration. His drivers's license was suspedned for one year, and he was granted probation after being given six months jail sentence.

Elmer Denton Summers and George Edward Plunk each were fined $120, given six months jail sentence with probation, and their operator license suspended for one year on driving while intoxicated charge.

One year jail sentence and $30 fine were imposed against George Johnson Jr. on petit larceny charge.

Assessed $35 fines each on careless and imprudent driving charges were Larry Thomas Dotson, Robert DeLisle King, and Fleming J. Brooks Sr. Willie Eugene Mayberry forfeited $50 bond on careless and imprudent driving charge; and Louis Henry Williams paid $20 fine on similar charge.

Coy Virgil Sauls was levied $25 fine and Dennis Drew Goodwin $15 fine, each charged with permitting unauthorized operator to drive. Richard N. Wibbenmeyer was fined $15 on charge of permitting underage operator to drive.

Jimmy Jones charged with disturbing the peace was assessed $45 fine.

Speeding charges and fines include Virginia Pauline Millington, $60; Ronnie Lee Conyers, $45; Tome Davis, $25; Casey Tipton, $25 bond forfeited; and Charles M. Thomas, $20.

Lynn Banks Powell III was levied $20 fine on charges of no vehicle inspection and improper registration. Walter D. Kearbey paid same amount on operating vehicle with expired license, and illegal possession of licese plates.

Judge Hedgepeth assessed $15 fines each against Harvey L. Moss, charged with operating vehicle with out-of-state operator license while a Mo. resident; Steven Lee LaFont, operating trailer without trailer license; Jimmie Joe Dowdy, improper registration; and Charles Burgess, fishing without a permit.

Bank of Advance was granted $498.96 judgment and possession of carpet and color television against James E. and Janet Foster.

Sikeston Finance was awarded $1,237.55 judgment against James L. Blanchard; and Sikeston Securities Loan dismissed with prejudice at its cost civil suit against Harold and Mary Mathis.

$25 Fine For Contempt Of Court

NEW MADRID— James Chipman was held in contempt of court Tuesday and fined $25 by Circuit Judge Marshall Craig when Chipman invoked the fifth amendment and refused to answer questions in a debt proceeding.

A jury Jan. 4 returned a $17,700 judgment against Chipman in favor of Robert Trimue in a promissory note suit.

Judge Craig awarded $1,500 judgment to Nina Jean Alexander against James Lee for personal injury damages stemming from an automobile accident Sept. 12, 1970 in Pemiscot County. A companion suit filed by Nina Mae Alexander against Lee was dismissed. The cases were transferred from Pemiscot county on changes of venue.

Correction

In Tuesday's Daily Standard magistrate court news it was incorrectly reported that Cornell Cassell of Charleston was dismissed on a charge of issuing a worthless check. Cassell did not appear in court and a warrant was issued for his arrest on a traffic violation charge. He was not charged with writing a worthless check.

Jerry Moore of Bloomfield had charges dismissed against him on a charge of issuing a worthless check. It was reported that a D. Edwards of Bloomfield was dismissed on the charge.

Charges were dismissed against James Blue in the breakin of a store at 865 West Malone.

It was incorrectly reported that a complaint was issued against David E. Ferguson of 133 North Ranney on an insufficient funds check charge. Ferguson failed to appear in court and a warrant was issued for his arrest on a charge of a no account check.

Erwin Davis of 314 Adams received a one-year stayed jail sentence in connection with an assault charge on his wife, Wilma Davis. In addition to the stayed jail time, Davis was placed on one-year probation.

It was reported that Bennie Wade Satterfield of 112 Third St. was charged will illegal use of a car license. This was in error.

Eugene Harris of route one, Benton, pleaded guilty to a charge of driving without an operator's license and was fined $15. It was reported incorrectly that Harris was charged with driving while intoxicated.

Ommitted from yesterday's report was an armed robbery charge against Annise Davis of Sikeston. The case was continued until next Tuesday.

Ezell Applewhite of Sikeston waived preliminary hearing on a charge of burglary and stealing and was bound over to circuit court.

Leon Wilder, charged with burlary and stealing, requested a preliminary hearing. The hearing was conducted and Wilder was ordered bound over to circuit court.

Applewhite and Wilder are charged with the mid-April break-in of Lindsey's M and H on West Malone.

Wife Held in Shotgun Slaying

CHARLESTON— John Rose, 76, was found dead at his home Tuesday night on the J. J. Reeves farm adjoining the Charleston city limits from shotgun wounds, Mississippi county Sheriff W. J. "Pedro" Simmons said today.

He said Rose was shot once in the left shoulder at close range with a .16 gauge single-shot shotgun severing a large artery.

Mrs. Eldora Rose, 65, Rose's wife, is being held in the Mississippi county jail in connection with the shooting. Simmons said murder charges were expected to be filed this afternoon.

Simmons said Mrs. Rose walked to the Host House nursing home at 10:30 p.m. and asked that the sheriff be called as she had shot her husband.

Following the call, Simmons said he went to the nursing home, found Mrs. Rose intoxicated, and took her to jail.

Simmons said he did not believe at the time that she had shot her husband as he had received numerous calls in the past 10 years from the woman saying she had shot her husband or threatened to do so.

A niece of Rose, who worked at the nursing home, came on duty after the sheriff left and after hearing about the incident, she and Dr. T. P. Fenton went to the Rose home where they found Rose dead on a bed.

It has not been determined if an inquest will be held.

The body was taken to Sparks Funeral Home.

Congress New Protest Target

WASHINGTON (AP) — With a force buckled by more than 10,000 arrests and their strategy twice dissolved by massive police action, antiwar protesters still hadn't given up today. Congress was the new target.

Militant leaders exhorted a diehard following, many suffering hunger and fatigue, to a march on the Capitol for a noon rally-similar to one waged at the Justice Department Tuesday in which 2,200 persons were arrested.

Rennie Davis, himself just released from jail on $25,000 bond, vowed at a Tuesday night planning session to "hold the Congress hostage until they end the war."

Although neither Davis nor ther organizers had said what tactics would be employed, it was clear most were not anxious for a third test of their guerrilla-like design to close streets and government facilities.

With more than 1,000 Marines and Army troops posted at bridges and traffic circles, rush-hour traffic moved without a hitch again today.

Police officials reported, meanwhile, that more than 1,300 persons remained in jail or at temporary detention centers in midmorning.

Probation Granted in Assault Case

NEW MADRID— James Tipler was given two years sentence and granted probation without supervision on felonious assault charge Monday in circuit court by Judge William L. Ragland. Tipler was accused of assaulting Eugene Johnson, route one, Lilbourn, with an iron poker, April 23.

Frank Robinson, also known as Dad Foster, Portageville, was given a one-year suspended jail sentence upon payment of $25 fine and $29.50 court costs on charge of selling intoxicating liquor without a license.

Bonds were ordered forfeited and capias warrants issued for Fred Vent, Samuel Thomas, Roger Bush and William Collins who failed to appear on felony charges.

Pre-sentence investigations will be made for Russell Benson, who pleaded guilty to tampering with a motor vehicle; and Wana Ghorley, charged with forgery.

Felony charges against Sylvester Anderson, Edgar Mays, Richard Chandler and Esper Jackson were dismissed by the state.

Divorces granted Monday by Judge Ragland include Barbara Ann Barnes from Dave E. Barnes. She was restored to her maiden name of Buck. Debra Matthews was awarded a divorce, custody of one child and $15 per week child support against Kent M. Matthews.

Clyde Collier, Harold Jean Godsey and Sam Pikey were appointed commissioners in a state highway condemnation suit to assess damage and benefits to property owners of land in New Madrid county west of Holiday Inn near Sikeston.

Burglary and larceny charges against Floyd McCain were remanded back to magistrate court for preliminary hearing.

Vanduser Women Wham City Costs

VANDUSER— The town board Monday night voted to consolidate five village clerical offices into two. This was one of the first acts taken by a new board composed of four women and one man elected last month. Carl Dodson will serve as clerk, secretary, head of the water works, and treasurer. Ada Chasteen will be the collector.

Mayor Leda Stage said the consolidation of clerical offices will save the town money.

The board discussed changing the town's classification from village to fourth class city.

Tape Player Stolen from Car

A tape player and 15 tapes were reported stolen last night from the parking lot of the Joker's Lounge on East Malone. Police said that a 1965 Plymouth convertible, owned by Jerry L. Davis of 323 Williams, apparently was left unlocked.

Davis said the items were insured.

No DAEOC Funds for House Lots

Sikeston Recovery Inc., a non-profit organization designed to provide better housing, met Tuesday afternoon.

A report was received from the Delta Area Economic Opportunity Council on a request for funds. DAEOC said that funds were not available for the purchase of a 32-lot section in the Sikeston Sunset Addition as proposed by Recovery.

The report said that purchasing the lots was a "good idea" and they would present it to other federal agencies, such as the Office of Economic Opportunity and the department of Housing and Urban Development, to determine if funds were available.

Edna Ray, owner of the 32-lot section, said she has agreed to sell some of the vacant lots as buyers became available and people will build homes on them.

Charles Mitchell said he would like to see other real estate men get involved in the Federal "235" program through which low income families can acquire new homes at one per cent interest.

Mitchell said he has built two dozen homes under the program and that more could be built if more realtors would "get involved."

Daniel S. Norton

Norton to Head M.S. Campaign

Daniel S. Norton, 923 Park, has been named chairman of the 1971 MS Hope chest campaign for the third year, Howard J. Behan, chairman, St. Louis Area Chapter, National Multiple Sclerosis Society, announced.

Scheduled to open Mother's Day, the appeal will seek funds to support services for M.S. patients and their families in the Sikeston area.

The National Society has spent over $14.7 million on research since its inception in 1946 and three St. Louis researchers have received grants totaling more than $600,000.

THE SECRETARIAL CLASS of the Manpower Development Training School at New Madrid prepares mailings for a labor survey for industry. The Bootheel Planning Commission, Missouri State Employment Service and the Chamber of Commerce are cooperating in the mailing within a 30-mile radius of New Madrid. The area is promised a new industry if it can supply the labor.

Labor Survey Underway for Industry

NEW MADRID — A new industry which would build a new plant and employ more than 500 is interested in locating in the New Madrid county area. Its decision will depend on proof of an adequate labor supply, Ray Kermier of the New Madrid Chamber of Commerce, L. R. Bain and Pat Lea of the Bootheel Regional Planning Commission in Malden and Tom Cash of the Missouri State Employment Service, Jefferson City, announced.

A survey is being launched to determine the labor availability in a 30-mile area from New Madrid. All who might be interested in employment may complete an application form which appears on page 22 of today's Daily Standard or complete a form mailed to residences.

Lea, Chairman of the Bootheel Regional Planning Commission, said that approximately 35,000 forms are being mailed. Additional forms are obtainable form local grocery stores, the State Employment Office, the Chamber of Commerce, and the service centers of the Office of Economic Opportunity.

The industry seeks men and women who want full-time employment.

The New Madrid Chamber of Commerce industrial committee has been in contact with this industrial prospect.

Training for unskilled workers would be provided by the manufacturer.

A May 24 deadline has been established by the industrial employer.

POOR CHARLIE SAYS!

Old fashioned people never say a sick person had a relapse. They call it a setback.

* * *

THE SUPREME COURT RULES ON ABORTION

The Supreme Court upheld a Washington, D.C. law forbidding abortion in the District "except where necessary to preserve the mother's life or health." The law is sound and deserved to be upheld. Therapeutic abortions have always been allowed, i.e. where it is necessary to operate to save the mother's life, even though the unborn child will die as a result. It would be unreasonable to argue, for example, that a surgeon could not remove cancer threatening a mother's life, no matter where the cancer might be.

The whole abortion issue is forcing people to realize what has been a principle of law from time immemorial, that the unborn child is a human being. Size or tonnage does not make one person more human than another. Were that the case, some of us would be supermen.

Courts have consistently held in the past that the unborn child is entitled to protection under the law because it is a human being. To have to prove that surgery on the mother is necessary to save her life, even though the unborn child will die as a result, is good legal practice. What is unsound is to ignore completely the right to life of either the child or the mother. Due process means nothing unless it means giving due consideration.

THE WAYS OF THE LORD

We must have all felt at times that things were not going as we thought they should; certainly not as well as we would like. But maybe that's the way the good Lord sees that it is best for us.

That is what many people have found out later, as they look back. Few have put it better than an anonymous soldier of the Confederacy, who wrote these lines as he looked back from the vantage point of years:

I asked God for strenth, that I might achieve. I was made weak, that I might learn humbly to obey.

I asked for help that I might do greater things. I was given infirmity, that I might do better things.

I asked for riches, that I might be happy. I was given poverty, that I might be wise.

I asked for all things, that I might enjoy life. I was given life, that I might enjoy all things.

I got nothing that I asked for, but everything I had hoped for.

Despite myself, my prayers were answered. I am, among all men, most richly blessed!

William Father, the Cleveland, Ohio, house organ man, laments that the more clocks and watches in the house, the more often somebody is sure to ask what time it is. And don't forget Sam Goldwyn, who, upon seeing his first sundial, exclaimed: "Gracious! What will they think of next?"

* * *

We attended the annual Chamber of Commerce Banquet last Thursday night. It was a very happy occasion for the editor. One reason was that R. D. Clayton was made man of the year, which has been the editor's idea of the man of the year for Sikeston for a good many years, every since Col. Dudley was made the man of the year.

The second was a most enjoyable speech by Gov. Hearnes.

Thirdly, Sam Harbin got this meeting over with by 8:30. I'm confident that he followed Clem Beal's suggestion, and since Clem was down in New Madrid where it went on and on, until not quite midnight but past 10 o'clock.

Now the only criticism I have of the whole thing was, Sam had some very beautiful ladies at the speakers table and he didn't introduce them. Now, of course, the young folks who had girls with them didn't need to be introduced, but us old men whose eyes are not able to function without glasses, needed to. Not that he didn't know the names of them, but he just wanted Sam to stand them up and let everybody look at them and see how pretty they are.

Altogether it was a fine evening.

DECLINE AND FALL

A reader has asked us to reprint the five reasons for the fall of the Roman Empire as taken from Edward Gibbon's "The Decline and Fall of the Roman Empire":

1. The breakdown of the family and the rapid increase of divorce.

2. The spiralling rise of taxes, and extravagant spending by the government.

3. The insatiable craze for pleasure and brutalization of sports.

4. The mounting production of armaments to fight ever-increasing threats of enemy aggression.

5. The decay of religion into myraid and confusing forms, leaving the people without a uniform faith and spiritual guide.

The Roman Empire was the number one world power and was thought to be invincible. Much can be learned from history!

SWINGERS SLIPPING?

While the swingers seem to have the center of the stage with their colorful and glossy fashions, Kevin Phillips has a new survey under the title, "The Middle American Revival," which shows signs that point in other directions.

Here are a few of the trends the Phillips Survey finds are gaining momentum:

-- A boom in "country and western" music ... In 1961 there were only 80 full time country music radio stations. In 1965 there were 208, and last year there were 650. Some of these are found in the nation's biggest cities.

-- Old time fundamentalists religion is making a comeback. Even young people are taking it up with fervor.

-- Liberal activism is fading on most campuses, and on some is being replaced by conservative action.

--"Hair" is no longer the hottest show on Broadway. The big hit is 'No, No, Nanette," a nostalgic musical of the twenties.

-- Talk of hard drugs on big university campuses is dying, and at some schools, such as Yale, they've gone back to drinking.

-- On top of all this, tobacco chewing is coming back! And snuff-dipping! . . . The Phillips Survey says chewing tobacco outsold smoking tobacco in 1969 for the first time in 12 years.

So who knows? Don't throw away that old gray flannel or blue serge suit. It may be coming back!

* * *

Many consumer products are so similar in quality and price range that the success of one company over another is often due almost entirely to a difference in advertising. This is true of many foods, cigarettes, clothing items, soaps, cosmetics and toys.

A major toy manufacturer, recently recognizing the competitive importance of advertising in his field, stated: "Why should anyone buy our product? The competition offers just as good a product in terms of quality, variety, merchandising, packaging and price." He added that his company stays on top in a highly competitive field by out-advertising everyone in the field.

It is easy to find instances of similar situations in other fields. We have seen fine automobiles discontinued because of advertising failure. We know that excellent home appliance lines diasppeared for want of prestige- establishing advertising.

However, advertising failures are not restricted to national manufactures. The same process works just as relentlessly in retailing on companies of all sizes and types.

In every community there are many retail stores which have no particular advantage over one another. As long as each gets its share of the market, all of them may continue to operate successfully.

But a retailer does not acquire or keep a profitable share of the local market automatically. When other factors are approximately equal, the retailer, like the manufacturer, can expect his business to vary with the quality and size of his advertising effort.

The American system of justice is bearing its misfortunes with great dignity. The gutter-rat behavior of the Chicago conspiracy defendants and their sadists friends in the gallery is beyond belief, but that is their way - to shock, to scream and to curse because violence is an end in itself. Judge Hoffman ought to be chastised for not allowing television cameras in the courtroom; for not allowing the American public to see for themselves what still must be unbelievable to most Americans. Otherwise, the judge deserves a Judicial Medal of Honor for meritorious service above and beyond the call of duty amid what must certainly be the sorriest spectacle in the history of American justice. The jury will likely return a verdict of guilty for attempted murder of the American Way of Life. We suggest life imprisonment in the Soviet Union where the Chicago Conspiracy began.

NOW IT'S 'SAFE LOOK FOR MEN

The outcome of the current struggle between the mini-skirt partisans and fashion designers determined to foist the midiskirt on them may still be in doubt but, according to one authority on male fashions, the "Peacock Revolution" is mounting.

In case you didn't know, the Peacock Revolution signaled "the emergence of man from his dreariness and drabness of dress to assume his place as the more colorful of the human species," just as in nature it is usually the male whose plumage is brightest.

"The colorful, frilly era of men's apparel has been with us for some years now," says Ron Postal, director of the National Council of Men's Fashions. "It served a useful purpose, left its mark on the fashion scene and is now diminishing."

Taking its place, says Postal, is the "Safe Look"—more conservative, solemn-type, clothes.

It was inevitable, he says, with the coming to power of a Republican administration. For didn't we have the "uptight" Hoover collar during Depression days, and didn't the Zoot Suit come in with the Democrats?

Of cours, Woodrow Wilson, a Democrat, wore a high collar and the thankfully short-lived Zoot Suit didn't appear until near the end of F.D. Roosevelts' second term. But never mind, a theory is a theory is a theory.

The trouble with revolutions, fashion or otherwise, is that it's always the little guy who gets stuck with the consequences.

Take the poor sap at the next desk. From the beginning of the Peacock Revolution he steadfastly wore white shirts and narrow ties as a symbol of resistance. Only the other day, outnumbered and outworn, clotheswise, did he break down and invest in a wardrobe of deeply hued, muli-striped shirts and napkin-wide ties.

Some people just never get with it.

Legislature Is Short On Action

The Missouri General Assembly has been in almost constant session since January of 1969 and since then none of Missouri's basic problems have been solved.

Revenut was the major difficulty 28 months ago - and it still is today. Some piecemeal financing has been provided, but no major revenue measures have been agreed to permamemtly. The present boost in the income tax rates expires next January 1 and no extension or alternate way has been worked out to raise more money.

Highway financing is another problem that goes on and on. By a vote of 22 to 5, the Missouri Senate has approved a flat 2-cent increase in the lowest state gasoline tax in the nation. That bill is now on the House calendar. It could be sidetracked, however, because the House leadership is still clinging to its plan to tie the boost into a major bond program to accelerate construction. There is virtually no support in the upper chanber for the bonds.

The reapportionment of congressional districts tied up the Legislature for most of the 1960s as one ridiculous plan after another was shot down by the federal courts. Now, because of the 1970 census, that job must be done again. For all practical purposes only a token start has been made.

Dozens of other major proposals are making their way through the lagislative process at an incredibly slow pace. Although the current session is now in its fourth month,with less than two months remaining, only five bills have been written into law. Three are of a minor nature and one, providing for pay increases for Kansas City policemen, affects only this community. The fifth was the emergency appropriations bill and it took more than four months of bickering and procrastination to get that one through.

So far the record of accomplishment is about as close to zero as you can get. One of the approved measures will permit minors from 18 to 21 to give blood without parental consent provided the donation is not for sale. By agreeing the Senate is now in the awkware position of saying that young people can give blood but they can't vote. The upper chamber has refused to ratify a U. S. constitutional amendment lowering the voting age to 18.

Clearly the people of Missouri will suffer if the paralysis in Jefferson City is allowed to continue.

From The Kansas City Star

A Home Safty Tip

New York Police advise that all residences should have stronger security measures including a double-lock for the entrance door, as well as a chain bolt lock. The chain should be short so that a hand cannot reach inside and be long enough for you to see the person at your door.

* * *

Shere stupidity

A local editor, whose community is the site of a state university, took note of a student protester's sign reading, "Build for people, not for profit," with the comment: "That is sheer stupedity, especially for persons who profess to be against pollution." The editor then noted that a plant located in the area and operated by one of the nation's largest timber companies has been able to cut down on pollution solely because the company makes a profit.

Thanks to this profit, the company has been able to construct an $8.5 million chemical recovery furnace which is expected to cut sulphur and particulate emissions considerably. The furnace is just one step in the long battle against pollution by this company which represents an industry that has an innate concern for the environment. as one timber industry official says of the antipollution efforts of his company, "The long-term nature of our business of growing trees requires unique foresight. This necessity for thinking in terms of the future, plus our longtime commitment to stewardship of the natural resources entrusted to our care, inevitably placed the company in a role of environmental protection leadership several decades ago."

This spokesman for a single company, for all practical purposes, was speaking for the entire timber industry as it functions today. No company, expecting to be in business decades hence, can be profligate with the natural resource upon which its existence depends. The policies of timber companies, from environmental conservation to use of the forest lands, are predicated upon a sense of permanence that pervades the entire industry.

An estimated 130 persons annually lose their lives in litter-fed fires; every 12 minutes a home is destroyed or damaged by a fire starting in trash.

* * *

A 70-year-old advertisement for rubber horseshoes that recently appeared in Field & Stream magazine set off a small stampede for a product that has not been manufactured for half a century.

The mixup occured in the anniversary issue of the magazine, in which an early Goodyear ad was editorially reprinted to illustrate what advertising used to be like.

Despite the progress made in the art over the intervening decades by Madison Avenue experts, hundreds of readers failed to note the difference.

The magazine has been busy eversince returning money and writing personal letters of apology and explanation.

H.L. Hunt Says

FREEDOM TROUPERS NEEDED

Constructive citizens should convert fellow-travelers into Freedom troupers. Fellow-travelers are never victims of fatal apathy but always want to "get in on the act," even if on the wrong side. Fellow-travelers, when converted, make great troupers for the Freedom side and can be more effective than those who have been on the right side all along.

A crucial conversion in the history of the fight for Freedom shows how a book saved mainland China from communism for 25 years. A Russian-born New York dentist named Maurice William wrote the book. Born into a family of socialists, his intimacy with the socialist hierarchy led him to conclude that followers of Marx were escapists and slogan-makers who could not face reality.

Book publishers would not publish his book, which he titled "The Social Interpretation of History." In 1921, short of cash, he pawned his dental equipment to publish the book himself. Then book stores would not stock it. But a young Chinese studying in the U.S. discovered the book and dropped a copy into the mail, addressed simply: "To Sun Yat-sen, Canton, China."

Dr. Sun had been an admirer of Lenin and Marxism. Then he received the book. He had been delivering his last will and testament to his party as a series of lectures outlining his philosophy, after learning he had a fatal illness.

The book prompted him to spend three months re-studying his ideas. In August, 1924, Dr. Sun resumed his lectures. The U.S. system, he declared, not Marxism, was the philosophy of hope and progress. The angry, hard-core Reds walked out and started their civil war but could not win. If Stalin had been able to control China in 1925, he might have killed Freedom worldwide within 5 or 10 years. A book you mail or letter to the editor you wright might save the world. It is too late not to start.

Hal Boyle

NEW YORK (AP) — Nothing reconciles people to the price of life more than memory.

Sometimes a too-recent memory can burn like a fire. But as a memory grows older and mellower it usually loses its searing quality, and we become adjusted to the losses and hurtful episodes of living.

It is through the memory of our experiences that we digest and assimilate the meaning of our existence. And your own private world is pretty extensive if you can look back and remember when—

It was fame enough to last a lifetime if a farmer had grown a pumpkin big enough to be exhibited in the window of the local newspaper in 1912.

When a man had a toothache, he didn't just tell you about it— he opened his mouth wide and pointed his finger at the offending molar, just to be sure you didn't blame the wrong one. On a good day a fellow might get to see half a dozen aching teeth during a short walk through the center of town.

In a small town half the people over 80 had already written their own obituary notices so that at least after death they'd get a fair deal.

A congressman knew that his favorable mail from back home would increase sharply every spring, because that was when his constituents wrote him for free seeds for their gardens.

Half the housewives in America woke up every morning with the fearful knowledge that before nightfall she might have to remove a dead mouse or rat from a kitchen trap.

A whole generation of Americans grew up thinking that 48 stars were just about the right number for the flag, and that there probably never would be any more in it.

The choicest morsels of town gossip were usually exchanged by women while cooling themselves with cardboard fans at a church social. The fans had been given to them "free gratis" as the saying went, by the local grocery store or funeral parlor.

Even if he couldn't hold a steady job, a fellow could avoid the reputation of being shiftless as long as he could convince people he was taking a correspondence school course to prepare himself for something better.

One of the troubles with going on a Sunday drive in the early days of motoring was that you had to stop and put up the isinglass curtains when it rained.

A girl usually made her own high school graduation dress and got a gold-plated wristwatch for a present, and when she took her diploma every member of the family shed a tear.

No one ever thought of shutting the village idiot up in an institution. After all, he was the most-quoted fellow in town and certainly the only one without a single enemy.

Those were the days—remember?

Washington Merry - Go - Round

By Jack Anderson

WASHINGTON—A Royal Laotian prince and the Laotian Army commander have now been identified as the principal traffickers in the heroin used by U.S. troops in South Vietnam.

Furthermore, a congressional investigation has confirmed our earlier allegations that the Central Intelligence Agency is involved in the Laotian heroin operations.

The investigation was made by Congressman Bob Steele, D-Conn., and Morgan Murphy, D-Ill., both members of the House Foreign Affairs Committee.

Steele is preparing a report that will allege CIA "Air America" aircraft have been used to transport the drug from northern Laos into the capital city of Vientiane.

It says, however, there is no evidence that the CIA had any offical policy of letting its planes be used to move the drugs. Furthermore, it adds that the agency has now cracked down on the practice.

According to the draft report, prepared by Steele for the House Foreign Affairs Chariman Tom Morgan, D-Pa., the deadly drug is transported from opium fields in Laos to the battlefields of South Vietnam in the following manner:

First the raw opium is hauled from deep in northern Laos through Burma and into the Laotian town of Ban Bouei Sai, with former Nationalist Chinese soldiers-turned-drug smugglers riding shotgun on the shipments.

At Ban Bouei Sai, Laotian Army Commander Gen. Ouan Rathikoun takes over. He supervises the shipment of the opium into Vientiane, using American- supplied planes and protecting the smuggled cargos with U.S. supplied arms.

Once it reaches Vientiane, the morphine base is processed in Gen. Rathikoun's labs into "number four" heroin, a pure grade of the deadly drug almost unknown in Southeast Asia until traffickers began turning it out especially for American troops.

Throughout, Laos, the heroin operation is protected and abetted by Prince Boun Oun, Inspector General of the realm. The prince gets part of the take from the drug running.

Once processed, the heroin is flown into South Vietnam aboard military and civilian aircraft from both Laos and South Vietnam.

Some of the carefully wrapped packages of the white powder are air- dropped near U.S. troop emplacements in the fields. Others reach the troops after being landed at outlying air strips or flown directly into Saigon's Tansonhut airport.

With Vietnamese custom officials looking the other way, the heroin passes into illicit channels. The Congressman identifies South Vietnamese Premier Tran Thien Kheim as the man behind the corruption of the customs agents, but they stop short of calling him an outright trafficker.

The angriest language in Steele's draft report is reserved for U.S. diplomats who have failed to use their leverage against such men as Rathikoun and Prince Boun Oun to get the drug traffic cut off at its source.

Steele points out that in Turkey some progress has been made, although slowly, though diplomatic channels to cut off the flow of heroin to the U.S.

In future column, we will detail how American ex-GIs and deserters, assisted by corrupt Thai officals, are beginning to move hugh quantities of heroin into the U.S. to replace the Turkish supply.

Footnote: In a March 22 column, we cited a letter from a former CIA employee, S. M. Mustard, who charged that South Vietnam's Vice President Ky once flew opium out of Laos. Afterward, an off-duty Air Vietnam stewardess was arrested at the Saigon airport with close to 20 pounds of heroin in her possession. Significantly, she was carrying names of prominent South Vietnamese politicians who apparently are implicated in the heroin traffic.

-KOSYGIN ON DISARMAMENT-

The U.S. embassy, reporting to the State Department from Moscow on Senator Ed Muskie's confidential conversations with Kremlin leaders, gave this account of the discussion on disarmament:

"Muskie began by talking about desire to reduce military expenditures. He said in past two years, Senate had subjected defense budget to great scrutiny. As result, administration's budget in 1969 had been cut by six billion dollars.

"He expressed interest in MBFR (Mutual Balance Force Reduction) in Europe as part of desire to reduce armaments. He also advocated broadest possible agreement at SALT (Strategic Arms Limitation Talks).

"Kosygin responded that USSR has always favored disarmament. He asserted that Soviet military budget was 25-27 per cent of US military budget, and nothing was hidden in other parts of budget.

"He said Soviet noticed and'appreciated' Senate's action in cutting military expenditures by six billion dollars. Soviet also noticed President's statement that military budget might have to be larger next year.

"Soviets 'follow these events closely,' said Kosygin. Specifically on SALT, Kosygin said both sides are approaching question differently, with 'great wariness and care' but 'with great desire of finding a solution in limiting strategic armaments.'"

Footnote: The hush-hush report noted that Muskie had emphasized the "unofficial character of his visit and fact he carried no message and was not negotiating any agreement."

Meetings & Things

TUESDAY

Delta Gamma Chapter of Beta Sigma Phi meets with Mrs. Don Pratt, 315 W. Wakefield, at 7:30 p.m. May 4.

SUNDAY

There will be a Gospel Singing at the Church of Christ in Morley at 2:30 p.m.

THURSDAY

The Elks ladies will meet at 8 p.m. in the Elks Lodge.

TUESDAY

Tau Chapter of Beta Sigma Phi will meet with Loretta Alsup, 522 Taylor, at 7:30 p.m.

WEDNESDAY

The Daughters of Isabella will meet at 7:30 p.m. in the K. C. Hall.

TUESDAY

Parents without partners will organize May 11 at 7:30 p.m. at the Lorimier School in Cape Girardeau.

WEDNESDAY

The Daughters of Isabella will meet at 7:30 p.m. in the K. C. Hall.

FRIDAY

University of Missouri and Church Women United will hold a seminar at the First Christian Church from 10:30 a.m. to 2:30 p.m. Bring a sack lunch. Open to all.

SATURDAY & SUNDAY

Jean Love will exhibit are work from 10 a.m. to 4 p.m. on Saturday and from 11:30 a.m. to 5 p.m. on Sunday.

MONDAY

Welcome Wagon will meet at 7:30 p.m. in the Heritage House.

Lee In Honor Society

ROLLA— John Robert Lee, son of Mr. and Mrs. J. R. Lee of Morley, has been initiated into Tau Beta Pi, national engineering honor society at the University of Missouri.

Student members are chosen on the basis of academic achievement, character and leadership ability.

Lee is a senior in petroleum engineering.

Ann Landers

High School Mother Can Date

Dear Ann Landers: Please pardon the stationery but I am sitting here with this scratch paper jotting down notes for my lawyer who is preparing a property settlement for a divorce. While going through our joint personal belongings (my husband's and mine) we ran into all sorts of problems trying to decide who gets what. It was terribly difficult because I had always thought of everything as "ours."

This afternoon I came across the family album which represents 27 years of marriage. As I looked through it I thought to myself -- before any couple decides on a divorce they should be made to sit down together and go over the family album -- starting with the wedding pictures.

Our album recalled the happiest of times, the picnics when the children were small, the first little house we owned, the family pets, the old cars, the funny dresses and hats. There were snapshots of trips and anniversaries and the kids' graduations. Looking back gives one a different perspective. It's a pictorial history of the past which makes one ask, "Could we ever have been that happy if we weren't deeply in love? Do I really want this divorce?" Now I'm not as sure as I thought I was. It's too late for me but maybe it will help someone else if you print this letter. --Honolulu.

Dear Hono: Here's the letter, and who knows--you may have saved some marriages.

Dear Ann Landers: Contrary to the advice from our pastor, our physician and our attorney, our 17-year-old daughter decided to keep her out-of-wedlock child. (Her mother backed her up.) Marylou is back in high school and is taking a heavy schedule in order to catch up on the work she missed during her absence.

I am now in trouble with my wife and daughter for reminding them that when a girl decides to keep her fatherless baby she must forego some of the pleasures and privileges other girls have. My question is this: Should Marylou be permitted to date boys as though she were a foot-loose, carefree teen-ager? I say no -- not until she has finished high school. We'd like your opinion.--On The Spot In Fort Wayne.

Dear Spot: If Marylou is living up to her responsibilities in school and at home I see no reason to deny her dating privileges -- provided of course, that she respects a curfew and that you know where and with whom she is at all times.

And now I will repeat some advice for which I caught plenty of heat recently. Once a girl has had an out-of-wedlock child she may intend to remain pure as the driven snow, but chances are that she will drift. It is essential that your daughter be informed on birth control techniques and devices so that she will not become pregnant again. Keeping a close watch on her or assuming she has learned her lesson is an inadequate approach to this problem.

Dear Ann Landers: I am a restaurant owner who has news for the short-haired waitress who was annoyed because she is forced by law to wear a hairnet, while a long-haired kid who worked beside her goes his merry way--getting his mop into everything. According to law in my community, anybody who prepares or serves food must wear a head covering or hairnet if his hair is long. Boys included. Thought you'd like to know.---Hagerstown, Maryland.

Dear Hag: Thanks for the word. Hair ye -- one and all! If the mop flops, cage it.

Unsure of yourself on dates? What's right? What's wrong? Should you? Shouldn't you? Send for Ann Landers' booklet "Dating Do's and Don'ts," enclosing with your request 35 cents in coin and a long, self-addressed, stamped envelope.

OES Club Meets

CHARLESTON — The Candace Green Club of Sikeston met Thursday for its second meeting with the Charleston chapter of the Order of the Eastern Star.

Thirty members and guests were present to eat a pot luck supper and witness a "This Is Your Life" program supplied by Mrs. Kiah Smith, Jr., in honor of Mrs. Max Michael, grand representative to Kentucky from Missouri and Mrs. L. E. Webb, grand representative to Connecticut from Missouri. Mrs. Michael is a member of Charleston chapter and Mrs. Webb is a member of Sikeston Chapter.

Their next meeting will be at Sikeston Sept. 30, at 6:30 p.m. for a pot luck supper and program.

Eugene Wilson, Dexter
Mary Kimbrell, St. Louis
Georgia Surface, Sikeston

VIEWING part of Sgt. Leonard Campbell's display of dangerous drugs are, from left, Bill Jacobson, Lee Yeargain, Richard Parker, Campbell, Dumitri Turk, Mrs. William Smith, and Milas Burnett.

Girl Scouts Have Program On Drug Abuse

Cadette Girl Scout troops 158 and 159 heard a program on drug abuse Monday. Police Sgt. Leonard Campbell discussed the categories of drugs, their known effects on the human mind and body, and the penalties for possession or sale of narcotics. He presented a display of dangerous drugs and several frames of narcotic drugs and the equipment used by addicts.

The Rev. Dumitri Turk, superintendent of Mid-America Teen Challenge training center in Cape Girardeau, explained the program of Teen Challenge as providing a solution to the addiction problem through spiritual awakening.

"As young people accept Jesus as the answer to their uncontrolled appetites, they find the desire for harmful drugs lessens, and they are able to become adjusted to normal adult life," he said.

Teen Challenge centers are in 35 cities. The plan was conceived 12 years ago by the Rev. David Wilkerson, author of "The Cross and the Switchblade." The center in Cape Girardeau, sponsored by the Assembly of God Churches has been in operation since October of 1970. The Teen Challenge center in Cape Girardeau accomodates 30 young men.

Bill Jacobson and Milas Burnett both of Chicago, and Richard Parker of Dallas, Tex., now living at the Teen Challenge center in Cape Girardeau, told how they had become addicted, how drugs distorted their minds and changed their behavior, their suffering and their contact with Teen Challenge, which helped them find their way back to normalcy.

The Rev. Mr. Turk explained that rehabilitation time varies, some young men respond quickly to Teen Challenge atmosphere. Ordinarily a young man stays at the center for less than one year. "In the 12 years that Teen Challenge has been in existence in the United States, 95 per cent of the young men who participated have returned to normal living," he said.

Stork Visits

CHAMBERS— Mr. and Mrs. Robin Chambers are the parents of a daughter born at 9:48 p.m. Tuesday in the Missouri Delta Community hospital. She weighed six pounds, 10 ounces, and has been named Ashli Linn.

Mrs. Chambers is the former Carolyn Kirby, daughter of Mrs. Fred Kirby. Chambers, son of Mr. and Mrs. Ben Chambers, Sikeston, is assistant office manager at Malone and Hyde.

COOPER — Mr. and Mrs. Hulette Yates, 430 East Gladys, announce the birth of their second grandson, John Milton Cooper, to their daughter, Carolyn, and her husband, Dalton Cooper of Oak Ridge, Tenn.

He was born April 15 and weighed eight pounds, two ounces. He has one brother, Michael, three. Cooper, son of Mr. and Mrs. R. C. Cooper of St. Ann is an accountant for the Atomic Energy Commission.

MORROW— Son to Mr. and Mrs. Ottis Morrow of Sikeston, Southeast Missouri Hospital, 12:57 p.m. Thursday. Name, Gregory Lynn. Weight 8 pounds, 2 ounces. First child. Mrs. Morrow is the former Miss Patsy Lynn, daughter of Mrs. Rita Lynn of Sikeston. Mr. Morrow is employed at Morley Farm Supply, and is the son of Mr. and Mrs. R. H. Morrow of Charleston.

O'CONNER — Mr. and Mrs. Earl O'Conner, are the parents of a son born at 9:22 a.m. Monday in the Missouri Delta Community hospital. He weighed eight pounds, eight ounces and has been named Jeffery Scott. He is the second child and first son.

Mrs. O'Conner is the daughter of Mrs. Virginia Matthews of Sikeston and Harold Bass of Arkansas. O'Conner works for the highway department in construction.

Magic Show Saturday

Magic Lou and Lillian will be featured in The Mysteries of Magic Saturday at 2 p.m. at the junior high school auditorium. "The Chinese Linking Rings" and a "Magic Hindu Carpet" are two of the many magic feats they will use to mystify the kiddies and their parents. There will be an admission charge.

Proceeds will be used to purchase pediatric equipment for Missouri Delta Community hospital. The event is sponsored by the Sikeston Junior Woman's Club.

Yard Winners Announced

NEW MADRID — Yard-of-the-month winners, announced by Mrs. Caroline Phillips, chairman of the Community Betterment beautification program, are Henry Brewer, 327 Crisler, ward one; Paul Foster, 1330 Scott, ward two; and F. M. Baird, 751 Pinnell, ward three.

Mrs. Phillips announced honorable mention awards went to Harvey Criss, highway 61 south, and Calvin Hayes, 930 Mill, ward one; Conway and Dawson, 740 Scott and Mrs. Thelma Funk, 741 Scott, ward two; and John Edwards, 801 Mitchell and L. B. Wathen Jr., 737 Mitchell, ward three.

New yard signs placed in winner's yards, Mrs. Phillips said, have been provided by the Woman's Club, sponsor of the contest. Award winners will be selected through October.

Honors Banquet Date Changed

NEW MADRID— The New Madrid high school honors banquet announced for Thursday will be Friday at 6 p.m. in the high school cafeteria.

Changes Being Made at Library

The childrens department of the Public Library will be closed Thursday and Friday. A new children's room in the basement will be in operation Saturday.

A flawless ruby of good color is now carat-for-carat more valuable than an emerald, diamond or sapphire.

By KEN RAPPOPORT Associated Press Sports Writer

Alphonse—Gaston? No, Colbert—Gaston.

San Diego's superific swatters, Nate Colbert and Clarence Gaston, are falling over each other in an attempt to play the hero's role.

Gaston, delivered the gametyine home run, his second of the night, and Colbert followed with a solo shot in an eight-inning rally that carried the Padres past Atlanta 3-2 Tuesday night.

Oaston, whose 29 home runs last year was second to Colbert's 38 on the club, had only delivered two circuit clouts this season until Tuesday's output.

Whiie the recuperation appeared to do some good for Gaston, Colbert continued his assault on the fences with hardly any rest at all. He slept little since Monday because of his new-born daughter.

Colbert, after driving his wife, Carol, to the hospital to deliver Dana Michelle, got back home Tuesday morning to find their 17-month-old son, Derone, running through the house looking for his mother.

"I played with him all morning to keep him from crying," said Colbert. "We finally lay down for a nap after noon. I slept 20 minutes and that was all. I was too keyed up."

The New York Mets nipped the Chicago Cubs 2-1; St. Louis routed Philadelphia 7-3; Los Angeles stopped Cincinnati 2-0 and Pittsburgh blasted San Francisco 10-2 in the other National League games. Rain postponed Houston at Milwaukee.

American League scores: Kansas City 2, Cleveland 0; Baltimore 4, California 1; Milwaukee 2, Washington 0; Minnesota 6, New York 5 in 10 innings; Boston 4, Chicago 3, and Detroit 6, Oakland 5.

Gaston, who credited last year's fine season to a blazing getaway, is nowhere near the form that delivered a .318 average, 93 RBI and a bunch of team-leading statistics.

Gaston, who earlier lined his third homer of th year to give San Diego a 1-0 lead in the first inning, umped on another Pat Jarvis pitch with one out in the eighth. Then Colbert unloaded his seventh circuit of th year.

Mike Lum slammed a homer in the second inning to give Atlanta a 1-1 tie, then the Braves went ahead on Sonny Jackson's run-scoring sinle with two out in the seventh.

Bud Harrelson singled hom the tie-breaking run in the seventh inning to give New York its third straight victory and eighth in nine games. Until that juncture, the only scoring had been Bob Aspromonte's home run in the New York second a d Johnny Callison's run-scoring double in the Chicago fifth.

Chicago wasted a big scoring opportunity in the eighth. Ras Sadecki took over for New York starter Nolan Ryan and walked Callison, who took third on Joe Pepitone's single to right.

Callison was trapped off third on an infield tap, but Aspromonte held Danny Breeden's bouncer too long and the bases were loaded with one out. Danny Frisella relieved Sadecki and got the final outs on a pop foul and a roller.

Jose Cardenal drove in three runs with a double and homer and Jerry Reuss weaved a sixhitter for St. Louis.

The Cardinals scored two runs in the fourth inning on consecutive doubles by Ted Simmons, Joe Torre and Cardenal. Julian Javier's home run made it 3-0 St. Louis in the fifth, before Philadelphia came back with a pair of runs in its half of the frame. Then the Cardinals routed Phillies' starter Chris Short in the sixth as Torre walked and Cardenal blasted his second homer of the year.

Al Downing allowed just three hits and pitched his first National League shutout in the Los Angeles cause. Downing, acquired from Milwaukee during the offseason, scattered a pair of singles by Hal McRae and another by Dave Concepcion in notching his third victory in four decisions.

Willie Stargell capped a seven-run eighth inning with a three-run homer, his 12th of the year, as Pittsburgh crushed San Francisco. The performance kept Stargell in front in National League homers and RBI, 31.

The Pirates took a 3-2 lead in the seventh on a run-scoring double by Richie Hebner and run-producing single by Roberto Clemente before the big inning when they sent 10 men to the plate.

District Baseball Tuesday

District action in the state high school baseball tournament is scheduled at VFW stadium Tuesday with the Sikeston Bulldog diamond crew of coach N. P. McDAniel going against the winner of the Cape Girardeau Central-Notre Dame game.

The district match originally had been set for Thursday but due to the finals of the sub-district tournament at Cape Girardeau being scheduled today the game was moved ahead.

Panthers Near League Title

LILBOURN -- The Lilbourn Panthers claimed another Tri-County northern division league baseball victory in a Tuesday afternoon contest at Lilbourn to move two games closer to the coveted League title and a shot at the league championship with an 8-2 decision over Campbell.

Lilbourn's victim was the Campbell Camels, who proved to be a difficult opponent banging out 10 hits in the seven - inning affair but crossing the plate only twice.

Danny Beasley opened the game with a round - tripper off Lilbourn Ace Grant Dambach and the score stood 1-0 until the third inning when the Panthers amassed four hits and four runs to take the lead for the first time and to never again trail.

The fifth inning homer by leadoff batter Ronnie Parrent edged the Camels six runs closer but that was as close as they were to get to the red hot Panthers.

Winning pitcher was Panther sophomore Dambach, who struck out eight, walked two and gave up 10 hits in working for his fourth victory against two defeats.

Carter was the loser, giving up nine hits and eight runs.

Pat McClarty was the big offensive gun of the Panthers. He connected for two doubles driving in four runs. Teammate Tommy Mashmeyer had a double for the only extra - base hits of the Panthers.

Only two more games remain between the Lilbourn Panthers and the Northern League championship. Lilbourn's conference record is 3-0, and season record is 7-3.

Raiders Win 2

POPLAR BLUFF--The Raiders of Poplar Bluff took two encounters, 4-2 and 3-0, over the weekend. Both baseball events were conference games.

The opponent of the Raiders was Jefferson County.

In the first game the star was former Sikestonian Les Schatzley, who went three for three, drove in two and scored one of the Raiders' four runs.

Winning pitcher was Ronnie Cude whose record was raised to 5-2. Losser was Bob Fehlker. The only homer came from a Jeff County bat as Charley Powell connected for a round tripper in the sixth.

In the second game Steve Coulson was near a perfect game. The mound star struck out the first 18 batters but was tagged in the seventh. Losing pitcher was Ted Difani.

Coulson Shines For TRJC Raiders

POPLAR BLUFF — Steve Coulson, prep star for Southeast Missouri, on his second starting assignment in four days took the mound against the Florissant Valley Junior College in a Tuesday baseball afternoon game.

Although he was pitching with only two days rest the stalwart of the Raider pitching taff issued only four hits, striking out five and walking one while allowing no turns. TRJC won 6-9.

In the last eight days Coulson has had 26 innings of Mound duty and has struck out 25.

While Steve Coulson as blanking the batsmen of Flo Valley the Raider Bats were rattling as TRJC connected for 12 hits. Only one home run was recorded. It came with Ronnie Cudes' two-run wallop in the seventh inning, which served as an insurance run. Ellis, centerfielder for the Raiders, went two for three for the day's best mark.

This was a Missouri Junior College Athletic Conference game raising the Raider mark in the conference to nine wins and two losses. The Raiders have a first place with Meramec second a few percentage points behind.

Working for the victory Coulson went the distance gaining the victory and raising his pitching record for the season to 6 wins against one loss. Losing pitcher was Ray Neske, who was relieved for a pitch hitter in the eighth and replaced by Nelson, who pitched the final inning.

TRJC's season record was upped to 19 wins and 6 losses. It's nexe encounter is set for May 12, a twilight double header with the Sedalia State Fair Junior College.

Homers Highlight 5-3 Gideon Victory

GIDEON — The Parma Pirates claimed every distinction except in the runs department as they outhit the Gideon Bulldogs to win 5 to 3, but were able to cross the plate only twice compared to the Dogs four times.

Gideon exercised its hitting power. Catcher Bruce Coleman connected for a two-run homer in the third. The only other extra base hit for Gideon was the first inning double of Eric Littell.

The other hit of the Bulldogs was a second inning single by the Shortstop Mike Nolan.

Parma was alive in the batters box as they connected for five safties. David Williamson, Parma's third baseman, was the big gun as he went 2 for 4. He connected in the first fifth for singles. Wendy Wagner stroked a home run in the first inning with one man on base to tie the game after the first inning. Terry Joseph connected for a single in the fifth inning and Beaird pounded another single in the sixth but the Pirates still bowed 5 to 2.

Winning pitcher was Jim Hart, while Losing pitcher was Wagner, Both pitchers struck out seven.

Parma scored in the first inning and was blanked the rest of the game by Hart. Gideon scored two in the first, one in the second and two in the third for its only tallies and was blanked the other four innings. Parma's record now stand four wins against six losses.

Flood Near Bankruptcy

MILWAUKEE (AP) — Curt Flood, Washington Senators outfielder, was near bankruptcy despite his annual $110,000 salary, Senators owner Bob Short said Tuesday night.

His creditors "were getting every bit of his salary," Short said. "He was really fouled up financially."

Flood jumped the team last week and went to Europe. The veteran had sat out a year of baseball after filing a suit in federal court against baseball's reserve clause.

An early-season starter for the Senators, Flood had been benched for lack of hitting when he left the United States.

A letter Flood left behind said he was leaving the team because of personal problems.

Short said the problems basically were financial. The club owner said he had told Flood the best way out would have been to file for bankruptcy. However, Flood's attorneys dissuaded him.

"If he had claimed bankruptcy, they wouldn't have been able to touch his salary," Short said. "If he claims bankruptcy now, he would be able to straighten himself out."

A source close to the Washington team said Flood was paying alimony, support for his five children, and had lost money in some bad investments.

Short said he has asked the State Department and the news services to aid in locating Flood in Europe.

Campbell Leads Clarkton Win

RISCO -- The Clarkton Reindeer remained undefeated in the northern division of the Tri-County League with a rousing 6-1 baseball victory over the Risco Tigers.

Scoring in every frame except the final inning the Reindeer were never threatened. Their young hurler Dennis Duffl wnet the distance for his third victory of the season against two losses.

Duffel is a hard throwing right-handed freshman, one of Coach Hampton's better prospects.

Tony Campbell was the big stick for the Raindeer. He went two for three. Tony had two runs batted in, one on a runing scoring double.

The only Risco score came in the fourth.

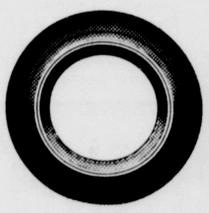
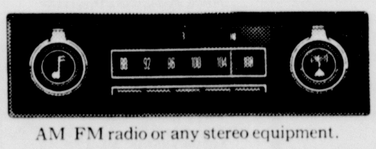
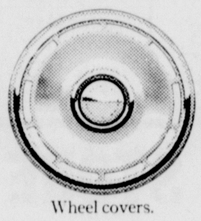
Chevrolet's Summer Sale is on.



White stripe tires.



AM/FM radio or any stereo equipment.



Wheel covers.

Deluxe seat belts.

Order any Chevelle or Camaro with these four features and we'll help save you some money.

Our Summer Sale. It's a simple sale.
And it works like this. You simply order America's most popular mid-size car, Chevelle. Or America's best-looking, best-handling sportster, Camaro.
You equip either car with white stripe tires, wheel covers, deluxe seat belts and AM/FM radio (or any stereo equipment).
Do this—and we'll help save you some money.
And what's just as nice, we'll be helping you save money on two of America's more popular cars. You get great deals on cars that give you more for less even when they're not on sale.
Except now they are on sale, and during May and June—the two months more people buy cars anyway. Which isn't the most likely way of doing business.
But then, "Putting you first" doesn't mean doing things from our point of view.
It means doing them from yours.

Chevelle.
Camaro.

GM MARK OF EXCELLENCE

Official umpires announced by Phillips are Howard Phillips and Mark Baker. Security officer is Arlie Perry.

Keglers Korner

By HILDRED POOLE

Hello! First of all 'Happy Mothers' Day Mother, and Grandma too'. This is the first time in a long time I won't be with Mother at least for a little while on Mother's Day. Sure hope you miss me.

Next week there will be no column and the next week will be the last one until August when we get started again. There will be a Summer League for me .... it will be 3 months of rest.

DELTA IMPS

Zieglers 4- Frances 0, Micholeb 4 - Harts 0, Ramada 3 - Barketts 2, Imp. Rest 3- Britts 1, Security Natl Bank 3- Lees 1. Wanda Baugher rolled high game of 217. I promise you Wanda I will be walking different this fall, at least I hope so. Norma Baker rolled high series with a big 588. Michelob had high game with a 1065 and Zieglers connected for high series with a 2951. 200 games: Norma Baker 204, Anita Ziegler 212, Doris Brown and Jean Lee 203.

500 series: Pat Crabb 535, Wanda Baugher 506, Mary Meyer 516, Doris Brown 523. Splits: Ruth Terrell 5-10, Naomi Hutchcraft 5-10, Boots Schrader 4-5-7, Mildred Cockrell 5-6 & 5-7, Anita Ziegler 5-6.

FRIDAY BOWLETTES

L & A 4- Restonic 0, Shoe No. 2-3- Shoe No. 3 - 1, Todd 3- Anchor Toy 1, Rodgers 3- Shoe No. 1 -1, A & B Laundry 2- Nowell 2 - Caproco 3- City Light 1.

Anna Lou Fodge rolled high game of 197 and Flora Crouthes had high series with a 522. Shoe No. 2 took both team game and series with scores of 1025-2910. 500 series: Darla Carter 517, Pauline Canady 509 and Pauline Rodgers 500. Splits: Vera Gaston 5-7- & 3-10, Darla Carter 5-7 * 3-10, Mildred Cockrell 6-7-10, Janet Meadows 5-7, Iona Taylor 4-7-10, Sue Collier 5-7, Betty Ramsey 6-10.

ROYAL KEGLERS

Malone and Hyde 4- Busch 0, Lewis 3½ - Wades ½. Stanley 3 -Cut Rate 1, C. D. Alcorn 3 - Hope 1. A & B Cleaners 3- First Natl Bank 1, Bank of Sikeston 4 - Liberty 0.

I don't know how I got so lucky on our last night of regular bowling, but somehow I ended up the year pretty. Not only did I luck into high game with a 215 but I also had the highest series I have had all year with a 588. Dottye Lefler rolled the only other 200 game. It was 208. I still think we are pretty good Dottye (lucky that is) one game a week at least. Stanley Home Products had both team highs with 1068-3043. 500 series: Lil Acord 500, Jean Lee 530, Geneva Sexton 520 and Linda Gipson 503. One Correction from last week. Willie Borrow rolled a whopping 276 which was 100 pins over her average instead of 10 pins as reported. Sorry about that Willie

See you all in two weeks.

Cardenal Delivers Key Hits

PHILADELPHIA (AP) — Jose Cardenal of the St. Louis Cardinals agrees that all hitters in a slump should suffer like him.

Cardenal is hitting only .192, but it has to be the most effective .192 in baseball. The Cuban native has only 19 hits, but 9 of them are for extra bases and he has produced 4 game winning hits.

"I hitting pretty good in the clutch," said the 27-year-old outfielder in more than a mild understatement.

Cardenal delivered again Tuesday night as the Cardinals bat the Phillies 7-3. He doubled in the third run and his two run homer produced the fourth and fifth St. Louis tallies.

The 5-foot-10 Cardenal says he isn't worried about his slow 1971 start. He hit .293 for St. Louis last year and has an eight year major league average of .261. This makes him confident despite the .192 alongside his name inthe batting list right now.

Cardenal says he doesn't feel right at the plate just yet. "I'm not following the ball," he explains.

"I'm turning my head and Red (Manager Red Schoendienst) suggested I try to hit the ball through the middle. I try it tonight (Tuesday) and it felt pretty good. We'll see."I've been playing eight years and usually don't hit early," Cardenal said.

Mike Ryan, the Phillies catcher, got his first hit of the season. He slammed a triple for a run and then scored on a Larry Bowa single in the fifth, and slammed a home run in the ninth, accounting for all three Philadelphia runs.

Chris Short was the starter and loser (2-3), for the Phillies. St. Louis also got a pair of hits and two RIB from hart hitting Joe Torre and Julian Javier's first home run of the season.

Jerry Reuss, 3-3, pitched a six hitter, striking out 10.

Fishing Contest Near End

Wal-Marts second annual fishing contests draws to an end this week after six weeks' of action.

A grand prize winner will be announced Saturday.

Jackson Outduels Thomas

KELLY — Scott Thomas, young pitching standout for Chaffee high school was tagged for eight runs in a Tuesday afternoon baseball contest dropped by the Chaffee RedDevils, 8 to 4.

Four Hawks connected for more than one saftey off the hard throwing sophomore star, Morrow, Heuring, Duncan and Crosno each connected for two safeties.

In the first inning the Red Devil commanded a 2-1 lead and maintained it through the second inning. The game was made more exciting in the third when Kelly pushed across two runs to Chaffee's one to tie the game 3-3.

Unable to score in the fourth Chaffee fell behind. The Hawks scored twice and took a 5-3 lead, Kelly struck again in the fifth inning crossing the plate three times and gaining an 8 to 3 lead.

Chaffee pushed a single baseman across the plate in the seventh but its rally fell four runs short.

Thomas, despite losing the pitching contest, came out as one of the better hitters. He went two for two with one of his hits a round-tripper.

Winning pitcher was freshman Jeff Jackson. Scott Thomas was the loser.

Walker Confirmation For FPC Questioned

WASHINGTON (AP) — Sen. Lee Metcalf, D-Mont., wrote the Senate Commerce Committee Wednesday questioning whether Dr. Pinkney C. Walker should be confirmed as a member of the Federal Power Commission.

Metcalf said Walker, dean of the University of Missouri school of business administration, "Had a record as a part of the industry which he would regulate."

Walker is scheduled to appear before the committee at a confirmation hearing tentatively set for May 6.

"I find nothing in the record of Dr. Walker to show that he has experience or interest in consumer representation before the commission," Metcal's letter said.

"To the contrary, he has a record as a part of the industry which he would regulate, to an extent that makes one wonder how much time he was able to devote to his duties as dean ..."

The senator said Walker is listed as a director of the Columbia, Mo., National Bank, the South County Bank of Ashland, Mo., the United States Life Insurance Co., of New York, and Commerce Bancshares, Inc., of Kansas City.

The senator said the 1969 annual report of Southwestern Bell shows that firm paid Walker $6,500 in consultant fees, and the 1969 report of Mississippi River Transmission Cor., a gas pipeline company, lists $5,000 in consultant fees.

"He has consulted for Panhandle Eastern Gas Pipe Line Co., Eastern Gas Lines and the American Gas Association, all having direct interest in FPC regulations, as well as the Bendix Corporation," Metcalf wrote.

Perryville Student Wins Merit Scholarship

EVANSTON, ILL (AP) — The National Merit Scholarship Corp. today announced the names of 23 Missouri high school seniors, to receive onetime nonrenewable $1,000 scholarships.

Today's listing was the second this year by the corporation. The first announcement was April 14 when winners of renewable scholarships were announced. A third announcement May 5 will include a list of college-sponsored four-year Merti Scholarships.

The list:

Peter M. Krentz, Clayton; Cynthia A. Lewis, Hickman High School, Columbia; Charles E. Wheeler, Hickman High School, Columbia; Gregory F. Borton, Hazelwood High School, Florissant; Sherry K. McGuire, Midway High School, Freeman; Carol J. Grant, Fulton; Mary L. Ramsey, Kirkwood High School, Glensdale; Stuart L. Bursten, Southwest High School, Kansas City; Carol J. Grider, South High School, Raytown; James Albert Moody, Southwest High School, Kansas City; Richard E. Monroe, Capitol Page School of Washington, D.C. Monett; John W. Head, Palmyra; Kenneth A. Cearlock, Perryville; Annis J. Hagee, Lafayette High School, St. Joseph; William H. Bayer, Horton Watkins High School, St. Louis; Deborah J. Danker, Lutheran High School, St. Louis; John A. M. Guernsey, Country Day, St. Louis; Lynn W. Paine, John Burroughs School, St. Louis; David J. Looney, Parkview High School, Springfield; William A. Renie, Parkview High School, Springfield; William A. Renie, Parkview High School, Springfield; Mark H. Greenberg, University City; Scott R. Portnoff, University City; and Allen H. Brill, Pembroke County Day, Weston.

HONORED FOR ACHIEVING ACADEMIC EXCELLENCE at the Education Day luncheon in Columbia were Miss Ellen Barovitz, of Hayti, and James Campbell, of Weaver, Ala.

Hayti Student Honored at M.U.

COLUMBIA — Miss Ellen Barkovitz of Hayti and James Campbell of Weaver, Ala., both seniors in the College of Education at the University of Missouri- Columbia named their most influential teachers at an Education Day luncheon.

Both students introduced teachers in their pasts who have been the most influential regarding the student's educational plan and objectives. Miss Barovitz named Dr. Ben Nelms, associate professor of education and Campbell selected Raymond Odor, instructor in education at the University Laboratory School.

In the banquet in the Memorial Union, Miss Barkovitz and Campbell were honored along with other students in education who have received scholarships, awards and and honors this past academic year. The two seniors were selected on the basis of scholarship, leadership and service to the College of Education as well as the field of education in general.

Miss Barovitz and Campbell were also among those honored for achieving academic excellence. This award is presented to students who maintain a 3.5 grade-point average or higher.

Other students recognized included those selected for Who's Who in American Colleges and Universities, LSV, Mortar Board and Mystical Seven, the latter all senior honoraries.

Outstanding service awards were presented to six Education students and 18 women students were recognized for membership in Fanfare for Fifty, an honorary of the Top 50 Women on Campus.

Education Day activities were planned by a joint faculty-student committee. A morning film festival, the noon awards luncheon and special sessions and meetings were held to present a wide range of topics of current interest in education.

House Agrees to Hand Leftover Bills to Speaker

JEFFERSON CITY (AP) — Despite complaints that it would give one man too much power, the Democratic controlled House has adopted a rule turning over all leftover bills at the end of this session to the speaker.

Some Democrats, at times more than a dozen, went along with Republican efforts to change the rule so the speaker would not have complete control.

The Senate earlier adopted a rule that in effect killed all leftover bills at the end of the session in odd-numbered years but the House tried to implement the intent of the constitutional amendment on annual sessions adopted last November by the voters.

Various unsuccessful amendments would have:

Required the speaker to rerefer leftover bills to committee on the first day or within five days of the opening of the session in even-numbered years.

Provide for re-referral by a bipartisan committee.

Kill all Senate bills but preserve House bills.

Under the final version the bills would automatically be turned over to the speaker at 11:59 p.m. June 15, the last day the legislature can act on bills in odd-numbered years.

That would get round the constitutional provision that at the end of the regular session all bills on the calendars would be tabled. It takes a two-thirds vote in either House to take up a bill once it has been tabled.

Democrats accused the Republicans of being dilatory with the string of amendments but they denied that.

The majority leader, Rep. Richard J. Rabbitt, D-St. Louis, warned members that with the extensive arguments on legislation House members should be prepared to work some nights next week and even through Friday, instead of quitting Thursday noon.

Wednesday the House killed a bill the sponsors said was wanted by a majority of the state's osteopathic physicians and surgeons.

It would have permitted an osteopath who wanted also to be a medical doctor to go to a medical school, and if the school agreed, get credit for the courses he took in a school of osteopathy.

Opponents said it was an effort to break the State Association of Osteopathic Physicians and Surgeons, an organization that last week went on record against the bill.

Sponsors said many osteopaths wanted to become M.D.'s because that would open up many more hospitals in which they could practice.

The vote was 20-86 on the bill.

Post Office Service Cuts Continue

CAPE GIRARDEAU--The first official word of Saturday window closings at area postoffices came from the office of Cape Girardeau Postmaster Russell J. Fowler today.

The change in Saturday window service, which had been rumored for some time, begins May 29 in all Cape Girardeau Sectional Center first, second and third class postoffices, Fowler said.

Beginning May 29, the Cape Girardeau Postoffice will offer call window service for one-hour period or adjusted as required to meet local needs for delivery of mail to postoffice box holders, he said.

The adjustment of window service will not affect delivery of mail by city and rural carriers, he pointed out. All carriers will continue to service their routes as they presently do. The only exception, he said, will be that money orders will be available on rural routes on weekdays.

The postmaster said other area postmasters of offices affected by the change will make their own specific announcements concerning the adjustment. These are offices at Altenburg, Benton, Chaffee, Delta, Frohna, Gordonville, Illmo, Jackson, Kelso, Lutesville, Marble Hill, Morley, Oak Ridge, Oran, Perkins, Perryville, Scott City, Sedgewickville, Vanduser, Whitewater and Zalma.

The offices at Advance and Bell City have been closed on Saturday for several weeks.

Window service at the Cape Girardeau Postoffice will continue unchanged from 8 a.m. to 4:30 p.m. on weekdays, the postmaster said. On Saturdays, call service for boxholders will be provided from 8 a.m. to 9 a.m.

He said the adjustment will in no way affect delivery or dispatch of mail. "City and rural carriers will continue to serve their routes and mail will leave Cape Girardeau on the same schedules and by the same dispatches as now used," he said.

The postoffice lobby here will be open 24 hours on Saturday, he pointed out, and stamps may be purchased from vending machines. There is a self-service postal unit on Campus drive, north of Academic Hall at State College, he said, and a contract station at Key Rexall Drug Store, Town Plaza Shopping Center, which will be open from 9 to noon on Saturdays.

"We intend to tailor our services to the needs of the community," he said. "Saturday is no longer a full business day for many firms. With our self-service postal unit and stamp vending machines, our call window service for boxholders and our contract station, we can provide adequate Saturday service to our customers," he stated.

Handling of Wallace Campaign Funds Probed for Tax Violations

WASHINGTON (AP) — The Justice Department, in a move that may spark a political storm, is probing possible income tax violations in the handling of campaign funds by close associates of Alabama Gov. George C. Wallace.

A federal grand jury, aided by two Justice Department experts, is to resume its secret investigation Thursday in Montgomery, Ala., after a two-week recess. Sources say indictments may be handed down soon.

Gerald Wallace, the governor's brother, and Seymore Trammell, Wallace's top financial aide until two years ago, are believed to be central figures in the probe. There has been no indication that Gov. Wallace is directly involved.

The grand jury is digging into campaign donations for Wallace's third-party run for President in 1968 and his late wife's election as governor in 1966.

The panel already has heard testimony that phony invoices were issued by an advertising agency to big campaign backers in the governor's race. The probe also focused on presidential race contributions from contractors doing business with the state.

A $25,000 donation from a school textbook supplier is reported to be among the campaign checks under investigation in the 1966 election.

The grand jury probe is also touching on the financial dealings of firms and people linked to state payments for building supplies, liquor sales pier facilities, government bonds and highway contracts.

Wallace, who carried five Southern states in the presidential race, has had no public comment on the investigation.

His brother, Gerald, all but confirmed his own involvement in the probe. Calling the tax investigation a political move, he said in a recent statement: "The only person that President Nixon fears in 1972 is George Wallace. The Nixon forces know they cannot get at George Wallace, so they are attacking his brother."

There has been no indication Gerald Wallace has been called before the grand jury. Trammel is expected to appear when the panel returns Thursday. He declined comment on the probe.

The Justice Department has sent both a top tax prosecutor and a campaign money expert to Montgomery to help guide the probe. And the federal attorney from Alabama assigned to the case flew to Washington for two days of private talks last week.

The grand jury could return tax fraud indictments if it finds advertising invoices were used by contributors to deduct campaign checks as business expenses on income tax returns.

Political contributions are not legally deductible. Federal law also forbids corporate donations to presidential races.

A Mobile, Ala., advertising executive, Charles O. Ditmars, who handled the 1966 campaign of Wallace's first wife, Lurleen, spent almost three hours before the jury when it began its secret sessions April 12.

A source said Ditmars testified he issued invoices "for professional services" to certain campaign donors at Trammell's request. Ditmars is expected to be a government witness if tax indictments are brought.

Various sources close to the grand jury say the investigation has also involved a wide range of state-related businesses:

TEXTBOOKS — Sources said the panel was told another invoice, not linked to Trammell, was issued by Ditmars in 1966 for two checks to his agency totaling $25,000 from Elton B. Stephens of Birmingham, president of EBSCO industries, Inc. The multimillion - dollar firm distributes virtually all of the state-purchased free textbooks to schools throughout Alabama.

DOCKS — Several former officials of the State Board of Docks, which runs the huge port at Mobile, have appeared before the jury for questioning about donations channeled into the 1968 presidential campaign from state contractors. Former docks director Houston Feaster refused comment when asked about reports that he declined to testify.

BOND ISSUES — One report indicated a prominent Alabama attorney on state-issued bonds has been questioned by govrnment investigators concerning whether two checks for five-figure sums given as fees to a former leader of the Alabama Legislature.

BUILDING SUPPLIES — A Montgomery businessman, Warner Mathis, whose firm supplies window frames, sashes and doors to builders, testified before the grand jury for two hours. Questions reportedly touched on a recent $30 million construction program for the state junior colleges.

LIQUOR SALES — One witness from a distillery in a northern state was called into the probe, apparently to be quizzed about an advertising invoice made out for a donation of more than $5,000 to the late Mrs. Wallace's race. In Alabama, the state runs package stores and handles the wholesale purchase of all liquor, including the drinks eventually sold at bars.

HIGHWAYS — The probe may have revived an old controversy from the first Wallace administration when the federal government threatened to take away a slice of highway aid because of fees that engineering firms were paying to local agents in letting contracts. A federal report said Trammell picked the engineering companies, and it quoted one firm as saying it hired its agent at Gerald Wallace's suggestion.

Bill Barring Tax on Insurance And Pension Benefits Passes

JEFFERSON CITY (AP)— A bill to prevent employes from having to pay state income tax on insurance or pension benefits deducted by their employers was passed by the Missouri Senate Thursday.

The vote sending it to the House was 29-0. The House has a similar bill pending.

Indignant taxpayers from all over the state wrote thousands of letters to their legislators when it became known the Department of Revenue planned to tax such deductions as income in line with a recent ruling by Atty. Gen. John C. Danforth.

But Revenue Director James E. Schaffner decided to suspend any such collection until the legislature had a chance to act on the question.

The state chamber of commerce and the state labor council, AFL-CIO, also decided to withold the filing of a suit pending legislative action. Employers objected to the new procedure because it would have cost them thousands of dollars in added bookkeeping costs.

There was no debate as the bill whisked through the Senate today.

Also passed were three bills in a package designed to protect policyholders from losses when automobile insurance companies go broke. but a fourth, described as the key bill in the series, had to be laid over when opposition developed.

It would set up a system of assessing all liability insurance companies to establish a fund to guarantee against losses when weak companies go bankrupt. One opponent described it as pure socialism.

Passed and sent to the governor were two of the liability insurance bills, designed to let the State Division of Insurance take over operations of financially shaky companies.

A third was sent back to the House for action on a Senate change. This measure would let the state superintendent of insurance ask the circuit court for an immediate order to freeze a weak company's assets before they could be dissipated.

Also sent to the governor was a bill requiring junk dealers to keep a record of copper wire or cable purchases — an attempt to halt widespread thefts of valuable copper wire.

The Senate killed, 16-14, a bill that would increase the membership of the State Board of Probation and parole from three to five members.

Sen. Edward T. Linehan, D-St. Louis, changed his vote to "no" at the last minute so he could seek reconsideration later. The bill would need 18 votes to pass.

One opponent charged the sole purpose of the bill was to get a black man on the parole board.

Other bills passed by the Senate would:

Allow minors to seek treatment for venereal diseases or drug abuse without consent of parent or guardian. It goes back to the House.

Authorize the Public Service Commission to set safety standards for railroad track, bridges and roadbeds. It also returns to the House.

Allow the director of state parks to grant easement for land in the Lake of the Ozarks State Park for underground cables of Southwestern Bell Telephone Co. It goes to the governor.

A measure was defeated by a vote of 16-9 to broaden the law covering unemployed trying to recover pay after being dismissed from a company.

The Senate settled down to passage of bills on the last day of the week's work after disposing of its congressional redistricting battle temporarily.

First in Cabinet

Robert C. Weaver, appointed secretary of the Department of Housing and Urban Development by President Lyndon B. Johnson in 1966, was the first Negro to serve in the U.S. Cabinet.

Younger Voter Referendum Ruled Unconstitutional

JEFFERSON CITY (AP)–It would be unconstitutional, Atty. Gen. John C. Danforth held Friday, to require that a ratification of the federal constitutional amendment on 18-year-old voting be subjected to approval of Missouri voters.

Earlier the Missouri Senate added such a referendum amendment to the ratification resolution and sent it back to the Senate Elections Committee. Sen. Ike Shelton, D-Lexington, said Thursday his committee would hold a further hearing on the resolution late Tuesday.

The attorney general bolstered his opinion on 1920 opinions of the U.S. Supreme Court that such referral of ratification proposals was unconstitutional.

Mothers Love A Gift From

The Lemon Tree

114 No. Main — Gift Boutique Downtown Cape

YOU'RE MOVING SILENTLY down stream on Six Flags' underground river. Suddenly your ears are filled with the thundering sound of Indian war drums. Just then, out of the darkness beside you, an Indian chief's skeleton appears. You watch, holding tight to the side of your boat as he paddles his skeleton canoe toward you. You're not dreaming. It's all part of Injun's Joe's Cave Ride at Six Flags Over Mid-America. The Midwest's newest and largest family entertainment center, will hold its Grand Opening June 5. The park is at the Allenton Road exit southwest of St. Louis on Interstate 44.

One Price Admission at Park

ST. LOUIS -- The one price admission concept developed by Six Flags entertainment centers will be preserved by the newest of the parks, Six Flags Over Mid-America, southwest of St. Louis on Interstate 44, when it opens June 5.

This one price concept means that a ticket holder pays but one time for a whole day at Six Flags. In other words, once he has purchased his admission ticket, he has purchased a whole day's enjoyment -- from 10 a.m. to 10 p.m. He may ride all the rides as many times as he wishes. He may see the attractions over and over again as many times as he likes. All this and everything else at Six Flags all for that single admission price. The only extras are food and souvenirs.

The original idea behind the one price at Six Flags was to allow guests a means of control over spending. The idea worked so well and visitors to Six Flags parks were so enthusiastic that it has become a fixture.

Police Baffled By Hit and Run Accident

CARUTHERSVILLE--John Davis, 19, of Caruthersville, is still in the Pemiscot County Memorial Hospital in Hayti after apparently being struck by an automobile on 7th Street, April 23.

Davis was found lying on the shoulder of the street following a two-car accident which occurred at 9:45 p.m. at the intersection of 7th Street and Fair Boulevard. No one knows who ran over the young man.

The accident involved a 1956 Oldsmobile driven north on Fair Boulevard by Victoria Porter, 61, of 702 Grand and a 1969 Oldsmobile driven south on Fair Boulevard by Otho Pierce Hinchey, 18, of South Ward.

Victoria Porter told police she was going north on Fair Boulevard and was turning east on 7th Street. "As I turned the impact came, and I don't know where the other car came from" she said.

Pierce told officers he was going south on Fair Boulevard when lights shined in his eyes. "I couldn't see anything and then the impact came," he reported. Pierce also told investigating officer Jess Johnson that after he got out of his car he saw John Davis lying on the shoulder of the street.

Davis, the hit-and-run victim, didn't tell officers anything about the accident, and he was taken to the Pemiscot County Memorial Hospital. Later, he told Hayti police that he didn't know who had hit him.

It was reported that Davis is suffering from a fractured leg and is expected to be released from the hospital soon.

Police Chief "Doc" Stone said that the case is under investigation. "We intend to question Davis concerning the incident as soon as possible," said the police chief, "and try to find out what car hit him."

Both drivers told police they didn't strike the young man and didn't see anyone run over him.

Coffee Corner

By Cherie

It is not "spring fever" because I've worked just as hard as I could, no I really think its probably just a bad case of senility, for everything I've done this week has had to be done over once and sometimes twice. And please don't tell me I'm too young to be senile because if thats so then I'm just plain crazy and I don't think I have the strength to cope with that right now! For instance, last night I know the boys toilet was stopped up and the water, when flushed, would rise to such an alarming level I'd almost have a heart attack, but after a hasty S.O.S. to the plumber and a quick reply — flushed beautifully - now don't you know that plumber thinks I'm kooks! Then, I let the hem out of a full, full skirted dress only to find when I'd gotten 90% around it the hem had been cut and I had to put the whole blame thing back in again right where it had been before — too short! I also hung a grouping of paintings over a divan on the patio only to step back and admire them and find that somebody had shoved the divan down and the whole grouping was tilt, so down everything came and then all had to be centered and rehung! I did a hand laundry and discovered after I had trooped to the basement trailing water after me like the creature from the black lagoon that when I tramped back upstairs I'd dropped a dress so I wasn't finished after all! I burned up a ham in the oven, no explanation! I hauled the hammock up from the basement in pieces, fought and struggled to get all the old rusty poles together again and voila — I put it together backwards! All of this I want you to know I accomplished in the small space of three hours — heavens, just think what I could have done in six hours and probably would have except I threw up my hands in despair, and crawling backwards into the backward hammock to make things come out right, I quit!!!

BAN ON BOYS

COLCHESTER, England (AP) — Boys have been banned from midnight sex film shows at an Essex movie theater — unless they are accompanied by girls.

The manager said the boys made too much noise shouting comments about love scenes, but he found that the girls kept them quiet.

Icy Water Helps Child Survive Near Drowning

LYNN, Mass. (AP) — Richard Sherry is alive and well. But it was a close call.

A neighbor found the 2-yearold son of Mr. and Mrs. Richard Sherry in a pond near his home Monday.

He was rushed to Lynn Hospital, but doctors could detect no pulse. The boy's breathing had stopped and his body temperature was 60.

Doctors applied mechanical resuscitation, inserted a breathing tube in the boy's throat and pressed rhythymically on the lower chest wall to restore Richard's heart beat.

Slowly, under a hypothermal blanket, his body temperature rose to 83 and he began breathing.

Tuesday morning, Richard was able to breath without mechanical aid and his body temperature had become normal.

By noon Tuesday, he was conscious and could recognize his parents.

Wednesday, he was eating ice cream and Thursday he left his crib.

Dr. Lawrence Helefield, a specialist in emergency medicine, said Friday the extremely cold water of the pond, 35 degrees, saved Richard's life.

"The boy's body was actually petrified by the cold water and as a result there was no damage to the brain," Helefield said.

Student Loan Meeting to Be Held at Bluff

JEFFERSON CITY (AP) — The U.S. Office of Education has assumed responsibility for administering the guaranteed loan program in Missouri at the request of Gov. Warren E. Hearnes.

The change, announced Saturday, becomes effective immediately.

Max M. Mills, regional director of the Department of Health, Education and Welfare at its Kansas City regional office, said in announcing the change, a series of six meetings will be held this week. The meetings are to explain details and procedures to officials of lending institutions and college financial aid officers.

Under the plan, Missouri students can obtain federally insured loans for higher education.

All six meetings will begin at 2 p.m. They are:

Kansas City — May 4, Commerce Bank.

St. Louis — May 4, Forest Park Community College.

Poplar Bluff—May 5, Rogers Theater.

Jefferson City—May 5, Hotel Governor ballroom.

Springfield — May 6, Southwest Missouri State College.

Kirksville— May 6, Northeast Missouri State College.

Genes May Play Important In Alcoholism

ANAHEIM, Calif. (AP)--Having genes of an alcoholic parent may be a more important factor in alcoholism than environment, says Dr. M. A. Shuckit, a psychiatrist at Washington University of St. Louis.

Schuckit said in an interview Thursday that his opinion is from a study of two groups totaling 98 persons, half-brothers or half-sisters of patients in a state hospital alcoholic ward. He is attending the National Council on Alcohol meeting here.

"Statistics show that in his small sample, having a real parents who was an alcoholic has a definite and more important influence on the development of alcoholism than being brought up by an alcoholic parent figure who is no blood kin," he said.

Schuckit said, however, that his findings do not mean environment is unimportant.

UNLOADING STEEL

BEARDSTOWN, Ill. (AP) — Steel from Mexico was unloaded from three river barges at this Illinois River port because locks on the Mississippi River at Winfield were being repaired.

The 4,000 tons of steel required the employment of 21 trucks to haul this shipment from the Logsdon docks operated by a sand and gravel firm to steel plants in Beardstown and Quincy, Ill.

Looking Back

Piano Recital Held at Canalou

50 Years Ago
May 5, 1921

Misses Margaret Harris and Irma Wilson returned from Columbia, Mo., Sunday morning. Miss Harris attended the University of Missouri the fall and winter term. Miss Wilson went to that city to be present at the graduation exercises of the university last Wednesday and to receive her degree.

Evert Crowe, son of the Rev. and Mrs. H. P. Crowe, arrived home last Sunday night from Columbia, Mo., where he had just graduated from the School of Commerce of the State University. Mr. Crowe was also during the past year a member of the varsity football and basketball teams. He will leave in a few days for St. Louis to take a position with Valier & Spies Milling Co.

Sikeston people were grieved to hear last Saturday that Mrs. Henry F. Emory, a former citizen and highly esteemed woman, had passed away at her home in Essex, Mo., at an early hour that morning. Among the survivors are two sisters, Mrs. Wm. Pharris and Mrs. Martha Pharris of Sikeston.

William Johnson Wilkey died at his home in Sikeston last Saturday morning after an illness of three years. In the spring of 1918 he was stricken with paralysis and never recovered from the effects of the stroke.

40 Years Ago
May 5, 1931

New Madrid – Louis Meier, son of Mr. and Mrs. Walter Meier of this city, and student, at present, at Birmingham Southern College, Birmingham, Ala., won the high jump in the track meet between Birmingham Southern and the University of Chattanooga. This is Meier's freshman year at college.

Armory, Miss. – In the presence of seveal hundred people here on May 2, Ralph (Dare Devil) Miller fell 60 feet head first while being drawn by a rope to the top of a 150-foot city tank to perform his favorite stunt of extracting himself from a strait-jacket while in mid-air. He is reported to be paralyzed from his waist down and attending physicians are skeptical of his recovery. Miller performed the "Death Drag" here recently on Malone avenue.

Sikestonians will be able to putter around on the Wee-Way or Miniature Golf Course beginning Wednesday evening, according to Tharon Stallings and William Miller, owners, who intend to hold their formal opening that night, weather permitting. It is ideally located on the large shady lot east of the Handy L. Smith home, corner Tanner and Kingshighway.

M. C. Cunningham of Sikeston was selected by the Desloge School Board at a special meeting held Tuesday night to be superintendent of the schools there for the ensuing year. The salary for this year has been placed at $3,000.

30 Years Ago
May 5, 1941

Charles Bedird, Missouri Utilities employe, sustained an injury to the right eye, when he was blinded by flying sparks while at work Tuesday afternoon. Dr. T. C. McClure treated the injury, which was not serious.

Mrs. G. W. Hahn, mother of Mrs. E. F. Mouser of Sikeston, died at her home in Fredericktown Thursday morning of a heart ailment, after a three-weeks illness. She was 82 years old and had been active until her recent illness.

Miss Kathryn Clark will present her class of piano pupils in Canalou in a recital Wednesday in the Woman's Community Clubhouse at Canalou. Those appearing on the program are: Iris Blankenship, Pearl Dean East, LaVerna Wilkening, Herbert and June Cathy, Junior and Janice Myers and Doris Geske.

Mr. and Mrs. Roy Duff of Sikeston are parents of a son born at Sikeston General Hospital Saturday.

A son was born to Mr. and Mrs. Ray Strickland last Thursday at the local hospital.

20 Years Ago
May 5, 1951

Jackson – William A. Heyde, 68, father of Mrs. Jack Yount of Sikeston, died yesterday in a St. Louis Hospital following an operation. He made his home here with the Yount family in recent months.

Old Mill B was put on the auction block today and soon this landmark will be torn down and be but a memory in the minds of many Sikestonians. The SEMO Salvage Co., purchased the lumber in the building bidding a successful $950. The building was owned by the city and the land will remain in the hands of the city. Non of the equipment was included in the purchase.

The Cooke Equipment Co., of St. Louis, dealers in Allis-Chalmers farm equipment and other machinery, has purchased a tract of land in the eastern part of the city, it was announced here today. H. Garwood Sharp, co-owner of the property said today that the St. Louis firm bought a site measuring 360 by 600 feet, east of the VFW Memorial Stadium on U.S. 60. It has been learned here that the equipment firm plans to erect an extensive repair shop for Allis Chalmer equipment.

In another transaction, Mr. Sharp said he has sold a five and a quarter acre tract to W. W. Lankford of Sikeston. Mr. Lankford said that he bought the property for future use, possibly a warehouse for cottonstorage.

F. A. "Al" Stepp, son of Dr. and Mrs. F. A. Stepp, celebrated his second birthday with a party at his home yesterday afternoon.

Lind Joann de Jarnette is the name selected for the baby daughter of Lt. and Mrs. John R. deJarnette, born this morning in Columbus, Ga., near Fort Benning, where he is stationed. Mrs. deJarnette is the former Miss Frances Ann Newsom.

Mr. and Mrs. Lloyd Garham of Caruthersville are parents of a baby girl born at the Delta Community Hospital on the fourth.

A daughter was born to Mr. and Mrs. J. B. Edwards of Catron yesterday.

The Central Tigers hung one on the Sikeston High Bulldog baseballers at VFW Memorial Stadium yesterday as they downed the locals, 11-1.

The Prayer
from
The Upper Room

We took sweet counsel together, and walked unto the house of God in company. (Psalm 55:14)

PRAYER: Teach me, O God, to rejoice in worshiping with Thy people, that I may receive all that Thou hast to give. Amen.

Deaths

ODIE LINCOLN

ADVANCE — Services for Odie C. Lincoln, 61, were Sunday at 2 p.m. at the Ward Funeral Home in Lutesville with the Rev. Milas Rhodes officiating

Burial was in the Plainview cemetery.

Lincoln, died Friday afternoon while enroute to a Cape Girardeau hospital. He had lived in the Lutesville area until about a year ago when he moved to Advance.

He was born July 10, 1909 in Bollinger County. His first wife died in 1965. On Feb. 9, 1970, he married Mrs. Ethel Proffer, who survives.

Other survivors include a daughter, Mrs. Naomi Dearing Kennett; two brothers, Claude Lincoln, Lutesville, and Charles Lincoln, Jackson; two sisters, Mrs. Nellie James, Advance, and Mrs. Beatrice Welker, Lutesville, and five grandchildren.

DAVID BRIGGS

Services for David Loren Briggs, 28, who died Tuesday, will be at 2 p.m. Thursday in the Nunnelee Funeral chapel with the Rev. T. A. McDonough, officiating. Burial will be in the Garden of Memories cemetery.

Pallbearers will be Eugene Walker, James Watson, Ronnie Watson, Byron Eddy, Phil Tidwell and Mike Rowell.

RANDAL EVANS

DEXTER— Randal Evans, 86, a well-known resident died of a cerebral hemorrhage at 2:15 a.m. Monday at Doctors Hospital in Poplar Bluff after a three-day illness.

A life-long resident of Stoddard County, he was born Dec. 4, 1884, near Dexter, Evans spent his childhood in the Dexter area and attended the Renner School. On Sept. 14, 1905, he married Zora Jarrell at Dexter. She died March 8, 1969.

Evans served as sheriff of Stoddard County from 1936 to 1940 and from 1944 to 1948. During World War II he served as a U.S. Ranger at Boulder City, Nev. He was a member of the Stoddard County selective service board during World War II.

Evans was well-known as a potter and operated Evans Pottery near Bloomfield. As a young man, he learned his trade from his grandfather, Thomas Simmeon, and he continued to work as a potter until his retirement in 1969.

Masonic rites were at the Chiles-Cooper Funeral Chapel at 8 p.m. Tuesday. E. Gene Estes, the District Deputy Grand Master of the Grand Lodge of Missouri, will officiate.

Services were at 2 p.m. today in the funeral chapel. The Rev. Cecil H. Hurt, pastor of Dr. Fry Memorial United Methodist Church in St. Louis, conducted the services and burial was in the Bloomfield cemetery.

Survivors include a son, Terrell Evans of Las Vegas, Nev.; two daughters, Mrs. Lucille Dossett of Magee, Miss., and Mrs. Lois A. Mooney of Bloomfield; seven great grandchildren; three sisters, Mrs. Lena Noland of Cape Girardeau, Mrs. Mollie Evans Garrison of Pocatello, Idaho, and Mrs. Amy Tucker of Bloomfield.

Elbert Sloan

Sloan Regional Officer

Elbert Sloan, 708 East Gladys, was appointed regional deputy grand master of council by members of the sixth Missouri region, at the 106th annual assembly of Royal and Select Masons at Springfield.

He is the recorder of El Camino Council 52 and the secretary of the Sikeston Masonic lodge.

He has served as grand master of the first veil of Royal Arch Masons of the grand chapter of Missouri.

Others attending the Springfield meeting from Sikeston were M.S. Gwinn, Walter Powell, Melvin Moyer, August Butler and Walter Rayburn.

Armed Forces

SAN ANTONION--Airman Richard G. Wiseman, son of Mr. and Mrs. Cecil C. Wiseman, star route, Dexter, Mo., has completed basic training at Lackland Air Force Base, Tex. He has been assigned to Fort Benjamin Harrison, Ind., for training as an information specialist. Airman Wiseman, a 1970 graduate of Dexter high school, attended Three Rivers Junior College in Poplar Bluff.

Robert Davis of Sikeston had a home leave, was promoted to sergeant and passed the general education development examination for his high school diploma. Sergeant Davis is the son of Mrs. Robert McNail. The McNails live at 137 Bynum.

During the winter, Davis was assigned as radio relay operator for maneuvers, Acid Test III. For excellence of duty performance he was awarded a certificate of achievement and was recommended for promotion to sergeant. Davis has been assigned to Alaska since March of 1970.

When Davis arrived back at his Alaska base he was informed that he had passed the GED examination that qualifies him for a high school diploma. He passed in the upper 10 per cent of his class. He plans to continue his education in communications and electronics after he finishes his enlistment.

NEW YORK (AP) — Bud Cort has been signed for a starring role opposite Ruth Gordon in Paramount Pictures' "Harold and Maude" which will be co-produced by Charles Mulvehill and Colin Higgins, it was announced recently by Robert Evans, Paramount's Senior Vice President in charge of world-wide production.

Cort includes among his screen credits "Brewster McCloud," "The Traveling Executioner" and "M A S H."

Townsend Teacher Of Year

PORTAGEVILLE— Last Friday the teachers of the First Church of God honored Pete Townsend as Teacher of the Year.

Townsend was born August 11, 1925 into a family of several children where love was shown. In early childhood the Townsends moved from Arkansas to Southeast Missouri. He was educated in our local school system.

At the age of 22 on August 7, 1947, Pete married the former Mildred Ray. Two sons were born of this union. This was a happy home but not a God-centered home. Then on June 10, 1962 Pete and Mildred experienced a second birth during a regular Sunday evening Service under the pastoral leadership of Grady Hogue. Hand in hand this couple walked down the aisle to an old fashioned altar of prayer. There they found God as their Saviour and Lord and dedicated their lives totally and completely to His service. The following Sunday they followed Christ's example by being baptized.

Almost immediately, Pete began work at jobs wherever needed. The first teaching experience was as an assistant to the pastor's wife. Upon the resignation of this pastor, the assistant became teacher. Then a calling was felt to work with children and upon resignation from the adult class, became teacher of a group of Primary boys. Later accepting a class of Junior boys and now has the 7th grade class.

Pete has held many positions in our church besides teaching. Among those: member of the Church Council, Building Committee, Board of Trustees, on the ushering staff, President of the Men's Brotherhood and now a member of the Nominating Committee and has served as custodian for six years.

During this time two daughters have been sent by God to join this wonderful family. They have been one of the most faithful and dedicated families in our Church.

The following sketch was prepared and read by Helen Dale. Then in closing Helen said, "Pete Townsend, tonight we honor you as Teacher of the Year. May God richly bless you in all your future endeavors and may your faithfulness continue as in the past!!"

Sales Tax Bill Offers Revenue Share to Cities

JEFFERSON CITY (AP) -- An attempt to make a sales tax bill which would share revenue with cities and counties a special order of business in the House began Thursday as St. Louis Mayor A. J. Cervantes met with Gov. Warren E. Hearnes.

Cervantes said his meeting with the governor – which lasted about an hour -- was pleasant and the governor was 'understanding of the problem."

The House bill, sponsored by Rep. Gene Mazzuca, D—St. Louis, would raise Missouri's sales tax from 3 cents to 5 cents on a dollar with the additional two cents rebated to cities and counties on a per capita basis. It was approved by House committee 7-2.

Cervantes, who is also president of the Missouri Municipal League, said he anticipates all mayors of Missouri will join in support of the effort to get the bill through this session.

Kansas City's newly - elected mayor, Dr. Charles B. Wheeler Jr., said that he plans to work closely with Cervantes.

Consumer Shares in Ad Benefits

OXFORD, Miss — The main goal of advertising, local or national, is to sell a new or improved product or service.

When his advertising succeeds, the merchant feels that he has created new wealth for the consumer as well as himself.

Some advertising debunkers argue otherwise. They claim that the new sales create waste. The debunkers overlook the fact that they are enthusiastic users of the new products which advertising has put on the mass market at low prices.

Perhaps a woman does enjoy the prestige of having a new automatic laundry in her home. On the other hand, the new equipment may relieve her of two full work days each week. In terms of money, this amounts to ten to twenty dollars per week -- an amount far exceeding the cost of the equipment. Where is the waste?

Or, we might go back to pre - advertising days. The candle was a quaint and romatic form of lighting, but it was far from cheap. It would cost 100 times as much to get an equal amount of light from candles as electricity provides in the modern home.

To some, air - conditioning may seem a wasteful luxury created by advertising. Yet production in cooled offices increases enough to pay for the cooling equipment. In churches, increased attendance and increased individual contributions more than pay for new cooling equipment. Even if we discount value in terms of human comfort, the new products still represent a material gain.

Human satisfactions, prettier women, more leisure, and healthier people are important side benefits of advertising which pays its own way in purely material gains.

Library Aid Checks Mailed

JEFFERSON CITY — Checks totaling $85,657 for fourth quarter payments of state aid to public libraries were mailed to public libraries today by the Missouri State Library.

The checks, going to 143 public libraries in the State, reflected a 15 per cent reduction in state expenditures ordered by the state comptroller in light of declining state revenue.

State aid funds, paid largely on the basis of the population served by the library, are for assistance to libraries in the purchase of books and for the provision of library services.

MEMBERS OF THE SIKESTON REACT team met last week to organize local club activities. The 10-member organization is under the leadership of Fire chief Dolph Webb. Members, from left, are Geneva F. Webb, Earl Sindle, Webb, Earl Cook, and Imogene Mays.

Recognition for Citizens Band Club

The recognition of the Bootheel Citizens Band Club of 405 West Malone, as an official Radio Emergency Associated Citizens Team has been announced by REACT National Headquarters in Chicago.

REACT is a community program to provide organized citizens two - way radio communications in emergencies. Sponsored nationally as a public service by General Motors research laboratories, REACT's objectives are to provide a supplementary system of radio communications and to promote correct and efficient use of citizens radio.

40,000 citizens are members of about 1,500 REACT teams in the United States and Canada.

Coordinating the Sikeston effort is Fire chief, Dolph Webb, Jr., who is president of the club. Webb said a headquarters monitor station will be in operation 24 hours a day for the purpose of relaying emergency messages to authorities.

"In many communities, citizens two - way radio has proved the difference between life and death", Webb pointed out. "From an accident scene on a remote country road, a citizen whose car is so equipped can instantly alert an ambulance, a doctor and a hospital staff. He can also save precious moments in disaster situations where emergency oxygen or a resuscitator is needed".

"Citizens radio has many other community uses as well as possibilities in event of national disaster," he added. "Through organized effort, we expect to utilize its potential more fully".

Citizens two - way radio was created by the Federal Communications Commission to satisfy a need for low - cost, two - way radio for personal and business communication. Today, any citizen over 18 may own a private citizens radio communications system once he has applied for and received his easily - obtained radio station license. There are no examinations required. The license may be obtained from the Federal Communications Commission.

Adaptable to a host of office, industrial, farm, home, automobile and leisure - time applications, these radios have a range of 10 to 30 miles depending upon geography and conditions.

Too Many Political Parties Plague Dutch

By Editorial Research Reports

ROTTERDAM -- When the Dutch go to the polls on April 28 the prime issue facing them on the ballot will be the proliferation of political parties. All told, the bewildered Dutch have 28 parties, 15 of which were represented in the last parliament. As no party has even a remote chance of winning a majority, the resulting coalition will have little to do with the people's will.

There are no fewer than five parties whose sole aim is to champion the interests of the retired and the elderly, claims the weekly ELSIVEER. Their goal is to increase the old-age pension which is about $35 a week for a married couple. There are five dissident farmer groups, two law -and- order parties, three separate Calvinist groups. And then there are the Kabouters (or gnomes) whose primary object seems to e to throw a spanner into the works and bring down the political system.

For good measure a splinter group, the Democratic Socialists '70, has joined the fray. The latest Dutch opinion polls show that on their first attempt the '70 group may gain as many as 14 of the 150 parliamentary seats With the Catholics and the Labor Party both likely to get over 30 seats each and the Communists, Liberals, Pacifists, Radical Socialists. Moderate Radicals, and Calvinists all struggling to retain their seats against the newcomers, it looks very much like a political orgy is in the making.

The writer Michel de Ghelderode once described a philosopher, Kwiebe-Kwibus, who lived in a city divided into 100 segregated districts. Each district had its own bell and belfry. The inhabitants of each district thought their bell was unique and could not be matched in tone. But Kwibus concluded that the locals, by dint of hearing only their own bell, "heard only one sound." The inability of the Dutch to hear bells other than their own has become characteristic of their policital predicament.

The Dutch system of proportional representation favors a multitude of parties, but such proliferation is self defeating. Political tribalism along religious or block interests might appeal to some detractors of the two-party system, but in reality it prevents political change. The fragmentation in Parliament has meant that over the past 50 years there have been no marked changes in the power structure in Holland.

The Dutch electorate had grown tired of the political infighting and the refusal of the coalitions to come to grips with the issues. With the smog from the oil refineries in Rotterdam as thick and smelly as ripe Gouda cheese, even pollution has become a political football.

Nobody wants to stick his neck out before the election, but with the Dutch trade deficit close to $500 million last year, economists are saying that workers will have to be content with a 2 to 2½ per cent annual rise in their real purchasing power. There is great concern about what will happen to the economy after July 1 when the present partial and highly insecure wage - freeze runs out.

And so the merry-go-round turns. The present coalition will lose its working majority and the patchwork solutions will continue. As for the Kabouters, they refuse to campaign seriously. They are out picking tulips. This elegant nonchalance won them 11 per cent of the votes in Amsterdam's municipal elections last summer. Such success comes only from a profoundly disgusted and cynical electorate.

Bell Citian Honorary Tops

COLUMBIA — Ernest Howard Hoosier, route one, Bell City, was one of 39 upperclassmen and graduate students at the University of Missouri to be named to Kappa Tau Alpha, national journalism society.

New members are in the top 10 per cent of the students in the school.

Train, Mobile Home Collide

SCOTT CITY— An estimated $4,500 damage was caused when a freight train and a mobile home collided Thursday. No one was injured.

The mobile home was being pulled by Walter H. Bolen, 58, of Memphis, Tenn. He was crossing the Cotton Belt railroad tracks on Louie street when the accident occurred, the highway patrol said.

Bolen, who was delivering the trailer to Rogers Mobile Home Sales, reported he was flagged by the owners of the trailer to cross the tracks and didn't see the train coming.

The train struck the rear of the mobile home, causing about $3,000 damage to the home and $1,500 to the locomotive.

The train was engineered by F. E. Welsh, 58, of Scott City. He told the patrol that he knew the mobile home would not have time to complete the crossing when he saw it pull onto the tracks, but it was too late to stop the train.

Deferments Authorized For Doctors

WASHINGTON (AP) — Draft Director Curtis W. Tarr announced today authorization of deferments for doctors whose services are essential to their communities.

Tarr said each state must still provide its share of medical personnel in a special draft of doctors to begin in July and continue through January 1972.

The Defense Department has issued a call for the drafting of 1,608 physicians, including 1,531 medical doctors and 77 osteopaths.

Tarr said local boards are being instructed to review immediately the cases of registrants for the doctor draft when they receive information concerning how essential they are to their communities.

Red Meat Output Climbs Sharply

WASHINGTON (AP) — The nation's output of red meat by federally inspected slaughter houses jumped to 649 million pounds last week, compared with 639 million the week before and 604 million a year earlier, the Agriculture Department reported Wednesday.

Cattle and lamb slaughter was down from the earlier period, but sharply larger hog supplies more than offset the declines. The Consumer and Marketing Service said that 1,866,000 hogs were reported slaughtered during the week ended April 24, compared with 1,761,000 a week earlier and 1,401,000 a year earlier.

Price Support on Milk up Sharply

WASHINGTON (AP) — The government bought an equivalent of seven billion pounds of milk during the year ending March 31 to help support dairy prices, says the Agriculture Department.

At a cost of $380 million, the purchases compared with 4.1 billion pounds of milk equivalent during the 1969-70 marketing year when the price support program cost $227 million, officials said.

Maturities on Bonds Extended

WASHINGTON (AP) -- The Treasury Department said Thursday maturities for older E and H savings bonds and Freedom Shares will be extended.

It said the action insures that the bonds will continue to draw interest regardless of when they were purchased

Two Spanish War Vets at Annual Meet

KANSAS CITY (AP) — Fred H. Grabbe, 85, commander of the United Spanish War Veterans of Missouri, observes that "we're just about at the end, I guess. You know, we can't recruit new members."

A retired police captain from St. Louis, Grabbe and Dr. William C. Crow, 92, of Hopkins, Mo., were the only two veterans on hand for the group's annual meeting over the weekend in Kansas City.

"I guess there are about 29 of us in Missouri," said Grabbe, "but most of them are in hospitals or nursing homes and they just can't make it."

However, Sunday night, Grabbe, accompanied by 30 members of the organization's auxiliary, held a memorial service for seven members of the two groups who have died since the last meeting.

"The auxiliary is made up of wives or daughters of Spanish American War veterans.

Grabbe enlisted in the Navy in 1898 at the age of 15 and served on a gunboat in the Philippines. He later re-enlisted to fight in World War I.

"I'm just doing my best to keep things together," he said, "until the commander in chief up above decides to take me away."

Horse Show Next Saturday

Big River Appaloosa Horse club will sponsor an Appaloosa Horse Show next Saturday, at the Jaycee Rodeo Grounds, with halter classes at 10 a.m. followed by youth classes and performance classes starting at 6 p.m.

Canalou

CANALOU — Mrs. Virginia Melton received her 50 year pin from the Morehouse chapter of the Eastern Star on April 20. Mrs. Ruby Blankenship received her 25 year pin at the same time.

Mrs. Guy Vines of Bloomfield, chairman of the Big Ridge Cemetery Committee, called a meeting for Sunday, May 2, at the home of a committee member, Mrs. ElmerGruen. Others on the Committee are: the Rev. Raymond Myrick, Roy Johnson and Phillip Newman. The purpose of the meeting was to plan the annual Memorial Service for the deceased loved ones who are at rest in the cemetery.

Leonard and his brother Ray Warren, came last week to help their mother, Mrs. Rhoda Warren, celebrate her birthday. Leonard lives in Laramie Wyoming, Ray lives in Quincy, Ill.

Mrs. Raymond Dial of Sikeston visited Thursday with her mother, Mrs. Rose Cannoy.

Mr. and Mrs. Ronnie Hewitt and Ronnie Lynn had as Sunday guests her parents, Mr. and Mrs. Oteby Lewis, of Portageville. In the afternoon the group visited with relatives in Dexter.

Mr. and Mrs. Jim Wilkening, Mr. and Mrs. Fred Lasters, Mr. and Mrs. Henry Cain, Mr. and Mrs. Earl Johnson, and Mr. and Mrs. Fred Boren were among those who attended the band concert in Matthews on Thursday of last week.

Mr. and Mrs. James Bixler of Bloomington, Illinois, were weekend guests of his parents, Mr. and Mrs. Roy Bixler.

Mrs. Ruby Peevyhouse of Charleston is visiting this week with her mother, Mrs. C. M. Pointer, and sister and husband, Mr. and Mrs.N. G. Hewitt, and brother and family, Mr. and Mrs. Ernest Pointer and Randy.

Mrs. Florence Poe of Charleston visited Thursday with her sister, Mrs. Dora Phillips.

Mr. and Mrs. Willard Cude spent the weekend in Memphis, where her mother, Mrs. Coy Richardson, is a hospital patient. Their children, Angela and Brad, spent the weekend with friends, Mr. and Mrs. Charles Joyce and Steve.

Mr. and Mrs. Dale Geske took a drive Sunday afternoon to Eleven Point to view the beautiful spring scenery.

Mrs. Nelson Gruen and Mrs. Elmer Gruen attended the Scott Central "Sing Out" group at the West End Baptist church in Sikeston on Sunday afternoon. They also enjoyed the singing of the Junior Choir of the church.

Mr. and Mrs. C. C. Blankenship visited Saturday and Sunday in Bloomfield with her sister and husband, Mr. and Mrs. Gene Hessling.

Mrs. Vernon Walker is in Blytheville this week with her mother, Mrs. Della Beck, who was recently discharged from a hospital. Mrs. Walker's brother - in - law, H. A. Parr, is now in the hospital following a heart attack. Walker and granddaughter, Miss Lisa Wells, accompanied her to Blytheville then returned home. They were Sunday guests of his daughter and family, Mr. and Mrs. Jim Duke and children in Sikeston, and supper guests of another daughter, Mrs. Fred Lasters and family.

Mrs. Louise Muffett Mose of E. Chicago has moved into the property which belonged to her late parents, Mr. and Mrs. Ernest Muffett. Her sister, mrs. Glendora Powers and daughter, Miss Sue, will live with her while building a new house.Another sister, Mrs. Burma Metros and sons, Ricky and Mike, have purchased the property of Mr. and Mrs. Elmer Gruen. They will be moving here by the first of June. Welcome home to all of the Muffett girls.

Mrs. Louise Mose, Mrs. Burma Metros, and Mrs. Elmer Gruen visited Wednesday afternoon with Mrs. Phillip Newman near Sikeston. They also attended the "Sing Out" assembly program at Scott Central High School.

Eugene Gruen, who is stationed in Fort Bragg, N. C. arrived Thurs. for a visit with his parents, Mr. and Mrs. Nelson Gruen, and sister, Miss Mary Ann, of Poplar Bluff.

The cerebellum, a part of the brain, regulates posture, balance and movement.

memo to advertisers

CRYSTAL BALLS JUST DON'T SEEM TO GRAB US

We read a good deal about advertising research and are frequently reminded of some mystical incantation—figures mysteriously projected, multiplied, divided, contorted to form a supposedly attractive story.

What ever happened to the good old how-many-copies-were-really-sold counts? That's the kind of stuff advertising rates are based on!

And it's just for that reason we have a no-nonsense, no-mystery ABC audit report of our circulation audience.

If you aren't strong on crystal balls either, just ask to see a copy of our latest report from the Audit Bureau of Circulations.

Be ABC-sure!

THE DAILY STANDARD

The Audit Bureau of Circulations is a self-regulatory association of over 4,000 advertisers, advertising agencies, and publishers, and is recognized as a bureau of standards for the print media industry.

AUDITED PAID CIRCULATION ABC

Industrial Prospects In Dexter

DEXTER— Dexter's industrial activity continues to move at a fast pace with several prospects considered "hot" right now.

The industrial development committee of the Dexter Chamber of Commerce is headed by Don Evans local car dealer, who stated that the activity as of late has increased. There have been several good prospects that have definite interests in Dexter as a site for their industry. Evans also stated that most of the prospects come from the Missouri Department of Commerce and Industrial Development in Jefferson City and the two railroads that serve Dexter. They generally arrive here and the only thing we know about them are their requirements as for as acreage type of building, water, sewer, electricity and gas. All we know about them as far as their name is a number. They are screened as far as to what kind of company they are financially and otherwise by the staff at CID and by the railroads. They want to keep their name confidential so as not to let their competition know their future plans and also from keeping communities they have no interest in from "bugging" them.

Evans also stated that, "We are "hungry" for new industry, and we make no secret that we generally are looking for industry that employs men, as we feel that's the biggest need at the present time and that's the type we're really trying to go out and get."

The industrial committee just completed a new "industrial package" to be sent to prospective industries, entitled "We Want You in Dexter, Missouri". It has a colorful cover with a picture of Uncle Sam pointing out the "We Want You", the same as used for many years in Army recruiting posters.

Bob Robins, President of the Chamber of Commerce, who works closely with Evans and his committee said "I believe our chances of a new industry are brighter now than they have been for the last several months due to the upsurge of the economy. I am very optimistic."

Cape Park Superintendent Wins Praise

JEFFERSON CITY— Director of Missouri State Parks, Joseph Jaeger, Jr., gave praise to Trail of Tears State Park Superintendent Jim Mullins as a nominee for the park board's superintendent of the year award.

Jaeger noted that Mullins was chosen from nearly 40 superintendents from throughout the state. The nominees are chosen by the Park Board's administrative personnel on the basis of their work, attitude, and cooperation.

The winner announced at a banquet at Lake of the Ozarks State Park is Kenneth Apperson, superintendent of Roaring River State Park near Cassville. Apperson, a native of Camden County, was also last year's winner.

Jaeger noted, "The selection of the Superintendent of the Year Award is not an easy decision. Mullins represents the dedication necessary to develop and maintain state parks at their best."

Dexter Firm Distributor

DEXTER— Lewis Rogers Construction Co., Inc., was named today as area distributor for Thermlok Buildings System, an insulated system for constructing cold storage buildings, by Stran-Steel Corporation, Houston.

The company is the area Stran-Steel franchised builder. Stran is a subsidiary of National Steel Corporation.

BOWIE KNIFE

WASHINGTON, Ark. (AP) — This small town in Southwest Arkansas bills itself as the home of the famed "Bowie Knife", sometimes called the "Arkansas Toothpick."

The town advertises that in November of 1831 Jim Bowie employed a wilderness silversmith by the name of James Black of Washington to make him a knife that would be a better fighting weapon than anything then existing.

Black, as the story goes, made the knife as ordered, then made another for his own. Bowie chose Black's knife and the weapon became known as the Bowie Knife.

Political Ambitions May Color Legislative Term

JEFFERSON CITY (AP) — The political ambitions of some members of the legislature could color the record of this legislative session.

A substantial number already have tossed their hats in to the political ring or are listening to the echoes from speculation.

And a man seeking higher office is always the target of special interests that can produce votes or campaign money.

On the Senate side, an avowed maverick already has filed for the Democratic nomination for governor. He is Sen. Earl R. Blackwell, D-Hillsboro, who successfully led the referendum fight against higher taxes a year ago and declares he will do the same on any tax increase passed this session.

Sen. William S. Morris, another Democrat and a good friend of Gov. Warren E. Hearnes, also is seeking to succeed Hearnes. Morris is presiding officer of the Senate.

Sen. Donald Manford, D-Kansas City, has not publicly scotched reports he wants to run for governor. Perhaps his ear is close to the ground.

Sen. Robert A. Young, D-St. Louis, has an eye on the race for Congress in the 1st District if the black majority there can be reduced by a redistricting bill.

As approved by the Senate last week the district would be more acceptable to him and less acceptable to the incumbent congressman, William L. Clay, a Democrat also. Clay is serving his second term as Missouri's first Negro congressman.

On the House side, Speaker James E. Godfrey, D-St. Louis, announced he will file for lieutenant governor. He said he is uniquely qualified for the office because of his years of presiding over the House as speaker.

But another House Democrat, Rep. Jack J. Schramm, D-University City, already has filed for lieutenant governor. Both Schramm and Godfrey are attorneys.

Another House attorney, Rep. James E. Spain, D-Bloomfield, has announced for attorney general.

Veteran Rep. R. J. King, R-Clayton, has filed for governor on the Republican ticket. He says it is time to straighten out Missouri's government after a quarter century of mismanagement by the Democrats.

And Rep. George Parker, R-Columbia, has filed for treasurer on the Republican ticket. He is a retired Air Force officer.

With Godfrey leaving the speaker's office there's a contest for that position that many Missourians consider the second most powerful in the state.

Majority leader Richard J. Rabbitt, D-St. Louis, and Speaker pro tem Patrick J. Hickey, D-St. Ann, both have expressed interest in moving into the speaker's quarters.

Trouble is their districts have not yet been aligned under the 1970 census, they don't know positively they will be re-elected or even that the Democrats will be in the majority in 1973.

But in all these cases these legislators will have to listen to the complaints and demands of a lot more Missourians than just their constituents in their

Primary Care Unattainable in Parts of State

ST. LOUIS (AP)–The goal of being able to obtain primary health service within one hour is unattainable in many parts of Missouri, the governor's advisory council on comprehen-health planning said Thursday.

"In many areas, and in some entire regions, ambulance service is virtually inaccessible; emergency cases suffer heavily, often requiring transportation as far as 80 miles," the report said, released after a 20-month study.

Dr. Robert Kelley, chaiman, said a task force studied the state's health problems and formulated a model which area medical planners could use to evaluate their own systems and determine needs.

The council was formed after the federal government called on each state to provide comprehensive health planning. Missouri was divided into 20 health service areas but planning agencies have been set up in only eight of them, a council spokesman said.

The council's evaluation model has been used in the Springfield and Kansas City areas to help planners in determining health needs and apply for federal funds.

statewide office in his sights he has to listen to the protests and demands of the whole state.

That could, of course, color his legislative actions.

Turtle Soup

The diamond-back terrapin is the turtle most widely used for the famous turtle soup. So succulent is its flesh that both have paid almost $100 a dozen for the terrapins.

Salvation Army on Job in Illinois

THOMSONVILLE, Ill. - Tornado - The Salvation Army was on the job within minutes after the disaster took place.

Two mobile canteens were dispatched from St. Louis and are serving food, coffee etc. around the clock.

Salvation Army personnel from St. Louis, West Frankfort, Centralia, Cape Girardeau, assisted by volunteer workers have set up a distribution center for food, clothing and shelter and will remain until the emergency is over.

Contributions for Tornado Relief may be sent to 2827 Clark Ave. St. Louis, Missouri 63103.

Five Fined on Driving Charges

EAST PRAIRIE - Fines of $25 each were levied against Kathryn Jones, James T. Johnson and Bill Mays in city court on charges of careless and improper driving.

Manual H. Gillian forfeited a $25 bond on a charge of fighting in the streets.

Judge J. Marvin Bryan assessed Trent Reynolds a $25 fine for having open beer in his possession.

A charge of public intoxication brought $20 fines to Vermont Lynch and Gaine Eswa.

Marilyn Easter paid a $25 fine for careless and reckless driving and Walter McCormack was fined $10 for running a stop sign.

Medicinal Gems

Gems valued at 40,000 ducats pulverized into a medicine were said to have been taken by Pope Clement VII before he died in 1534, according to Encyclopaedia Britannica.

Bird Sizes

Ostriches, the largest living birds, average about 150 pounds (the greatest weight attained is about 300 pounds) while the smallest hummingbird weighs only one-tenth ounce.

Finch Urges Rule of Law

CAPE GIRARDEAU– A rededication to the rule of law and a recognition of the importance of change through legal procedure is the basic purpose of Law Day, Judge James A. Finch said Saturday at the State College's annual observance of Law Day.

Judge Finch, who will become chief justice of the Missouri Supreme Court, July 1, told the group gathered in Rose Theater of the Language Arts Building that there must be a recognition of the importance of changing those things which ought to be changed through legal procedures on the basis of informed and reasoned judgment.

His talk, open to the student body, faculty of the college and the general public, was followed by a luncheon at the college for senior prelaw students, local attorneys and some faculty members.

"Channel Change Through Law and Reason", the theme for Law Day this year, which is officially Saturday, sums up the basic purpose for which the annual celebration of such a day was first proclaimed by President Eisenhower in 1958, Judge Finch said.

He said society is subject to very strong forces for change, the most powerful of which today is probably modern technology. Technological changes produced in the lifetimes of generations now living is greater than for all previous generations of man combined, and these developments will accelerate in the future rather than decrease.

Accompanied by and largely induced by these technological changes and their influence has been the great growth in population with accompanying shifts in industrialization, an exodus from the farms to the cities, and concentration of population in hurge urband centers, and resulting detrimental effects such as pollution and health hazards, he added.

Other pressures for social change are ones resulting from things with which we are familiar – the involvement in Indo-China, the Middle East, nuclear armaments, civil rights, the rising crime rate, the use and control of drugs, inflation and numerous other problems.

"These forces for change all create pressures on law and government," the jurist noted. To meet the challenge of social change, the law must be both stable and flexible. If we are to continue to realize the benefits of technological advance accompanied by peaceful social change, and to avoid the destructive consequences of uncontrolled change, we must respect the dual aspect of the law. The values of stability must be secure, but the law cannot be static."

He cited these pressures for change being felt in the court systems of this country today, especially in the criminal law field where balancing of individual rights with those of the public is often difficult.

However, something is being done to develop solutions. The judge cited:

* Studies have been undertaken to improve and expedite the handling of the business of the courts.

* A school to train court administrators has been established and is in operation.

* Schools and seminars to train trial and appellate judges to improve their work are being held on an increasing scale.

* Utilization of technology to docket cases, retrieve information and to expedite the availability of transcrips of evidence for use of the courts is being explored.

He said that this need for greater speed in disposition of cases and remedies for new problems presented should not be confused with pressures which in reality constitute attacks on the entire system of jurisprudence. "We have witnessed attacks in highly publicized cases which are essential that such efforts be controlled, I believe that this can and will be done."

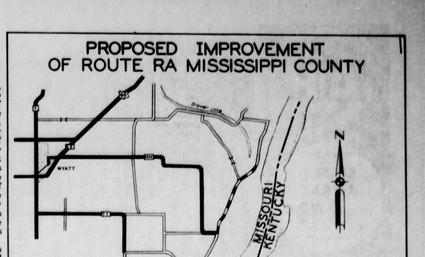
"I feel sure that we can utilize modern technology and make improvements or changes in our procedures and that we can expedite and improve the administration of justice," he added.

"This process of choosing what is to be retained and what is to be changed is ultimately the responsibility of the general public in a free society through procedures for making those choices established by law. In determining those questions the theme of this Law Day suggest that the decision should be made by utilizing the process which the legal profession uses in determining litigated issues," Judge Finch explained.

That procedure is first, determine what are the facts, and second, what are the necessary or likely results which follow, he said.

"In a free society the public, speaking through a majority, decide what the law ought to be — and what it will be. In making these decisions, it is vital that the people act as the result of reasoned judgment — not the result of whim or emotion or the harangue of a demagogue," he stressed. "After determining the facts, the decision should be made by utilizing both intelligence and experience."

Addressing the "citizens and voters and probably leaders of the very near future," he concluded, "you have the wisdom and foresight to retain and support that which should be kept and that you will have the will and the ability to change that which ought to be changed."



Route RA Location Approved

The Missouri State Highway Commission has given final approval of location and design for route RA, Mississippi county.

The action followed advertisement for a public hearing on the improvement. The proposed hearing was not held as no one representing the general public attended.

The commission found that the recommended location and design would best serve the interests of the public.

W. H. Shaw, district engineer for the Missouri State Highway Department, said the proposed improvement extends from route HH east of Wyatt northeasterly 2 miles along the banquette of the levee to the Joseph Hunter Moore River access. The purpose of the improvement is part of the commission's plan to spend $1,000,000 annually for the purchase of right-of-way, construction, and maintenance of access roads to recreational areas.

The design of the project will be completed followed by right-of-way acquisition. The improvement will then be placed under construction subject to the availability of funds.

Science In Your Life

DON'T LOOK NOW, but it may be germ against germ in a battle for control of the food in your refrigerator, P. A. Whitman and R. T. Marshall of our department of food science and nutrition have found and removed bacteria - killing cells (known as phages) from refrigerated foods. These phages often are capable of destroying the desirable bacteria that provide the good characteristics of cultured dairy products.

They also have found bacteria and phages in the refrigerated foods in which the roles were reversed. That is, the bacteria were the kinds to cause food to spoil and the phages, in destroying the bacteria, apparently were preventing the food spoilage. "These phage - bacteria systems may significantly influence the shelf life ofour refrigerated food products," the UMC scientists report.

-o-

Entirely separate from any moral or legal aspects of marijuana, it is extremely difficult to decide about the physical safety. Close on a government study commission report that marijuana did not cause serious illness, results from a five year study suggest that this is not correct.

Dr. Harold Kolansky and William T. Moore of the Philadelphia Association for Psychoanalysis said none of their subjects had showed a tendency to mental illness prior to the use of marijuana. By the end of the study, the patients consistently showed poor social judgement, confusion, anxiety, depression, indifference, and slurred speech. Some were unable to organize their thoughts, suspicious of others, sexually promiscuous, and indifferent to personal cleanliness, grooming, and study or work habits.

A few patients who smoked marijuana four to five times weekly for many months suffered staggering gait, hand tremors, and errors in perception which caused such problems as overshooting exits on turnpikes.

In their report in the Journal of the American Medical Association, the doctors point out that marijuana is particularly harmful to adolescents. It accentuates the disturbing factors in body development and normal psychological conflicts which the adolescent is struggling to control.

-o-

If yours is one of the communities which has an osteopath and no MD or has as many osteopaths as MDs, you should not be surprised. Missouri is the home of osteopathy and has two of the five training schools in the country. We have the largest number of osteopathic physicians per capita in the U.S.

The nation's first school of osteopathy was started by Andrew T. Still at Kirksville in 1892. About one in five physicians in the state is an osteopath, and osteopaths outnumber the MDs in many of the rural areas.

Nevertheless, the MD apparently is the doctor of preference for a majority of Missouri families. When Edward W. Hassinger and others in the UMC department of rural sociology asked Missouri families "does it make any difference to you if your doctor is a medical doctor or an osteopath?" the response was yes 70 percent of the time. Of those answers, only 1.7 percent preferred the osteopath. The others specified MD.

More than a fourth of the people responding in the study did not have a preference.

-o-

In areas where there are few supersonic flights, you don't have much cause to worry about super booms. However, there are such things.

When a supersonic aircraft makes a turn, the shock wave that causes a sonic boom is concentrated, that is, focused on a certain area. All of the energy in the shock wave that would normally be spread over several miles is concentrated on that single spot. This intesified boom can cause far more discomfort than an ordinary sonic boom.

H. F. Ribner of the University of Toronto has developed a maneuver for pilots of supersonic aircraft that he says will eliminate the super boom. By coordinating the rate of turn with slowing the plane in a specified manner, the concentration of the shock waves can be greatly reduced and possibly eliminated. So complex are these factors, that he suggests the maneuver would be accomplished best by an on-board computer linked to the plane's controls.

A WICKED LOOKING INDIAN appears out of the darkness. You turn and watch horrified as he stabs old Muff Potter with his long hunting knife. Where else but Injun Joe's Cave Ride in the new Six Flags Over Mid-America family entertainment center. The 200-acre park, scheduled to open June 5, is southwest of St. Louis at the Allenton Road exit on Interstate 44.

Clean-Up Begins at New Park

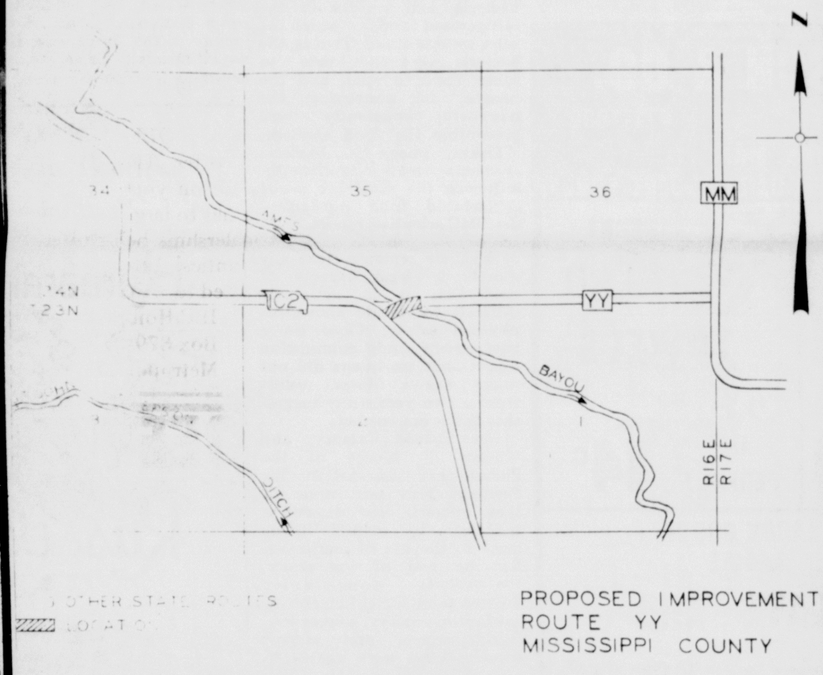
ST. LOUIS -- Clean-up operations are beginning at the Midwest's newest and largest family entertainment center southwest of St. Louis.

Six Flags over Mid-America work crews are turning their attention toward making the park ready for the public while construction workers add finishing touches to the 200-acre park.

Paved streets are hosed down to shed last winter's coat of dirt and grime. A countless variety of heavy equipment has left the streets cracked and gouged full of holes. The cratered pavement hardly gets a chance to dry before it is smothered with a fresh coat of blacktop and the clean-up goes on.

Souvenir shops and restaurants are cleaned and made ready. Shelves are installed and floors are swept while outside the workmen continue their clean -up. One day a little gift shop stands empty. The next day it's alive with activity. Its shelves are stacked high with stuffed animals. Its rows of sectioned bins are loaded to the brim with trinkets in every shape and size.

Everything must be readied for Six Flags' Grand Opening, June 5.



Mississippi County Route Location Approved

The Missouri State Highway Commission gave tentative approval for the location of route YY in Mississippi county.

The action followed a review by the commission of the location recommended in the reconnaissance study of the proposed improvement.

The improvement along or near route YY from Route 102 east two-tenths of a mile will include a bridge over St. James Bayou.

W. H. Shaw, district engineer for the highway department, stated preliminary design details will be completed followed by advertisement for a public hearing. The location and preliminary design details will be presented to the public at the hearing.

Vietnam Veterans Treated 'Shabbily'

By Editorial Research Reports

MINNEAPOLIS -- Paul Glasby, 23, of Cannon Falls, Minn., was wounded in Ashau Valley, Vietnam, May 23, 1969, and his leg had to be amputated. "Better a limb than my life," he told Editorial Research Reports as he was being fed intravenously in the Minneapolis Veterans Hospital.

Glasby has had four different artificial limbs, but what 's left of his leg keeps on giving him trouble. He is not bitter. "I don't think it will slow me up if I get a good prosthesis," he said. A roofing specialist before he was drafted, Glasby now wants to go back and get a college education. The most difficult thing for him is to keep his spirits up. As another vet told Harper's magazine, "If you let it get at you, you sink. So you get on with what you have left."

Glasby is but one of approximately 298,000 Americans who have been wounded in the Vietnam war. Some of these have come home with neuropsychiatric problems. A full third of the admissions to the Veterans Administration hospitals each month fall in this category. Part of this undoubtedly is due to the fact that these veterans have not found a place in society and feel rejected, says Dr. Arthur Bradley, chief psychiatrist in the Minneapolis hospital.

One out of every ten veterans wounded in Vietnam was hit so badly he would have died in previous years. The result is an increase in the number of seriously disabled now crowding the 166 separate institutions which form the Veterans Administration complex.

The staff at the VA hospital in Minneapolis appears extraordinarily dedicated and involved. The nurses were making a tremendous effort to see things from the viewpoint of the vets and for many this was proving to be a traumatic experience. The Vietnam wounded are much less compliant than the hospitalized of World War II. They feel they have the right to know about things which affect them, and they want to have a voice in their treatment. They want to hear the verdict directly from the physician, not from nurses. They resent spoon-fed half-truths.

Unless the hospital rules "make sense" the Vietnam vet will neither accept nor obey them. Instead, he is likely to feel that such rules are imposed simply to "put him down." Emphasis now is on individualized treatment. Sensitivity training sessions, encounter groups, and interaction between staff and patients are regarded as vital.

No known process has yet been found to "decondition" a fighting man. Public rejection, however, makes a return to normalcy that much more difficult for the wounded. Among the disabled, the unemployment rate is estimated to be higher than 25 per cent. "No one gives a damn that you were wounded in Vietnam," one vet complained. Disillusionment soon turns to despair as the disabled seek work and can't find it.

Dr. Bradley believes that many of the wounded are so alienated that they even refuse to admit that they were veterans. "If someone asks them about their missing limbs or their scars they claim they were involved in an automobile accident." The result is that many of the veterans are "turning off" -- retreating within themselves because they are incapable of being psychologically or physically involved with the outer world.

"This nation has special obligations and indebtedness to this group of Americans," Secretary of Labor James D. Hodgson has declared. There is little doubt, adds Dr. Bradley, that these veterans have "been treated more shabbily than any veterans in the history of our country."

Conviction of Investment Firm Officers Upheld

ST. LOUIS (AP)--The U.S. 8th Circuit Court of Appeals upheld the conviction of five officers and former officers of the Presidential Investment Co., Thursday.

They were sentenced in U.S. District Court on March 9, 1968 to prison terms from five to 10 years.

Found guilty of mail fraud and violations of the federal security act were former company presidents Sidney F. Porter and Carl F. Newland; John M. Harrison, executive vice president; Henry Harrison, secretary- treasurer, and John R. Schaeffer, public relations officer.

The convictions involved promotion of a scheme to sell securities through misleading and false statements.

Henry Doesn't Agree with Jane Fonda's Methods

HOLLYWOOD (AP)--Henry Fonda says he's proud of his daughter, Jane's activist work but doesn't agree with all her methods.

"It's a sincere involvement, and she's totally dedicated," the 65-year-old actor said of his 33-year-old actress-daughter. "I don't think it's necessary to overthrow the government to achieve some of the things she's after."

"For Jane to be such an activist that she clenches her fist and puts it up and says, "I'm a revolutionary," she's turning a great many people off," he said Thursday in an interview.

ACQUITTED — A military jury has acquitted Capt. Eugene M. Kotouc of maiming a Viet Cong suspect during an interrogation after the 1968 May Lai assault. Kotouc, 37, of Humboldt, Neb. testified that he accidentally cut off the tip of the prisoner's little finger while threatening him with a hunting knife.

Q—What is the greatest number of clergymen to sit in the U.S. Congress at one time?

A—The most at one time was in 1960, when four Protestants made the grade.

Q—In the U.S. space program which was the most accurate splashdown?

A—That of Gemini 9 on June 6, 1966, only 769 yards from the USS Wasp.

Q—In what way are birds unlike any other member of the animal kingdom?

A—Of all forms of animal life on this earth, birds and only birds have feathers. All birds possess them.

Q—How do water birds maintain a stationary position when sleeping?

A—Sleeping water birds paddle with one foot, thus propelling themselves in a circle.

Q—How long does a date palm bear fruit?

A—A single tree produces from 100 to 600 pounds of fruit a year, and may bear for 100 years.

Q—Which is the largest single brewing plant in the world?

A—The brewery of Anheuser-Busch Inc. in St. Louis, Mo. The plant covers 66 acres.

Q—What former president of the Irish Free State was a native of New York City?

A—Eamon De Valera, born in New York City of a Spanish father and an Irish mother. He was president of the Irish Free State from 1932 to 1937.

Q—How does a beaver actually comb its fur?

A—The toes of a beaver are webbed and end in strong claws. Two claws on each foot are split. The beaver uses these split claws to comb its fur.

Q—What honor is accorded a nation upon joining the United Nations?

A—Its banner is displayed in a central position above the others for the first day.

William Lloyd Garrison began publishing the "Liberator," an abolitionist newspaper, in Boston Jan. 1, 1831, The World Almanac recalls. Garrison wrote editorials in the Liberator demanding the immediate abolition of slavery in the United States and denouncing slaveholding as a crime.

2—Card Of Thanks

We wish to express our sincere gratitude for all the kindness and courtesies extended to us at the passing of our loving son, Vernon Durbin, and to thank those who sent lovely flowers and thoughtful gifts of food. We appreciate the kindness of Rev. Bob Williamson and the choir of the Hayward, Baptist church. We would also like to thank the DeLisle Funeral Home. In memory of our love one, Frank and Hazel Durbin and Family.

The family of Katherine Maddox would like to express their appreciation to everyone who showed their sympathy for our loss by sending food and flowers and to the Nunnelee Funeral Home for their service and kindness. We especially appreciate the kindness and consoling words of Father Wallace Ellinger, Father Seyer, Sister Agnes, and Sister Angela of the Immaculate Conception Church in New Madrid. In memory of our loved one —

The family of Katherine Maddox

Public Notice

NOTICE TO CONTRACTORS

Notice is hereby given that sealed bids will be received at the office of the City Clerk, in Sikeston, Missouri, until 7:30 P.M., June 7, 1971, for the furnishing of the materials, equipment, labor, costs, and construction of the following items; in accordance with the plans and specifications on file in the offices of the City Administrative Building, Viz:

ITEM 1: One and one-half inch hotmix asphaltic pavement on six inch soil cement base constructed to insure surface drainage on Petty Street from Compress Road to Maude Street.

ITEM 2: One and one-half inch hotmix asphaltic pavement on six inch soil cement base constructed to insure surface drainage on Alabama Street from Washington Street to Compress Road.

ITEM 3: One and one-half inch hotmix asphaltic pavement on six inch soil cement base constructed to insure surface drainage on Washington Street from Westgate Street to Alabama Street.

Copies of the plans and specifications are available to bidders and may be obtained from the City Clerk upon payment of two dollars ($2.00) for each set of plans. Successful bidder shall post a performance bond for the full amount of each contract. All wages paid under this contract shall be in accordance with the prevailing wage as deemed by the Industrial Commission of Missouri.

All proposals must stipulate that contractors will accept in payment thereof, special tax bills issued against the property abutting the improvement. Sealed bids will be submitted separately on each or any item as listed above and separate contracts shall be awarded on each item.

The City reserves the right to accept or reject any or all bids.

John W. Vaughn,
City Clerk

56-57-58

NOTICE TO SUBMIT BIDS TO BECOME COUNTY DEPOSITARY

In accordance with the law of the State of Missouri, relating to County Depositaries, notice is hereby given to all banks and bankers, that for the purpose of selecting a county depositary of depositaries, for all the public funds of Scott County, Missouri, of every kind and description, including, among other funds, the "County Collector's Fund" for the period ending sixty-five days after the time of selecting a new County Depositary in May, 1973, all of said funds will be divided into six equal parts. All banks and bankers desiring to become County Depositary of all, or either of said part of said funds, may submit sealed proposals therefor up to 12 o'clock noon, Thursday May 27, 1971, to the undersigned Clerk of the County Court of Scott County, Missouri, stating the rate of interest on daily balances such bank or bankers offer to pay, also the number of parts for which it desires to bid.

Each of said bids must be accompanied by a certified check for not less than such proportions of 1½% of the county revenue of the preceding year, as the sum of the said parts of said funds bid for, bears to the whole number of said parts as a guarantee of good faith on the part of the bidder, that if his bid should be accepted he will enter into the depositary bond provided for by law.

Bids will be publicly opened at noon on Thursday, May 27, 1971.

WITNESS my hand and the official seal of the County Court, done at my office in Benton, Missouri this 3rd day of May, 1971.

Bob Kielhofner
CLERK OF THE COUNTY COURT
Scott County, Missouri

OPPONENTS in Pakistan's civil war are President Agha Mohammad Yahya Khan, left, and Sheikh Mujibur Rahmann. The Sheikh heads the Awami League, East Pakistan's dominant political party which would also have controlled the new National Assembly session, postponed by Yahya Khan.

School Rated AA

BLOOMFIELD - H. D. Cook, State Supervisor of Public Schools, made the annual calssification visit to the Bloomfield school system on March 31.

In early April, the application for classification was forwarded to the state office. After consideration at the state office, P. J. Newell, Jr., assistant commissioner, reported the classification of the Bloomfield school system is officially classified as "AA" K-6-6. The total units of approved high school credit is 54½ units.

Some advisements were listed which indicate that goals or standards are not being fully met. These items are to be corrected before the next school year opens - unless previous agreement upon these have been made with the supervisor.

Under school building section, additional rooms are needed in the elementary school in order to adequately house kindergarten and to provide space for essential (special) services. The superintendent's office should be arranged to provide a greater degree of privacy (a conference room).

Under the teaching load section (for grade 7-12), individual classroom enrollment should not exceed thirty-five students for academic instruction.

Under our curriculum section two units of trades and industrial subjects should be provided at the high school to meet the needs of the students and classification of the school.

According to superintendent Sharp, the only problem in maintaining the "AA" classification for next year will be providing for the two units of trades and industry. This item will try to be worked out in the local community. However, it may be necessary to transport interested students to an area trade school.

C. of C. Hears Reports

BLOOMFIELD — The Chamber of Commerce members heard reports from several committees Monday night at their regular meeting. Willard Darnell, president and Dean Cooper reported on their attendance at the State Industrial Conference held April 15 and 16, at Jefferson City.

The theme of the two day meeting was "A Time For Everything." A good community attitude was stressed as one of the most important points in obtaining industry. Teams of a man and his wife are sent out to scout for industry. They visit around town, purchasing from various stores, noting the manner of the businessmen and what they have to say about their town. When they hear a lot of gripping they mark this against the community. If they find that people are happy to live in the town this goes a long way to recommend it.

One of the suggestions was that small towns form a County Chamber of Commerce.

Obtaining industry for a small town also hinges largely on community betterment and unity of the community all working to improve every aspect of living in their town. A community betterment meeting will be scheduled soon. Bloomfield is planning to enter the first phase of the program for 1972.

The members discussed a brochure for the town, which is needed to present to industrial prospects.

The Rose City Rides are scheduled to be part of the Homecoming set for October 4 to 9. It will be held in the City Park this year with additional plans to make the week long event greater than it has ever been.

Highest Army Rank

The highest U.S. Army rank was general of the armies of the United States. created for George Washington in 1799. The office was never filled and ceased to exist in 1802, according to Encyclopaedia Britannica.

Auto Know How Goes on Display

ST. LOUIS — The boys who will keep America rolling in the years ahead will be out to demonstrate their automobile know - how in the Plymouth Trouble Shooting contest Thursday. Students from the Sikeston school will compete.

This is an annual event sponsored by Plymouth dealers of this area in which auto mechanics students find and fix several malfunctions deliberately hidden in new cars by experts. Ability to quickly restore the car to normal running order counts as 70 percent of a team's final score. There is also a written examination which counts as 30 percent of a team's score.

Scholarships, an inside track on a job, and a chance to perform on the famed Indianapolis "500" Speedway are the students' inducements.

The winning team in this and 100 other local contests receives an all-expense trip to Indianapolis where the National Trouble Shooting Finals will be held June 14, 15 and 16.

More than $125,000 worth of scholarships, prizes, trophies, tools, practice engines and transmissions and other automobile components for competing schools are offered, according to John H. Moore, Jr., National Trouble Shooting Manager.

Scholarships provided this year total $37,000. The first place teams at the National Finals in two classes -- high school and post - high school-- each will be offered $5,000 in scholarships.

Another feature in the 1971 program is the active recruitment of Trouble Shooters who participate in local contests to become apprentice mechanics in Plymouth dealerships.

Plymouth makes available to all dealers in a local contest area the names and addresses of all boys who make their school Trouble Shooting teams and urges dealers to interview them as potential apprentice mechanics. The boys receive Trouble Shooter certificates to present to dealers.

Recognizing that a substantial investment in tools is a prerequisite for most automobile mechanics, the program includes a plan for letting apprentice mechanics get tools at substantially reduced cost when hired and paying for them through payroll deductions while they work. A qualified young mechanic can go to work immediately with his own set of tools which retails at $550.

His total cost of the tools is less than half, $224, and he can pay for them with no down payment and a small weekly deduction from his wages.

Trophies for their schools and individual prizes are provided for contest winners.

Crowley's Ridge Resort Opens

MALDEN - The Bootheel's first resort area was opened to the public Saturday. L. L. Williams opened the gates to Crowley's Ridge Resort on manmade Lake Devosia.

The 250-acre recreational area five miles west of Malden off Route J on Crowley's Ridge, is a dream come true for Lavern Williams.

The recretaional spot, long a dream of Williams, was started in March 1969.

Nestled in the rolling hills that make up Crowley's Ridge, the area is picturesque. Workmen have been busy for months carving out man-made lakes for fishing, swimming and water skiing.

The lakes have been filled by rainfall and by a 10-inch turbine pump 235 feet deep. The fishing lakes are stocked with bass, crappie, bluegill and catfish.

One of the features is a 60-acre man-made ski lake. For those who like to swim, there is a 300-foot long sandy beach with water one inch to 15 feet deep. A large enclosure is provided for small children with water no more than 24 inches deep. A large modern bathhouse is available with dressing rooms.

On Lake Dvosia, named for Williams' wife, will be a giant, double-decked, paddle wheel boat. During the day it will be utilized as an excursion boat and in the late afternoon and until 10 p.m., will be a floating restaurant, where customers can dine on either the top or lower deck. Food specialties will be steaks and catfish. The boat will be available from 10 p.m. to 2 a.m. for private parties.

Numerous picnic spots will be available to those who want to spend a day outdoors with tables and charcoal grills nearby.

The resort features a trailer park with hookups, tent camping grounds, a modern motel, grocery and fishing supply store, landing strip for aircraft, mini-bike trails, boats for rent, a kiddieland, and an amusement center for teenagers. Worship services will be held on Sunday morning.

Williams and son, Gary, managers of the resort, said prices will be reasonable for the facilities provided.

Driver Jailed After Two-County Chase

CAPE GIRARDEAU— A high speed chase through two counties Thursday afternoon landed a pregnant woman in a hospital and her male companion in jail.

The Cape County sheriff's office reported today that Leonard Earl Little, 26, of Malden, is being held in the county jail at Jackson. Authorities said he is wanted in Pemiscot County on a charge of possession of stolen property.

One of three passengers in the car—which was stopped near Gordonville by Bollinger County officials—was rushed to Southeast Missouri Hospital here when it appeared she was in labor.

The woman, identified as Flossie Lindell of Marble Hill, was released from the hospital later. Authoritie's fears that she might give birth before arrival at the hospital proved groundless.

Bollinger County Sheriff Frank Matthews said he and his deputies had been looking Thursday for a car matching the description of the one Little was driving.

The car, which had an out-of-state license plate, was first spotted just east of Marble Hill on Highway 34. The sheriff said he attempted to stop the vehicle for a routine check but Little picked up speed and the chase began.

Sheriff Matthews said Little continued on Highway 34 before turning south on Route OO at Burfordville. Cape County authorities and the highway patrol were alerted and began converging on the area.

Little turned onto Route F west of Gordonville, and then stopped to turn around. The sheriff said he managed to make the speedy turn, too, and stopped in time to prevent Little from completing his turn by ramming the rear of the car.

Little offered no resistance and, upon the arrival of Cape County deputies, he was taken to the county jail.

Meanwhile the Lindell woman was rushed to the hospital in a squad car.

Another woman and a child were also in the Little car but they were not identified by authorities.

Today In U.S. History

By THE ASSOCIATED PRESS

Today is Wednesday, May 5, the 125th day of 1971. There are 240 days left in the year.

Today's highlight in history:

On this date in 1961, Alan B. Shepard Jr. was rocketed 115 miles into space from Cape Canaveral, Fla., becoming the first American space explorer.

On this date:

In 1821, Napoleon Bonaparte died in exile on the island of St. Helena.

In 1824, Rangoon, Burma was captured by the British.

In 1864, Union troops were routed by confederates in the Civil War Battle of the Wilderness west of Fredericksburg, Va.

In 1936, war ended in Ethiopia as the capital of Addis Ababa fell to Italian invaders.

In 1955, West Germany became a sovereign state as the terms of the Paris agreements of 1954 went into effect.

In 1960, Soviet Premier Nikita Khrushchev angrily announced that an American spy plane had been shot down over Russia.

Ten years ago: The Kennedy administration said it would seek a cut in the income tax to spur the lagging U.S. economy.

Five years ago: A U.S. freighter collided with a Peruvian fishing boat off Peru, and 12 persons were presumed lost.

"I had to move. Daddy heard I was living in the left wing, and he blew his top!"

THE DAILY STANDARD

Published Daily Except Sundays in Sikeston, Scott County, Missouri

10 ¢ PER COPY OUR 60TH YEAR SIKESTON, SCOTT COUNTY, MISSOURI, WEDNESDAY, MAY 5, 1971 24 PAGES NUMBER 56

JACK ANDERSON SAYS:Laotian prince, army Commander Named in Viet Heroin Traffic; CIA Planes Fly Drug From Laos Poppy Fields to Battlefields; Kosygin Favors Disarmament, Note U.S. To Spend More in '72

NEAR THE NORTH BEGINNING of a four - lane highway 61 project to be built in 1971 through Sikeston for three and one - fourth miles.

Hayti I-55 Link Opening Predicted for Early June

Completion of Interstate 55 project of four and one half miles of paving near Hayti in Pemiscot county is ahead of schedule and "we hope to have it open to traffic in early June", W. H. Shaw, district engineer, said today.

Shaw said work began on the project, contracted by R. B. Potashnick, of Cape Girardeau, Jan. 15, 1970, with an estimated cost of $5,750,000.

The project involves a four-lane bypass of Hayti. Highway 61 goes through the center of town.

He commented:

"The work is way ahead of schedule. As a matter of fact, they got it paved last year and we didn't expect that."

Shaw announced that the resurfacing of route 61 through Hayti south about four and one half miles will begin soon.

"The part south of Hayti will eventually be the southbound lane of interstate 55," Shaw remarked.

He said the resurfacing is contracted by Girardeau Industrial Contractors, Inc., Cape Girardeau, and "will be completed by fall".

Shaw said the work is being done to improve safety by putting a thin overlay on the road to do away with a rugged surface.

He said the approximate cost will be $250,000.

A stretch of 13 miles of I-55 from Hayti south to Steele to complete the highway to the Arkansas line is not under contract.

Weather

Partly cloudy to cloudy with a few periods of showers or thundershowers likely this afternoon and tonight, low tonight 57-62; winds tonight southerly 12-20 except briefly strong and gusty in thunderstorms; Thursday showers ending; high in the 70s; probabilitiess of precipitation tonight 60 per cent, Thursday 30 per cent.

EXTENDED FORECAST

Near normal temperatures Friday through Sunday with night time temperatures in the 50s and afternoon temperatures in the 70s; slight chance of showers during the period but increasing by Sunday.

HIGH AND LOW YESTERDAY

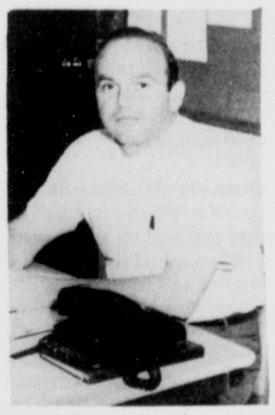
High and low temperatures for the 24-hour period ending at 7:30 a.m. today were 72 and 58 degrees, accompanied by a trace of rain.

Sunset today ..... 7:50 p.m.
Sunrise tomorrow.....6:00 a.m.
The moon, at apogee tonight, sets tomorrow at .....3:48 a.m.

PROMINENT STAR

Antares rises ..... 10:05 p.m.
(The planet Jupiter is noticeably higher above Antares, as the latter rises, than it was last month at this time).

Lewis Gives Up Water Post



Milton Sadler

By CHARLES BRADY

MINER — Chairman Milton Sadler presided over his first town board meeting after being elected last month by the board. The board accepted the resignation of Former Chairman Harold Lewis as water superintnedent.

"I want to devote more time to my personal life and to the fire department," Lewis, who is fire chief, said.

The board voted Sonny James as street commissioner. Sadler said a committee will be formed later to serve under him.

Sadler told the board that Bob Kielhofner, Scott county clerk, had recorded the addition of 35 acres of land on the east side of Blodgett road to Miner.

It was announced by City Marshal Dorma Angle that the two walkie-talkies received by the city through the Bootheel Law Enforcement Council in Malden were "not what the city ordered."

He added that they "work very well" in covering the Miner area.

Sadler asked that the walkie-talkies be tested for a month before a decision is made to replace the equipment.

A fence around the lagoon behind the water plant was discussed.

The board voted a $200-a-month fund for the police force to reinburse it for gasoline used in the performance of duty.

Barry Greer Bound Over At Oxford

OXFORD, Miss. (AP)–Eight University of Mississippi students– including one from Sikeston, Mo.–have been bound over to the Lafayette County grand jury on possession of marijuana charges, Sheriff Bob McElreath said Tuesday.

McElreath said the arrests were made shortly before midnight Monday during raids by his officers and city and campus police.

Arrested in strikes on and off campus were Barry Greer, 22, Sikeston; Jefferson Worley, 20, Indianola, Miss.; James Peter Harney, 22, Little Rock, Ark.; Joseph Tully, 20, Lamore, Calif.; Patricia Buskirk, 22, Nettleton, Miss.; Ann Lindsay, 20, Gainesville, Ga.; Austin Meeks, 23, Cleveland, Miss.; and Jeffry Sims, Silver Spring, Md.

McElreath said officers found 70 marijuana plants Tuesday in their continuing crackdown.

Number of men in U.S. armed services is now about 3.1 million.

The average American consumes 3,140 calories a day.

Three Bound to Circuit Court

NEW MADRID — Three were bound over to circuit court on felony charges by Magistrate Judge Leo Hedgepeth and 29 fines imposed on misdemeanor charges.

Jon Gregory DeLisle, Portageville, was bound over to circuit court under $1,000 bond after he waived preliminary hearing through his attorney on a charge of possession of narcotic drugs. DeLisle is charged with possession of a plastic bag containing 4.6 grams of marijuana and a handrolled cigarette Jan. 30.

Kenneth L. Holtzhouser, Lilbourn charged with manslaughter in the automobile accident death of Clevie O. Jackson May 24, 1970, waived preliminary hearing and was bound over under $1,000 bond to circuit court.

Floyd McCain waived preliminary hearing on a burglary and larceny charge in connection with theft from Bud Montgomery's junk yard Dec. 18, 1970 at Gideon. He was bound over to circuit court under $1,000 bond.

Fined $110 each on charge of operating vehicle with no Public Service Commission authority were North nd South Enterprises and Walter Jackson.

Three fined $70 each for illegal possession of intoxicating beer were Betty Sue Duncan, Steven Ray Reed and Dale Lloyd Forbis.

Oblie Lee Cole was fined $125 on charges of driving while intoxicated and improper registration. His drivers's license was suspedned for one year, and he was granted probation after being given six months jail sentence.

Elmer Denton Summers and George Edward Plunk each were fined $120, given six months jail sentence with probation, and their operator license suspended for one year on driving while intoxicated charge.

One year jail sentence and $30 fine were imposed against George Johnson Jr. on petit larceny charge.

Assessed $35 fines each on careless and imprudent driving charges were Larry Thomas Dotson, Robert DeLisle King, and Fleming J. Brooks Sr. Willie Eugene Mayberry forfeited $50 bond on careless and imprudent driving charge; and Louis Henry Williams paid $20 fine on similar charge.

Coy Virgil Sauls was levied $25 fine and Dennis Drew Goodwin $15 fine, each charged with permitting unauthorized operator to drive. Richard N. Wibbenmeyer was fined $15 on charge of permitting underage operator to drive.

Jimmy Jones charged with disturbing the peace was assessed $45 fine.

Speeding charges and fines include Virginia Pauline Millington, $60; Ronnie Lee Conyers, $45; Tome Davis, $25; Casey Tipton, $25 bond forfeited; and Charles M. Thomas, $20.

Lynn Banks Powell III was levied $20 fine on charges of no vehicle inspection and improper registration. Walter D. Kearbey paid same amount on operating vehicle with expired license, and illegal possession of lise plates.

Judge Hedgepeth assessed $15 fines each against Harvey L. Moss, charged with operating vehicle with out-of-state operator license while a Mo. resident; Steven Lee LaFont, operating trailer without trailer license; Jimmie Joe Dowdy, improper registration; and Charles Burgess, fishing without a permit.

Bank of Advance was granted $498.96 judgment and possession of carpet and color television against James E. and Janet Foster.

Sikeston Finance was awarded $1,237.55 judgment against James L. Blanchard; and Sikeston Securities Loan dismissed with prejudice at its cost civil suit against Harold and Mary Mathis.

$25 Fine For Contempt Of Court

NEW MADRID— James Chipman was held in contempt of court Tuesday and fined $25 by Circuit Judge Marshall Craig when Chipman invoked the fifth amendment and refused to answer questions in a debt proceeding.

A jury Jan. 4 returned a $17,700 judgment against Chipman in favor of Robert Trimue in a promissory note suit.

Judge Craig awarded $1,500 judgment to Nina Jean Alexander against James Lee for personal injury damages stemming from an automobile accident Sept. 12, 1970 in Pemiscot County. A companion suit filed by Nina Mae Alexander against Lee was dismissed. The cases were transferred from Pemiscot county on changes of venue.

Correction

In Tuesday's Daily Standard magistrate court news it was incorrectly reported that Cornell Cassell of Charleston was dismissed on a charge of issuing a worthless check. Cassell did not appear in court and a warrant was issued for his arrest on a traffic violation charge. He was not charged with writing a worthless check.

Jerry Moore of Bloomfield had charges dismissed against him on a charge of issuing a worthless check. It was reported that a D. Edwards of Bloomfield was dismissed on the charge.

Charges were dismissed against James Blue in the breakin of a store at 865 West Malone.

It was incorrectly reported that a complaint was issued against David E. Ferguson of 133 North Ranney on an insufficient funds check charge. Ferguson failed to appear in court and a warrant was issued for his arrest on a charge of a no account check.

Erwin Davis of 314 Adams received a one-year stayed jail sentence in connection with an assault charge on his wife, Wilma Davis. In addition to the stayed jail time, Davis was placed on one-year probation.

It was reported that Bennie Wade Satterfield of 112 Third St. was charged will illegal use of a car license. This was in error.

Eugene Harris of route one, Benton, pleaded guilty to a charge of driving without an operator's license and was fined $15. It was reported incorrectly that Harris was charged with driving while intoxicated.

Ommitted from yesterday's report was an armed robbery charge against Annise Davis of Sikeston. The case was continued until next Tuesday.

Ezell Applewhite of Sikeston waived preliminary hearing on a charge of burglary and stealing and was bound over to circuit court.

Leon Wilder, charged with burlary and stealing, requested a preliminary hearing. The hearing was conducted and Wilder was ordered bound over to circuit court.

Applewhite and Wilder are charged with the mid-April break-in of Lindsey's M and H on West Malone.

Wife Held in Shotgun Slaying

CHARLESTON— John Rose, 76, was found dead at his home Tuesday night on the J. J. Reeves farm adjoining the Charleston city limits from shotgun wounds, Mississippi county Sheriff W. J. "Pedro" Simmons said today.

He said Rose was shot once in the left shoulder at close range with a .16 gauge single-shot shotgun severing a large artery.

Mrs. Eldora Rose, 65, Rose's wife, is being held in the Mississippi county jail in connection with the shooting. Simmons said murder charges were expected to be filed this afternoon.

Simmons said Mrs. Rose walked to the Host House nursing home at 10:30 p.m. and asked that the sheriff be called as she had shot her husband.

Following the call, Simmons said he went to the nursing home, found Mrs. Rose intoxicated, and took her to jail.

Simmons said he did not believe at the time that she had shot her husband as he had received numerous calls in the past 10 years from the woman saying she had shot her husband or threatened to do so.

A niece of Rose, who worked at the nursing home, came on duty after the sheriff left and after hearing about the incident, she and Dr. T. P. Fenton went to the Rose home where they found Rose dead on a bed.

It has not been determined if an inquest will be held.

The body was taken to Sparks Funeral Home.

Probation Granted in Assault Case

NEW MADRID— James Tipler was given two years sentence and granted probation without supervision on felonious assault charge Monday in circuit court by Judge William L. Ragland. Tipler was accused of assaulting Eugene Johnson, route one, Lilbourn, with an iron poker, April 23.

Frank Robinson, also known as Dad Foster, Portageville, was given a one-year suspended jail sentence upon payment of $25 fine and $29.50 court costs on charge of selling intoxicating liquor without a license.

Bonds were ordered forfeited and capias warrants issued for Fred Vent, Samuel Thomas, Roger Bush and William Collins who failed to appear on felony charges.

Pre-sentence investigations will be made for Russell Benson, who pleaded guilty to tampering with a motor vehicle; and Wana Ghorley, charged with forgery.

Felony charges against Sylvester Anderson, Edgar Mays, Richard Chandler and Esper Jackson were dismissed by the state.

Divorces granted Monday by Judge Ragland include Barbara Ann Barnes from Dave E. Barnes. She was restored to her maiden name of Buck. Debra Matthews was awarded a divorce, custody of one child and $15 per week child support against Kent M. Matthews.

Clyde Collier, Harold Jean Godsey and Sam Pikey were appointed commissioners in a state highway condemnation suit to assess damage and benefits to property owners of land in New Madrid county west of Holiday Inn near Sikeston.

Burglary and larceny charges against Floyd McCain were remanded back to magistrate court for preliminary hearing.

Vanduser Women Wham City Costs

VANDUSER— The town board Monday night voted to consolidate five village clerical offices into two. This was one of the first acts taken by a new board composed of four women and one man elected last month. Carl Dodson will serve as clerk, secretary, head of the water works, and treasurer. Ada Chasteen will be the collector.

Mayor Leda Stage said the consolidation of clerical offices will save the town money.

The board discussed changing the town's classification from village to fourth class city.

Tape Player Stolen from Car

A tape player and 15 tapes were reported stolen last night from the parking lot of the Joker's Lounge on East Malone. Police said that a 1965 Plymouth convertible, owned by Jerry L. Davis of 323 Williams, apparently was left unlocked.

Davis said the items were insured.

No DAEOC Funds for House Lots

Sikeston Recovery Inc., a non-profit organization designed to provide better housing, met Tuesday afternoon.

A report was received from the Delta Area Economic Opportunity Council on a request for funds. DAEOC said that funds were not available for the purchase of a 32-lot section in the Sikeston Sunset Addition as proposed by Recovery.

The report said that purchasing the lots was a "good idea" and they would present it to other federal agencies, such as the Office of Economic Opportunity and the department of Housing and Urban Development, to determine if funds were available.

Edna Ray, owner of the 32-lot section, said she has agreed to sell some of the vacant lots as buyers became available and people will build homes on them.

Charles Mitchell said he would like to see other real estate men get involved in the Federal "235" program through which low income families can acquire new homes at one per cent interest.

Mitchell said he has built two dozen homes under the program and that more could be built if more realtors would "get involved."

Daniel S. Norton

Norton to Head M.S. Campaign

Daniel S. Norton, 923 Park, has been named chairman of the 1971 MS Hope chest campaign for the third year, Howard J. Behan, chairman, St. Louis Area Chapter, National Multiple Sclerosis Society, announced.

Scheduled to open Mother's Day, the appeal will seek funds to support services for M.S. patients and their families in the Sikeston area.

The National Society has spent over $14.7 million on research since its inception in 1946 and three St. Louis researchers have received grants totaling more than $600,000.

Congress New Protest Target

WASHINGTON (AP) — With a force buckled by more than 10,000 arrests and their strategy twice dissolved by massive police action, antiwar protesters still hadn't given up today. Congress was the new target.

Militant leaders exhorted a diehard following, many suffering hunger and fatigue, to a march on the Capitol for a noon rally-similar to one waged at the Justice Department Tuesday in which 2,200 persons were arrested.

Rennie Davis, himself just released from jail on $25,000 bond, vowed at a Tuesday night planning session to "hold the Congress hostage until they end the war."

Although neither Davis nor ther organizers had said what tactics would be employed, it was clear most were not anxious for a third test of their guerrilla-like design to close streets and government facilities.

With more than 1,000 Marines and Army troops posted at bridges and traffic circles, rush-hour traffic moved without a hitch again today.

Police officials reported, meanwhile, that more than 1,300 persons remained in jail or at temporary detention centers in midmorning.

THE SECRETARIAL CLASS of the Manpower Development Training School at New Madrid prepares mailings for a labor survey for industry. The Bootheel Planning Commission, Missouri State Employment Service and the Chamber of Commerce are cooperating in the mailing within a 30-mile radius of New Madrid. The area is promised a new industry if it can supply the labor.

Labor Survey Underway for Industry

NEW MADRID — A new industry which would build a new plant and employ more than 500 is interested in locating in the New Madrid county area. Its decision will depend on proof of an adequate labor supply, Ray Kermier of the New Madrid Chamber of Commerce, L. R. Bain and Pat Lea of the Bootheel Regional Planning Commission in Malden and Tom Cash of the Missouri State Employment Service, Jefferson City, announced.

A survey is being launched to determine the labor availability in a 30-mile area from New Madrid. All who might be interested in employment may complete an application form which appears on page 22 of today's Daily Standard or complete a form mailed to residences.

Lea, Chairman of the Bootheel Regional Planning Commission, said that approximately 35,000 forms are being mailed. Additional forms are obtainable form local grocery stores, the State Employment Office, the Chamber of Commerce, and the service centers of the Office of Economic Opportunity.

The industry seeks men and women who want full-time employment.

The New Madrid Chamber of Commerce industrial committee has been in contact with this industrial prospect.

Training for unskilled workers would be provided by the manufacturer.

A May 24 deadline has been established by the industrial employer.

POOR CHARLIE SAYS!

Old fashioned people never say a sick person had a relapse. They call it a setback.

* * *

THE SUPREME COURT RULES ON ABORTION

The Supreme Court upheld a Washington, D.C. law forbidding abortion in the District "except where necessary to preserve the mother's life or health." The law is sound and deserved to be upheld. Therapeutic abortions have always been allowed, i.e. where it is necessary to operate to save the mother's life, even though the unborn child will die as a result. It would be unreasonable to argue, for example, that a surgeon could not remove cancer threatening a mother's life, no matter where the cancer might be.

The whole abortion issue is forcing people to realize what has been a principle of law from time immemorial, that the unborn child is a human being. Size or tonnage does not make one person more human than another. Were that the case, some of us would be supermen.

Courts have consistently held in the past that the unborn child is entitled to protection under the law because it is a human being. To have to prove that surgery on the mother is necessary to save her life, even though the unborn child will die as a result, is good legal practice. What is unsound is to ignore completely the right to life of either the child or the mother. Due process means nothing unless it means giving due consideration.

* * *

Hurshel Tanner says a farmer put a tuxedo on his scarecrow -- it didn't protect the corn but it attracted a better class of birds.

* * *

Dewey Urban says the topless bathing suit is all but forgotten now, but come to think of it there really wasn't anything to remember.

THE WAYS OF THE LORD

We must have all felt at times that things were not going as we thought they should; certainly not as well as we would like. But maybe that's the way the good Lord sees that it is best for us.

That is what many people have found out later, as they look back. Few have put it better than an anonymous soldier of the Confederacy, who wrote these lines as he looked back from the vantage point of years:

I asked God for strenth, that I might achieve. I was made weak, that I might learn humbly to obey.

I asked for help that I might do greater things. I was given infirmity, that I might do better things.

I asked for riches, that I might be happy. I was given poverty, that I might be wise.

I asked for all things, that I might enjoy life. I was given life, that I might enjoy all things.

I got nothing that I asked for, but everything I had hoped for.

Despite myself, my prayers were answered. I am, among all men, most richly blessed!

* * *

William Father, the Cleveland, Ohio, house organ man, laments that the more clocks and watches in the house, the more often somebody is sure to ask what time it is. And don't forget Sam Goldwyn, who, upon seeing his first sundial, exclaimed: "Gracious! What will they think of next?"

* * *

We attended the annual Chamber of Commerce Banquet last Thursday night. It was a very happy occasion for the editor. One reason was that R. D. Clayton was made man of the year, which has been the editor's idea of the man of the year for Sikeston for a good many years, every since Col. Dudley was made the man of the year.

The second was a most enjoyable speech by Gov. Hearnes.

Thirdly, Sam Harbin got this meeting over with by 8:30. I'm confident that he followed Clem Beal's suggestion, and since Clem was down in New Madrid where it went on and on, until not quite midnight but past 10 o'clock.

Now the only criticism I have of the whole thing was, Sam had some very beautiful ladies at the speakers table and he didn't introduce them. Now, of course, the young folks who had girls with them didn't need to be introduced, but us old men whose eyes are not able to function without glasses, needed to. Not that he didn't know the names of them, but he just wanted Sam to stand them up and let everybody look at them and see how pretty they are.

Altogether it was a fine evening.

People with novel ideas write some very bad ones.

* * *

DECLINE AND FALL

A reader has asked us to reprint the five reasons for the fall of the Roman Empire as taken from Edward Gibbon's "The Decline and Fall of the Roman Empire":

1. The breakdown of the family and the rapid increase of divorce.

2. The spiralling rise of taxes, and extravagant spending by the government.

3. The insatiable craze for pleasure and brutalization of sports.

4. The mounting production of armaments to fight ever-increasing threats of enemy aggression.

5. The decay of religion into myraid and confusing forms, leaving the people without a uniform faith and spiritual guide.

The Roman Empire was the number one world power and was thought to be invincible. Much can be learned from history!

A lazy man's ambition is usually directed toward graft.

* * *

SWINGERS SLIPPING?

While the swingers seem to have the center of the stage with their colorful and glossy fashions, Kevin Phillips has a new survey under the title, "The Middle American Revival," which shows signs that point in other directions.

Here are a few of the trends the Phillips Survey finds are gaining momentum:

-- A boom in "country and western" music ... In 1961 there were only 80 full time country music radio stations. In 1965 there were 208, and last year there were 650. Some of these are found in the nation's biggest cities.

-- Old time fundamentalists religion is making a comeback. Even young people are taking it up with fervor.

-- Liberal activism is fading on most campuses, and on some is being replaced by conservative action.

--"Hair" is no longer the hottest show on Broadway. The big hit is 'No, No, Nanette," a nostalgic musical of the twenties.

-- Talk of hard drugs on big university campuses is dying, and at some schools, such as Yale, they've gone back to drinking.

-- On top of all this, tobacco chewing is coming back! And snuff-dipping! . . . The Phillips Survey says chewing tobacco outsold smoking tobacco in 1969 for the first time in 12 years.

So who knows? Don't throw away that old gray flannel or blue serge suit. It may be coming back!

Many consumer products are so similar in quality and price range that the success of one company over another is often due almost entirely to a difference in advertising. This is true of many foods, cigarettes, clothing items, soaps, cosmetics and toys.

A major toy manufacturer, recently recognizing the competitive importance of advertising in his field, stated: "Why should anyone buy our product? The competition offers just as good a product in terms of quality, variety, merchandising, packaging and price." He added that his company stays on top in a highly competitive field by out-advertising everyone in the field.

It is easy to find instances of similar situations in other fields. We have seen fine automobiles discontinued because of advertising failure. We know that excellent home appliance lines diasppeared for want of prestige- establishing advertising.

However, advertising failures are not restricted to national manufactures. The same process works just as relentlessly in retailing on companies of all sizes and types.

In every community there are many retail stores which have no particular advantage over one another. As long as each gets its share of the market, all of them may continue to operate successfully.

But a retailer does not acquire or keep a profitable share of the local market automatically. When other factors are approximately equal, the retailer, like the manufacturer, can expect his business to vary with the quality and size of his advertising effort.

The American system of justice is bearing its misfortunes with great dignity. The gutter-rat behavior of the Chicago conspiracy defendants and their sadists friends in the gallery is beyond belief, but that is their way - to shock, to scream and to curse because violence is an end in itself. Judge Hoffman ought to be chastised for not allowing television cameras in the courtroom; for not allowing the American public to see for themselves what still must be unbelievable to most Americans. Otherwise, the judge deserves a Judicial Medal of Honor for meritorious service above and beyond the call of duty amid what must certainly be the sorriest spectacle in the history of American justice. The jury will likely return a verdict of guilty for attempted murder of the American Way of Life. We suggest life imprisonment in the Soviet Union where the Chicago Conspiracy began.

NOW IT'S 'SAFE LOOK FOR MEN

The outcome of the current struggle between the mini-skirt partisans and fashion designers determined to foist the midiskirt on them may still be in doubt but, according to one authority on male fashions, the "Peacock Revolution" is mounting.

In case you didn't know, the Peacock Revolution signaled "the emergence of man from his dreariness and drabness of dress to assume his place as the more colorful of the human species," just as in nature it is usually the male whose plumage is brightest.

"The colorful, frilly era of men's apparel has been with us for some years now," says Ron Postal, director of the National Council of Men's Fashions. "It served a useful purpose, left its mark on the fashion scene and is now diminishing."

Taking its place, says Postal, is the "Safe Look"—more conservative, solemn-type, clothes.

It was inevitable, he says, with the coming to power of a Republican administration. For didn't we have the "uptight" Hoover collar during Depression days, and didn't the Zoot Suit come in with the Democrats?

Of cours, Woodrow Wilson, a Democrat, wore a high collar and the thankfully short-lived Zoot Suit didn't appear until near the end of F.D. Roosevelts' second term. But never mind, a theory is a theory is a theory.

The trouble with revolutions, fashion or otherwise, is that it's always the little guy who gets stuck with the consequences.

Take the poor sap at the next desk. From the beginning of the Peacock Revolution he steadfastly wore white shirts and narrow ties as a symbol of resistance. Only the other day, outnumbered and outworn, clotheswise, did he break down and invest in a wardrobe of deeply hued, muli-striped shirts and napkin-wide ties.

Some people just never get with it.

* * *

Legislature Is Short On Action

The Missouri General Assembly has been in almost constant session since January of 1969 and since then none of Missouri's basic problems have been solved.

Revenut was the major difficulty 28 months ago - and it still is today. Some piecemeal financing has been provided, but no major revenue measures have been agreed to permamemtly. The present boost in the income tax rates expires next January 1 and no extension or alternate way has been worked out to raise more money.

Highway financing is another problem that goes on and on. By a vote of 22 to 5, the Missouri Senate has approved a flat 2-cent increase in the lowest state gasoline tax in the nation. That bill is now on the House calendar. It could be sidetracked, however, because the House leadership is still clinging to its plan to tie the boost into a major bond program to accelerate construction. There is virtually no support in the upper chanber for the bonds.

The reapportionment of congressional districts tied up the Legislature for most of the 1960s as one ridiculous plan after another was shot down by the federal courts. Now, because of the 1970 census, that job must be done again. For all practical purposes only a token start has been made.

Dozens of other major proposals are making their way through the lagislative process at an incredibly slow pace. Although the current session is now in its fourth month,with less than two months remaining, only five bills have been written into law. Three are of a minor nature and one, providing for pay increases for Kansas City policemen, affects only this community. The fifth was the emergency appropriations bill and it took more than four months of bickering and procrastination to get that one through.

So far the record of accomplishment is about as close to zero as you can get. One of the approved measures will permit minors from 18 to 21 to give blood without parental consent provided the donation is not for sale. By agreeing the Senate is now in the awkware position of saying that young people can give blood but they can't vote. The upper chamber has refused to ratify a U. S. constitutional amendment lowering the voting age to 18.

Clearly the people of Missouri will suffer if the paralysis in Jefferson City is allowed to continue.

From The Kansas City Star

A Home Safty Tip

New York Police advise that all residences should have stronger security measures including a double-lock for the entrance door, as well as a chain bolt lock. The chain should be short so that a hand cannot reach inside and be long enough for you to see the person at your door.

* * *

Shere stupidity

A local editor, whose community is the site of a state university, took note of a student protester's sign reading, "Build for people, not for profit," with the comment: "That is sheer stupedity, especially for persons who profess to be against pollution." The editor then noted that a plant located in the area and operated by one of the nation's largest timber companies has been able to cut down on pollution solely because the company makes a profit.

Thanks to this profit, the company has been able to construct an $8.5 million chemical recovery furnace which is expected to cut sulphur and particulate emissions considerably. The furnace is just one step in the long battle against pollution by this company which represents an industry that has an innate concern for the environment. as one timber industry official says of the antipollution efforts of his company, "The long-term nature of our business of growing trees requires unique foresight. This necessity for thinking in terms of the future, plus our longtime commitment to stewardship of the natural resources entrusted to our care, inevitably placed the company in a role of environmental protection leadership several decades ago."

This spokesman for a single company, for all practical purposes, was speaking for the entire timber industry as it functions today. No company, expecting to be in business decades hence, can be profligate with the natural resource upon which its existence depends. The policies of timber companies, from environmental conservation to use of the forest lands, are predicated upon a sense of permanence that pervades the entire industry.

An estimated 130 persons annually lose their lives in litter-fed fires; every 12 minutes a home is destroyed or damaged by a fire starting in trash.

* * *

A 70-year-old advertisement for rubber horseshoes that recently appeared in Field & Stream magazine set off a small stampede for a product that has not been manufactured for half a century.

The mixup occured in the anniversary issue of the magazine, in which an early Goodyear ad was editorially reprinted to illustrate what advertising used to be like.

Despite the progress made in the art over the intervening decades by Madison Avenue experts, hundreds of readers failed to note the difference.

The magazine has been busy eversince returning money and writing personal letters of apology and explanation.

H.L. Hunt Says

FREEDOM TROUPERS NEEDED

Constructive citizens should convert fellow-travelers into Freedom troupers. Fellow-travelers are never victims of fatal apathy but always want to "get in on the act," even if on the wrong side. Fellow-travelers, when converted, make great troupers for the Freedom side and can be more effective than those who have been on the right side all along.

A crucial conversion in the history of the fight for Freedom shows how a book saved mainland China from communism for 25 years. A Russian-born New York dentist named Maurice William wrote the book. Born into a family of socialists, his intimacy with the socialist hierarchy led him to conclude that followers of Marx were escapists and slogan-makers who could not face reality.

Book publishers would not publish his book, which he titled "The Social Interpretation of History." In 1921, short of cash, he pawned his dental equipment to publish the book himself. Then book stores would not stock it. But a young Chinese studying in the U.S. discovered the book and dropped a copy into the mail, addressed simply: "To Sun Yat-sen, Canton, China."

Dr. Sun had been an admirer of Lenin and Marxism. Then he received the book. He had been delivering his last will and testament to his party as a series of lectures outlining his philosophy, after learning he had a fatal illness.

The book prompted him to spend three months re-studying his ideas. In August, 1924, Dr. Sun resumed his lectures. The U.S. system, he declared, not Marxism, was the philosophy of hope and progress. The angry, hard-core Reds walked out and started their civil war but could not win. If Stalin had been able to control China in 1925, he might have killed Freedom worldwide within 5 or 10 years. A book you mail or letter to the editor you wright might save the world. It is too late not to start.

Hal Boyle

NEW YORK (AP) — Nothing reconciles people to the price of life more than memory.

Sometimes a too-recent memory can burn like a fire. But as a memory grows older and mellower it usually loses its searing quality, and we become adjusted to the losses and hurtful episodes of living.

It is through the memory of our experiences that we digest and assimilate the meaning of our existence. And your own private world is pretty extensive if you can look back and remember when—

It was fame enough to last a lifetime if a farmer had grown a pumpkin big enough to be exhibited in the window of the local newspaper in 1912.

When a man had a toothache, he didn't just tell you about it— he opened his mouth wide and pointed his finger at the offending molar, just to be sure you didn't blame the wrong one. On a good day a fellow might get to see half a dozen aching teeth during a short walk through the center of town.

In a small town half the people over 80 had already written their own obituary notices so that at least after death they'd get a fair deal.

A congressman knew that his favorable mail from back home would increase sharply every spring, because that was when his constituents wrote him for free seeds for their gardens.

Half the housewives in America woke up every morning with the fearful knowledge that before nightfall she might have to remove a dead mouse or rat from a kitchen trap.

A whole generation of Americans grew up thinking that 48 stars were just about the right number for the flag, and that there probably never would be any more in it.

The choicest morsels of town gossip were usually exchanged by women while cooling themselves with cardboard fans at a church social. The fans had been given to them "free gratis" as the saying went, by the local grocery store or funeral parlor.

Even if he couldn't hold a steady job, a fellow could avoid the reputation of being shiftless as long as he could convince people he was taking a correspondence school course to prepare himself for something better.

One of the troubles with going on a Sunday drive in the early days of motoring was that you had to stop and put up the isinglass curtains when it rained.

A girl usually made her own high school graduation dress and got a gold-plated wristwatch for a present, and when she took her diploma every member of the family shed a tear.

No one ever thought of shutting the village idiot up in an institution. After all, he was the most-quoted fellow in town and certainly the only one without a single enemy.

Those were the days—remember?

Washington Merry - Go - Round

By Jack Anderson

WASHINGTON–A Royal Laotian prince and the Laotian Army commander have now been identified as the principal traffickers in the heroin used by U.S. troops in South Vietnam.

Furthermore, a congressional investigation has confirmed our earlier allegations that the Central Intelligence Agency is involved in the Laotian heroin operations.

The investigation was made by Congressman Bob Steele, D-Conn., and Morgan Murphy, D-Ill., both members of the House Foreign Affairs Committee.

Steele is preparing a report that will allege CIA "Air America" aircraft have been used to transport the drug from northern Laos into the capital city of Vientiane.

It says, however, there is no evidence that the CIA had any offical policy of letting its planes be used to move the drugs. Furthermore, it adds that the agency has now cracked down on the practice.

According to the draft report, prepared by Steele for the House Foreign Affairs Chariman Tom Morgan, D-Pa., the deadly drug is transported from opium fields in Laos to the battlefields of South Vietnam in the following manner:

First the raw opium is hauled from deep in northern Laos through Burma and into the Laotian town of Ban Bouei Sai, with former Nationalist Chinese soldiers-turned-drug smugglers riding shotgun on the shipments.

At Ban Bouei Sai, Laotian Army Commander Gen. Ouan Rathikoun takes over. He supervises the shipment of the opium into Vientiane, using American- supplied planes and protecting the smuggled cargos with U.S. supplied arms.

Once it reaches Vientiane, the morphine base is processed in Gen. Rathikoun's labs into "number four" heroin, a pure grade of the deadly drug almost unknown in Southeast Asia until traffickers began turning it out especially for American troops.

Throughout, Laos, the heroin operation is protected and abetted by Prince Boun Oun, Inspector General of the realm. The prince gets part of the take from the drug running.

Once processed, the heroin is flown into South Vietnam aboard military and civilian aircraft from both Laos and South Vietnam.

Some of the carefully wrapped packages of the white powder are air- dropped near U.S. troop emplacements in the fields. Others reach the troops after being landed at outlying air strips or flown directly into Saigon's Tansonhut airport.

With Vietnamese custom officials looking the other way, the heroin passes into illicit channels. The Congressman identifies South Vietnamese Premier Tran Thien Kheim as the man behind the corruption of the customs agents, but they stop short of calling him an outright trafficker.

The angriest language in Steele's draft report is reserved for U.S. diplomats who have failed to use their leverage against such men as Rathikoun and Prince Boun Oun to get the drug traffic cut off at its source.

Steele points out that in Turkey some progress has been made, although slowly, though diplomatic channels to cut off the flow of heroin to the U.S.

In future column, we will detail how American ex-GIs and deserters, assisted by corrupt Thai officals, are beginning to move hugh quantities of heroin into the U.S. to replace the Turkish supply.

Footnote: In a March 22 column, we cited a letter from a former CIA employee, S. M. Mustard, who charged that South Vietnam's Vice President Ky once flew opium out of Laos. Afterward, an off-duty Air Vietnam stewardess was arrested at the Saigon airport with close to 20 pounds of heroin in her possession. Significantly, she was carrying names of prominent South Vietnamese politicians who apparently are implicated in the heroin traffic.

-KOSYGIN ON DISARMAMENT-

The U.S. embassy, reporting to the State Department from Moscow on Senator Ed Muskie's confidential conversations with Kremlin leaders, gave this account of the discussion on disarmament:

"Muskie began by talking about desire to reduce military expenditures. He said in past two years, Senate had subjected defense budget to great scrutiny. As result, administration's budget in 1969 had been cut by six billion dollars.

"He expressed interest in MBFR (Mutual Balance Force Reduction) in Europe as part of desire to reduce armaments. He also advocated broadest possible agreement at SALT (Strategic Arms Limitation Talks).

"Kosygin responded that USSR has always favored disarmament. He asserted that Soviet military budget was 25-27 per cent of US military budget, and nothing was hidden in other parts of budget.

"He said Soviet noticed and'appreciated' Senate's action in cutting military expenditures by six billion dollars. Soviet also noticed President's statement that military budget might have to be larger next year.

"Soviets 'follow these events closely,' said Kosygin. Specifically on SALT, Kosygin said both sides are approaching question differently, with 'great wariness and care' but 'with great desire of finding a solution in limiting strategic armaments.'"

Footnote: The hush-hush report noted that Muskie had emphasized the "unofficial character of his visit and fact he carried no message and was not negotiating any agreement."

Meetings & Things

TUESDAY

Delta Gamma Chapter of Beta Sigma Phi meets with Mrs. Don Pratt, 315 W. Wakefield, at 7:30 p.m. May 4.

SUNDAY

There will be a Gospel Singing at the Church of Christ in Morley at 2:30 p.m.

THURSDAY

The Elks ladies will meet at 8 p.m. in the Elks Lodge.

TUESDAY

Tau Chapter of Beta Sigma Phi will meet with Loretta Alsup, 522 Taylor, at 7:30 p.m.

WEDNESDAY

The Daughters of Isabella will meet at 7:30 p.m. in the K. C. Hall.

TUESDAY

Parents without partners will organize May 11 at 7:30 p.m. at the Lorimier School in Cape Girardeau.

WEDNESDAY

The Daughters of Isabella will meet at 7:30 p.m. in the K. C. Hall.

FRIDAY

University of Missouri and Church Women United will hold a seminar at the First Christian Church from 10:30 a.m. to 2:30 p.m. Bring a sack lunch. Open to all.

SATURDAY & SUNDAY

Jean Love will exhibit are work from 10 a.m. to 4 p.m. on Saturday and from 11:30 a.m. to 5 p.m. on Sunday.

MONDAY

Welcome Wagon will meet at 7:30 p.m. in the Heritage House.

Lee In Honor Society

ROLLA— John Robert Lee, son of Mr. and Mrs. J. R. Lee of Morley, has been initiated into Tau Beta Pi, national engineering honor society at the University of Missouri.

Student members are chosen on the basis of academic achievement, character and leadership ability.

Lee is a senior in petroleum engineering.

Ann Landers

High School Mother Can Date

Dear Ann Landers: Please pardon the stationery but I am sitting here with this scratch paper jotting down notes for my lawyer who is preparing a property settlement for a divorce. While going through our joint personal belongings (my husband's and mine) we ran into all sorts of problems trying to decide who gets what. It was terribly difficult because I had always thought of everything as "ours."

This afternoon I came across the family album which represents 27 years of marriage. As I looked through it I thought to myself -- before any couple decides on a divorce they should be made to sit down together and go over the family album -- starting with the wedding pictures.

Our album recalled the happiest of times, the picnics when the children were small, the first little house we owned, the family pets, the old cars, the funny dresses and hats. There were snapshots of trips and anniversaries and the kids' graduations. Looking back gives one a different perspective. It's a pictorial history of the past which makes one ask, "Could we ever have been that happy if we weren't deeply in love? Do I really want this divorce?" Now I'm not as sure as I thought I was. It's too late for me but maybe it will help someone else if you print this letter. --Honolulu.

Dear Hono: Here's the letter, and who knows--you may have saved some marriages.

Dear Ann Landers: Contrary to the advice from our pastor, our physician and our attorney, our 17-year-old daughter decided to keep her out-of-wedlock child. (Her mother backed her up.) Marylou is back in high school and is taking a heavy schedule in order to catch up on the work she missed during her absence.

I am now in trouble with my wife and daughter for reminding them that when a girl decides to keep her fatherless baby she must forego some of the pleasures and privileges other girls have. My question is this: Should Marylou be permitted to date boys as though she were a foot-loose, carefree teen-ager? I say no -- not until she has finished high school. We'd like your opinion.--On The Spot In Fort Wayne.

Dear Spot: If Marylou is living up to her responsibilities in school and at home I see no reason to deny her dating privileges -- provided of course, that she respects a curfew and that you know where and with whom she is at all times.

And now I will repeat some advice for which I caught plenty of heat recently. Once a girl has had an out-of-wedlock child she may intend to remain pure as the driven snow, but chances are that she will drift. It is essential that your daughter be informed on birth control techniques and devices so that she will not become pregnant again. Keeping a close watch on her or assuming she has learned her lesson is an inadequate approach to this problem.

Dear Ann Landers: I am a restaurant owner who has news for the short-haired waitress who was annoyed because she is forced by law to wear a hairnet, while a long-haired kid who worked beside her goes his merry way--getting his mop into everything. According to law in my community, anybody who prepares or serves food must wear a head covering or hairnet if his hair is long. Boys included. Thought you'd like to know.---Hagerstown, Maryland.

Dear Hag: Thanks for the word. Hair ye -- one and all! If the mop flops, cage it.

Unsure of yourself on dates? What's right? What's wrong? Should you? Shouldn't you? Send for Ann Landers' booklet "Dating Do's and Don'ts," enclosing with your request 35 cents in coin and a long, self-addressed, stamped envelope.

OES Club Meets

CHARLESTON — The Candace Green Club of Sikeston met Thursday for its second meeting with the Charleston chapter of the Order of the Eastern Star.

Thirty members and guests were present to eat a pot luck supper and witness a "This Is Your Life" program supplied by Mrs. Kiah Smith, Jr., in honor of Mrs. Max Michael, grand representative to Kentucky from Missouri and Mrs. L. E. Webb, grand representative to Connecticut from Missouri. Mrs. Michael is a member of Charleston chapter and Mrs. Webb is a member of Sikeston Chapter.

Their next meeting will be at Sikeston Sept. 30, at 6:30 p.m. for a pot luck supper and program.

Hospital Notes

MISSOURI DELTA COMMUNITY HOSPITAL:
Released: Tuesday:
Joseph Ledbetter, Charleston
Robert K. Pace, Cairo, Ill.
Gloria Daniel, Sikeston
Pamela Davis, East Prairie

Elizabeth Miller, Dexter
Alma Corlew, Dexter
Eugene Wilson, Dexter
Mary Kimbrell, St. Louis
Georgia Surface, Sikeston

VIEWING part of Sgt. Leonard Campbell's display of dangerous drugs are, from left, Bill Jacobson, Lee Yeargain, Richard Parker, Campbell, Dumitri Turk, Mrs. William Smith, and Milas Burnett.

Girl Scouts Have Program On Drug Abuse

Cadette Girl Scout troops 158 and 159 heard a program on drug abuse Monday. Police Sgt. Leonard Campbell discussed the categories of drugs, their known effects on the human mind and body, and the penalties for possession or sale of narcotics. He presented a display of dangerous drugs and several frames of narcotic drugs and the equipment used by addicts.

The Rev. Dumitri Turk, superintendent of Mid-America Teen Challenge training center in Cape Girardeau, explained the program of Teen Challenge as providing a solution to the addiction problem through spiritual awakening.

"As young people accept Jesus as the answer to their uncontrolled appetites, they find the desire for harmful drugs lessens, and they are able to become adjusted to normal adult life," he said.

Teen Challenge centers are in 35 cities. The plan was conceived 12 years ago by the Rev. David Wilkerson, author of "The Cross and the Switchblade." The center in Cape Girardeau, sponsored by the Assembly of God Churches has been in operation since October of 1970. The Teen Challenge center in Cape Girardeau accomodates 30 young men.

Bill Jacobson and Milas Burnett both of Chicago, and Richard Parker of Dallas, Tex., now living at the Teen Challenge center in Cape Girardeau, told how they had become addicted, how drugs distorted their minds and changed their behavior, their suffering and their contact with Teen Challenge, which helped them find their way back to normalcy.

The Rev. Mr. Turk explained that rehabilitation time varies, some young men respond quickly to Teen Challenge atmosphere. Ordinarily a young man stays at the center for less than one year. "In the 12 years that Teen Challenge has been in existence in the United States, 95 per cent of the young men who participated have returned to normal living," he said.

Stork Visits

CHAMBERS— Mr. and Mrs. Robin Chambers are the parents of a daughter born at 9:48 p.m. Tuesday in the Missouri Delta Community hospital. She weighed six pounds, 10 ounces, and has been named Ashli Linn.

Mrs. Chambers is the former Carolyn Kirby, daughter of Mrs. Fred Kirby. Chambers, son of Mr. and Mrs. Ben Chambers, Sikeston, is assistant office manager at Malone and Hyde.

COOPER — Mr. and Mrs. Hulette Yates, 430 East Gladys, announce the birth of their second grandson, John Milton Cooper, to their daughter, Carolyn, and her husband, Dalton Cooper of Oak Ridge, Tenn.

He was born April 15 and weighed eight pounds, two ounces. He has one brother, Michael, three. Cooper, son of Mr. and Mrs. R. C. Cooper of St. Ann is an accountant for the Atomic Energy Commission.

MORROW— Son to Mr. and Mrs. Ottis Morrow of Sikeston, Southeast Missouri Hospital, 12:57 p.m. Thursday. Name, Gregory Lynn. Weight 8 pounds, 2 ounces. First child. Mrs. Morrow is the former Miss Patsy Lynn, daughter of Mrs. Rita Lynn of Sikeston. Mr. Morrow is employed at Morley Farm Supply, and is the son of Mr. and Mrs. R. H. Morrow of Charleston.

O'CONNER — Mr. and Mrs. Earl O'Conner, are the parents of a son born at 9:22 a.m. Monday in the Missouri Delta Community hospital. He weighed eight pounds, eight ounces and has been named Jeffery Scott. He is the second child and first son.

Mrs. O'Conner is the daughter of Mrs. Virginia Matthews of Sikeston and Harold Bass of Arkansas. O'Conner works for the highway department in construction.

Magic Show Saturday

Magic Lou and Lillian will be featured in The Mysteries of Magic Saturday at 2 p.m. at the junior high school auditorium. "The Chinese Linking Rings" and a "Magic Hindu Carpet" are two of the many magic feats they will use to mystify the kiddies and their parents. There will be an admission charge.

Proceeds will be used to purchase pediatric equipment for Missouri Delta Community hospital. The event is sponsored by the Sikeston Junior Woman's Club.

Yard Winners Announced

NEW MADRID — Yard-of-the-month winners, announced by Mrs. Caroline Phillips, chairman of the Community Betterment beautification program, are Henry Brewer, 327 Crisler, ward one; Paul Foster, 1330 Scott, ward two; and F. M. Baird, 751 Pinnell, ward three.

Mrs. Phillips announced honorable mention awards went to Harvey Criss, highway 61 south, and Calvin Hayes, 930 Mill, ward one; Conway and Dawson, 740 Scott and Mrs. Thelma Funk, 741 Scott, ward two; and John Edwards, 801 Mitchell and L. B. Wathen Jr., 737 Mitchell, ward three.

New yard signs placed in winner's yards, Mrs. Phillips said, have been provided by the Woman's Club, sponsor of the contest. Award winners will be selected through October.

Honors Banquet Date Changed

NEW MADRID— The New Madrid high school honors banquet announced for Thursday will be Friday at 6 p.m. in the high school cafeteria.

Changes Being Made at Library

The childrens department of the Public Library will be closed Thursday and Friday. A new children's room in the basement will be in operation Saturday.

A flawless ruby of good color is now carat-for-carat more valuable than an emerald, diamond or sapphire.

Homers Hightlight National

By KEN RAPPOPORT Associated Press Sports Writer

Alphonse—Gaston? No, Colbert—Gaston.

San Diego's superific swatters, Nate Colbert and Clarence Gaston, are falling over each other in an attempt to play the hero's role.

Gaston, delivered the gametyine home run, his second of the night, and Colbert followed with a solo shot in an eight-inning rally that carried the Padres past Atlanta 3-2 Tuesday night.

Oaston, whose 29 home runs last year was second to Colbert's 38 on the club, had only delivered two circuit clouts this season until Tuesday's output.

Whiie the recuperation appeared to do some good for Gaston, Colbert continued his assault on the fences with hardly any rest at all. He slept little since Monday because of his new-born daughter.

Colbert, after driving his wife, Carol, to the hospital to deliver Dana Michelle, got back home Tuesday morning to find their 17-month-old son, Derone, running through the house looking for his mother.

"I played with him all morning to keep him from crying," said Colbert. "We finally lay down for a nap after noon. I slept 20 minutes and that was all. I was too keyed up."

The New York Mets nipped the Chicago Cubs 2-1; St. Louis routed Philadelphia 7-3; Los Angeles stopped Cincinnati 2-0 and Pittsburgh blasted San Francisco 10-2 in the other National League games. Rain postponed Houston at Milwaukee.

American League scores: Kansas City 2, Cleveland 0; Baltimore 4, California 1; Milwaukee 2, Washington 0; Minnesota 6, New York 5 in 10 innings; Boston 4, Chicago 3, and Detroit 6, Oakland 5.

Gaston, who credited last year's fine season to a blazing getaway, is nowhere near the form that delivered a .318 average, 93 RBI and a bunch of team-leading statistics.

Gaston, who earlier lined his third homer of th year to give San Diego a 1-0 lead in the first inning, umped on another Pat Jarvis pitch with one out in the eighth. Then Colbert unloaded his seventh circuit of th year.

Mike Lum slammed a homer in the second inning to give Atlanta a 1-1 tie, then the Braves went ahead on Sonny Jackson's run-scoring sinle with two out in the seventh.

Bud Harrelson singled hom the tie-breaking run in the seventh inning to give New York its third straight victory and eighth in nine games. Until that juncture, the only scoring had been Bob Aspromonte's home run in the New York second a d Johnny Callison's run-scoring double in the Chicago fifth.

Chicago wasted a big scoring opportunity in the eighth. Ras Sadecki took over for New York starter Nolan Ryan and walked Callison, who took third on Joe Pepitone's single to right.

Callison was trapped off third on an infield tap, but Aspromonte held Danny Breeden's bouncer too long and the bases were loaded with one out. Danny Frisella relieved Sadecki and got the final outs on a pop foul and a roller.

Jose Cardenal drove in three runs with a double and homer and Jerry Reuss weaved a sixhitter for St. Louis.

The Cardinals scored two runs in the fourth inning on consecutive doubles by Ted Simmons, Joe Torre and Cardenal. Julian Javier's home run made it 3-0 St. Louis in the fifth, before Philadelphia came back with a pair of runs in its half of the frame. Then the Cardinals routed Phillies' starter Chris Short in the sixth as Torre walked and Cardenal blasted his second homer of the year.

Al Downing allowed just three hits and pitched his first National League shutout in the Los Angeles cause. Downing, acquired from Milwaukee during the offseason, scattered a pair of singles by Hal McRae and another by Dave Concepcion in notching his third victory in four decisions.

Willie Stargell capped a seven-run eighth inning with a three-run homer, his 12th of the year, as Pittsburgh crushed San Francisco. The performance kept Stargell in front in National League homers and RBI, 31.

The Pirates took a 3-2 lead in the seventh on a run-scoring double by Richie Hebner and run-producing single by Roberto Clemente before the big inning when they sent 10 men to the plate.

District Baseball Tuesday

District action in the state high school baseball tournament is scheduled at VFW stadium Tuesday with the Sikeston Bulldog diamond crew of coach N. P. McDAniel going against the winner of the Cape Girardeau Central-Notre Dame game.

The district match originally had been set for Thursday but due to the finals of the sub-district tournament at Cape Girardeau being scheduled today the game was moved ahead.

Panthers Near League Title

LILBOURN — The Lilbourn Panthers claimed another Tri-County northern division league baseball victory in a Tuesday afternoon contest at Lilbourn to move two games closer to the coveted League title and a shot at the league championship with an 8-2 decision over Campbell.

Lilbourn's victim was the Campbell Camels, who proved to be a difficult opponent banging out 10 hits in the seven - inning affair but crossing the plate only twice.

Danny Beasley opened the game with a round - tripper off Lilbourn Ace Grant Dambach and the score stood 1-0 until the third inning when the Panthers amassed four hits and four runs to take the lead for the first time and to never again trail.

The fifth inning homer by leadoff batter Ronnie Parrent edged the Camels six runs closer but that was as close as they were to get to the red hot Panthers.

Winning pitcher was Panther sophomore Dambach, who struck out eight, walked two and gave up 10 hits in working for his fourth victory against two defeats.

Carter was the loser, giving up nine hits and eight runs.

Pat McClarty was the big offensive gun of the Panthers. He connected for two doubles driving in four runs. Teammate Tommy Mashmeyer had a double for the only extra - base hits of the Panthers.

Only two more games remain between the Lilbourn Panthers and the Northern League championship. Lilbourn's conference record is 3-0, and season record is 7-3.

Raiders Win 2

POPLAR BLUFF—The Raiders of Poplar Bluff took two encounters, 4-2 and 3-0, over the weekend. Both baseball events were conference games.

The opponent of the Raiders was Jefferson County.

In the first game the star was former Sikestonian Les Schatzley, who went three for three, drove in two and scored one of the Raiders' four runs.

Winning pitcher was Ronnie Cude whose record was raised to 5-2. Losser was Bob Fehlker. The only homer came from a Jeff County bat as Charley Powell connected for a round tripper in the sixth.

In the second game Steve Coulson was near a perfect game. The mound star struck out the first 18 batters but was tagged in the seventh. Losing pitcher was Ted Difani.

Coulson Shines For TRJC Raiders

POPLAR BLUFF — Steve Coulson, prep star for Southeast Missouri, on his second starting assignment in four days took the mound against the Florissant Valley Junior College in a Tuesday baseball afternoon game.

Although he was pitching with only two days rest the stalwart of the Raider pitching taff issued only four hits, striking out five and walking one while allowing no turns. TRJC won 6-9.

In the last eight days Coulson has had 26 innings of Mound duty and has struck out 25.

While Steve Coulson as blanking the batsmen of Flo Valley the Raider Bats were rattling as TRJC connected for 12 hits. Only one home run was recorded. It came with Ronnie Cudes' two-run wallop in the seventh inning, which served as an insurance run. Ellis, centerfielder for the Raiders, went two for three for the day's best mark.

This was a Missouri Junior College Athletic Conference game raising the Raider mark in the conference to nine wins and two losses. The Raiders have a first place with Meramec second a few percentage points behind.

Working for the victory Coulson went the distance gaining the victory and raising his pitching record for the season to 6 wins against one loss. Losing pitcher was Ray Neske, who was relieved for a pitch hitter in the eighth and replaced by Nelson, who pitched the final inning.

TRJC's season record was upped to 19 wins and 6 losses. It's nexe encounter is set for May 12, a twilight double header with the Sedalia State Fair Junior College.

Homers Highlight 5-3 Gideon Victory

GIDEON — The Parma Pirates claimed every distinction except in the runs department as they outhit the Gideon Bulldogs to win 5 to 3, but were able to cross the plate only twice compared to the Dogs four times.

Gideon exercised its hitting power. Catcher Bruce Coleman connected for a two-run homer in the third. The only other extra base hit for Gideon was the first inning double of Eric Littell.

The other hit of the Bulldogs was a second inning single by the Shortstop Mike Nolan.

Parma was alive in the batters box as they connected for five safties. David Williamson, Parma's third baseman, was the big gun as he went 2 for 4. He connected in the first fifth for singles. Wendy Wagner stroked a home run in the first inning with one man on base to tie the game after the first inning. Terry Joseph connected for a single in the fifth inning and Beaird pounded another single in the sixth but the Pirates still bowed 5 to 2.

Winning pitcher was Jim Hart, while Losing pitcher was Wagner, Both pitchers struck out seven.

Parma scored in the first inning and was blanked the rest of the game by Hart. Gideon scored two in the first, one in the second and two in the third for its only tallies and was blanked the other four innings. Parma's record now stand four wins against six losses.

Flood Near Bankruptcy

MILWAUKEE (AP) — Curt Flood, Washington Senators outfielder, was near bankruptcy despite his annual $110,000 salary, Senators owner Bob Short said Tuesday night.

His creditors "were getting every bit of his salary," Short said. "He was really fouled up financially."

Flood jumped the team last week and went to Europe. The veteran had sat out a year of baseball after filing a suit in federal court against baseball's reserve clause.

An early-season starter for the Senators, Flood had been benched for lack of hitting when he left the United States.

A letter Flood left behind said he was leaving the team because of personal problems.

Short said the problems basically were financial. The club owner said he had told Flood the best way out would have been to file for bankruptcy. However, Flood's attorneys dissuaded him.

"If he had claimed bankruptcy, they wouldn't have been able to touch his salary," Short said. "If he claims bankruptcy now, he would be able to straighten himself out."

A source close to the Washington team said Flood was paying alimony, support for his five children, and had lost money in some bad investments.

Short said he has asked the State Department and the news services to aid in locating Flood in Europe.

Campbell Leads Clarkton Win

RISCO — The Clarkton Reindeer remained undefeated in the northern division of the Tri-County League with a rousing 6-1 baseball victory over the Risco Tigers.

Scoring in every frame except the final inning the Reindeer were never threatened. Their young hurler Dennis Duffl wnet the distance for his third victory of the season against two losses.

Duffel is a hard throwing right-handed freshman, one of Coach Hampton's better prospects.

Tony Campbell was the big stick for the Raindeer. He went two for three. Tony had two runs batted in, one on a runing scoring double.

The only Risco score came in the fourth.

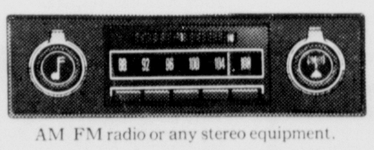
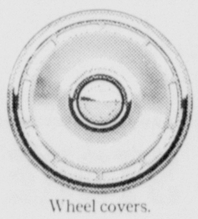
Chevrolet's Summer Sale is on.

White stripe tires.



AM/FM radio or any stereo equipment.



Wheel covers.

Deluxe seat belts.

Order any Chevelle or Camaro with these four features and we'll help save you some money.

Our Summer Sale. It's a simple sale.

And it works like this. You simply order America's most popular mid-size car, Chevelle. Or America's best-looking, best-handling sportster, Camaro.

You equip either car with white stripe tires, wheel covers, deluxe seat belts and AM/FM radio (or any stereo equipment).

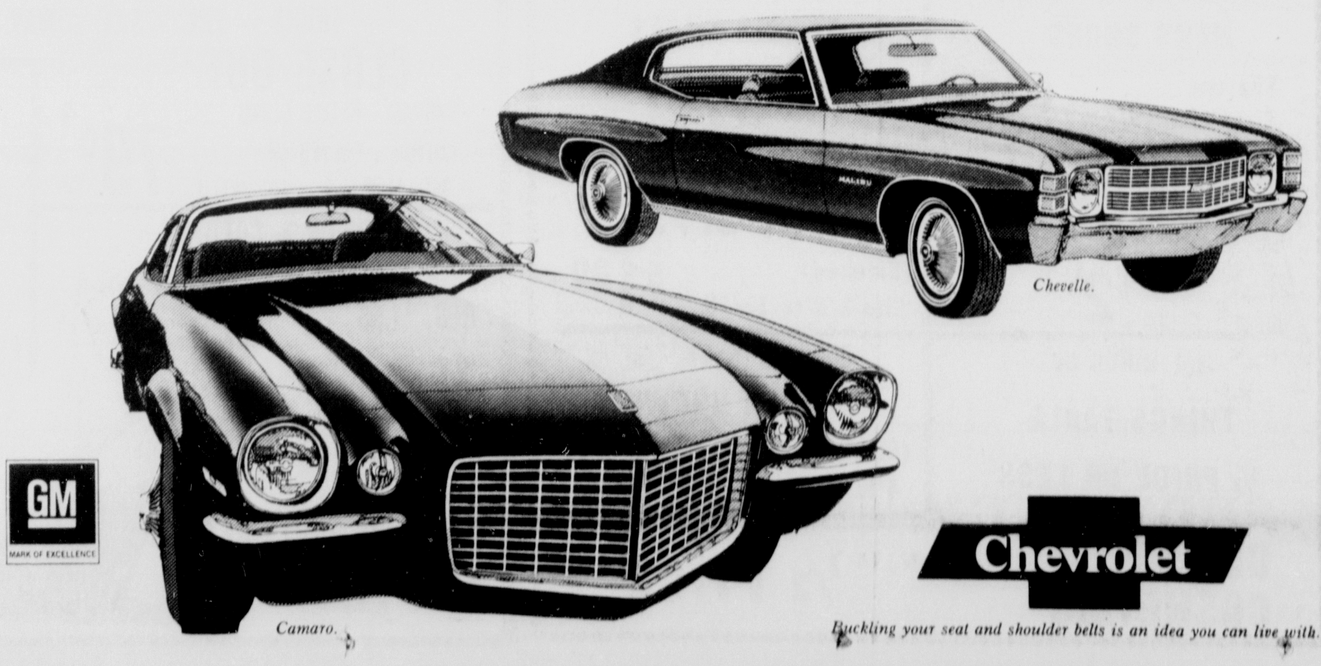
Do this—and we'll help save you some money.

And what's just as nice, we'll be helping you save money on two of America's more popular cars. You get great deals on cars that give you more for less even when they're not on sale.

Except now they are on sale, and during May and June—the two months more people buy cars anyway. Which isn't the most likely way of doing business.

But then, "Putting you first" doesn't mean doing things from our point of view.

It means doing them from yours.



Chevelle.

Camaro.

GM MARK OF EXCELLENCE

Chevrolet

Buckling your seat and shoulder belts is an idea you can live with.

Keglers Korner

By HILDRED POOLE

Hello! First of all 'Happy Mothers' Day Mother, and Grandma too'. This is the first time in a long time I won't be with Mother at least for a little while on Mother's Day. Sure hope you miss me.

Next week there will be no column and the next week will be the last one until August when we get started again. There will be a Summer League for me .... it will be 3 months of rest.

DELTA IMPS

Zieglers 4- Frances 0, Micholeb 4 - Harts 0, Ramada 3 - Barketts 2, Imp. Rest 3- Britts 1, Security Natl Bank 3- Lees 1. Wanda Baugher rolled high game of 217. I promise you Wanda I will be walking different this fall, at least I hope so. Norma Baker rolled high series with a big 588. Michelob had high game with a 1065 and Zieglers connected for high series with a 2951. 200 games: Norma Baker 204, Anita Ziegler 212, Doris Brown and Jean Lee 203.

500 series: Pat Crabb 535, Wanda Baugher 506, Mary Meyer 516, Doris Brown 523. Splits: Ruth Terrell 5-10, Naomi Hutchcraft 5-10, Boots Schrader 4-5-7, Mildred Cockrell 5-6 & 5-7, Anita Ziegler 5-6.

FRIDAY BOWLETTES

L & A 4- Restonic 0, Shoe No. 2-3- Shoe No. 3 - 1, Todd 3- Anchor Toy 1, Rodgers 3- Shoe No. 1 -1, A & B Laundry 2- Nowell 2 - Caproco 3- City Light 1.

Anna Lou Fodge rolled high game of 197 and Flora Crouthes had high series with a 522. Shoe No. 2 took both team game and series with scores of 1025-2910. 500 series: Darla Carter 517, Pauline Canady 509 and Pauline Rodgers 500. Splits: Vera Gaston 5-7- & 3-10, Darla Carter 5-7 * 3-10, Mildred Cockrell 6-7-10, Janet Meadows 5-7, Iona Taylor 4-7-10, Sue Collier 5-7, Betty Ramsey 6-10.

ROYAL KEGLERS

Malone and Hyde 4- Busch 0, Lewis 3½ - Wades ½. Stanley 3 -Cut Rate 1, C. D. Alcorn 3 - Hope 1. A & B Cleaners 3- First Natl Bank 1, Bank of Sikeston 4 - Liberty 0.

I don't know how I got so lucky on our last night of regular bowling, but somehow I ended up the year pretty. Not only did I luck into high game with a 215 but I also had the highest series I have had all year with a 588. Dottye Lefler rolled the only other 200 game. It was 208. I still think we are pretty good Dottye (lucky that is) one game a week at least. Stanley Home Products had both team highs with 1068-3043. 500 series: Lil Acord 500, Jean Lee 530, Geneva Sexton 520 and Linda Gipson 503. One Correction from last week. Willie Borrow rolled a whopping 276 which was 100 pins over her average instead of 10 pins as reported. Sorry about that Willie

See you all in two weeks.

Cardenal Delivers Key Hits

PHILADELPHIA (AP) — Jose Cardenal of the St. Louis Cardinals agrees that all hitters in a slump should suffer like him.

Cardenal is hitting only .192, but it has to be the most effective .192 in baseball. The Cuban native has only 19 hits, but 9 of them are for extra bases and he has produced 4 game winning hits.

"I hitting pretty good in the clutch," said the 27-year-old outfielder in more than a mild understatement.

Cardenal delivered again Tuesday night as the Cardinals bat the Phillies 7-3. He doubled in the third run and his two run homer produced the fourth and fifth St. Louis tallies.

The 5-foot-10 Cardenal says he isn't worried about his slow 1971 start. He hit .293 for St. Louis last year and has an eight year major league average of .261. This makes him confident despite the .192 alongside his name inthe batting list right now.

Cardenal says he doesn't feel right at the plate just yet. "I'm not following the ball," he explains.

"I'm turning my head and Red (Manager Red Schoendienst) suggested I try to hit the ball through the middle. I try it tonight (Tuesday) and it felt pretty good. We'll see."I've been playing eight years and usually don't hit early," Cardenal said.

Mike Ryan, the Phillies catcher, got his first hit of the season. He slammed a triple for a run and then scored on a Larry Bowa single in the fifth, and slammed a home run in the ninth, accounting for all three Philadelphia runs.

Chris Short was the starter and loser (2-3), for the Phillies. St. Louis also got a pair of hits and two RIB from hart hitting Joe Torre and Julian Javier's first home run of the season.

Jerry Reuss, 3-3, pitched a six hitter, striking out 10.

Fishing Contest Near End

Wal-Marts second annual fishing contests draws to an end this week after six weeks' of action.

A grand prize winner will be announced Saturday.

Jackson Outduels Thomas

KELLY — Scott Thomas, young pitching standout for Chaffee high school was tagged for eight runs in a Tuesday afternoon baseball contest dropped by the Chaffee RedDevils, 8 to 4.

Four Hawks connected for more than one saftey off the hard throwing sophomore star, Morrow, Heuring, Duncan and Crosno each connected for two safeties.

In the first inning the Red Devil commanded a 2-1 lead and maintained it through the second inning. The game was made more exciting in the third when Kelly pushed across two runs to Chaffee's one to tie the game 3-3.

Unable to score in the fourth Chaffee fell behind. The Hawks scored twice and took a 5-3 lead. Kelly struck again in the fifth inning crossing the plate three times and gaining an 8 to 5 lead.

Chaffee pushed a single baseman across the plate in the seventh but its rally fell four runs short.

Thomas, despite losing the pitching contest, came out as one of the better hitters. He went two for two with one of his hits a round-tripper.

Winning pitcher was freshman Jeff Jackson. Scott Thomas was the loser.

Walker Confirmation For FPC Questioned

WASHINGTON (AP) — Sen. Lee Metcalf, D-Mont., wrote the Senate Commerce Committee Wednesday questioning whether Dr. Pinkney C. Walker should be confirmed as a member of the Federal Power Commission.

Metcalf said Walker, dean of the University of Missouri school of business administration, "Had a record as a part of the industry which he would regulate."

Walker is scheduled to appear before the committee at a confirmation hearing tentatively set for May 6.

"I find nothing in the record of Dr. Walker to show that he has experience or interest in consumer representation before the commission," Metcal's letter said.

"To the contrary, he has a record as a part of the industry which he would regulate, to an extent that makes one wonder how much time he was able to devote to his duties as dean ..."

The senator said Walker is listed as a director of the Columbia, Mo., National Bank, the South County Bank of Ashland, Mo., the United States Life Insurance Co., of New York, and Commerce Bancshares, Inc., of Kansas City.

The senator said the 1969 annual report of Southwestern Bell shows that firm paid Walker $6,500 in consultant fees, and the 1969 report of Mississippi River Transmission Cor., a gas pipeline company, lists $5,000 in consultant fees.

"He has consulted for Panhandle Eastern Gas Pipe Line Co., Eastern Gas Lines and the American Gas Association, all having direct interest in FPC regulations, as well as the Bendix Corporation," Metcalf wrote.

Perryville Student Wins Merit Scholarship

EVANSTON, ILL (AP) — The National Merit Scholarship Corp. today announced the names of 23 Missouri high school seniors, to receive onetime nonrenewable $1,000 scholarships.

Today's listing was the second this year by the corporation. The first announcement was April 14 when winners of renewable scholarships were announced. A third announcement May 5 will include a list of college-sponsored four-year Merti Scholarships.

The list:

Peter M. Krentz, Clayton; Cynthia A. Lewis, Hickman High School, Columbia; Charles E. Wheeler, Hickman High School, Columbia; Gregory F. Borton, Hazelwood High School, Florissant; Sherry K. McGuire, Midway High School, Freeman; Carol J. Grant, Fulton; Mary L. Ramsey, Kirkwood High School, Glensdale; Stuart L. Bursten, Southwest High School, Kansas City; Carol J. Grider, South High School, Raytown; James Albert Moody, Southwest High School, Kansas City; Richard E. Monroe, Capitol Page School of Washington, D.C. Monett; John W. Head, Palmyra; Kenneth A. Cearlock, Perryville; Annis J. Hagee, Lafayette High School, St. Joseph; William H. Bayer, Horton Watkins High School, St. Louis; Deborah J. Danker, Lutheran High School, St. Louis; John A. M. Guernsey, Country Day, St. Louis; Lynn W. Paine, John Burroughs School, St. Louis; David J. Looney, Parkview High School, Springfield; William A. Renie, Parkview High School, Springfield; William A. Renie, Parkview High School, Springfield; Mark H. Greenberg, University City; Scott R. Portnoff, University City; and Allen H. Brill, Pembroke County Day, Weston.

HONORED FOR ACHIEVING ACADEMIC EXCELLENCE at the Education Day luncheon in Columbia were Miss Ellen Barovitz, of Hayti, and James Campbell, of Weaver, Ala.

Hayti Student Honored at M.U.

COLUMBIA — Miss Ellen Barkovitz of Hayti and James Campbell of Weaver, Ala., both seniors in the College of Education at the University of Missouri- Columbia named their most influential teachers at an Education Day luncheon.

Both students introduced teachers in their pasts who have been the most influential regarding the student's educational plan and objectives. Miss Barovitz named Dr. Ben Nelms, associate professor of education and Campbell selected Raymond Odor, instructor in education at the University Laboratory School.

In the banquet in the Memorial Union, Miss Barkovitz and Campbell were honored along with other students in education who have received scholarships, awards and and honors this past academic year. The two seniors were selected on the basis of scholarship, leadership and service to the College of Education as well as the field of education in general.

Miss Barovitz and Campbell were also among those honored for achieving academic excellence. This award is presented to students who maintain a 3.5 grade-point average or higher.

Other students recognized included those selected for Who's Who in American Colleges and Universities, LSV, Mortar Board and Mystical Seven, the latter all senior honoraries.

Outstanding service awards were presented to six Education students and 18 women students were recognized for membership in Fanfare for Fifty, an honorary of the Top 50 Women on Campus.

Education Day activities were planned by a joint faculty-student committee. A morning film festival, the noon awards luncheon and special sessions and meetings were held to present a wide range of topics of current interest in education.

House Agrees to Hand Leftover Bills to Speaker

JEFFERSON CITY (AP) — Despite complaints that it would give one man too much power, the Democratic controlled House has adopted a rule turning over all leftover bills at the end of this session to the speaker.

Some Democrats, at times more than a dozen, went along with Republican efforts to change the rule so the speaker would not have complete control.

The Senate earlier adopted a rule that in effect killed all leftover bills at the end of the session in odd-numbered years but the House tried to implement the intent of the constitutional amendment on annual sessions adopted last November by the voters.

Various unsuccessful amendments would have:

Required the speaker to rerefer leftover bills to committee on the first day or within five days of the opening of the session in even-numbered years.

Provide for re-referral by a bipartisan committee.

Kill all Senate bills but preserve House bills.

Under the final version the bills would automatically be turned over to the speaker at 11:59 p.m. June 15, the last day the legislature can act on bills in odd-numbered years.

That would get round the constitutional provision that at the end of the regular session all bills on the calendars would be tabled. It takes a two-thirds vote in either House to take up a bill once it has been tabled.

Democrats accused the Republicans of being dilatory with the string of amendments but they denied that.

The majority leader, Rep. Richard J. Rabbitt, D-St. Louis, warned members that with the extensive arguments on legislation House members should be prepared to work some nights next week and even through Friday, instead of quitting Thursday noon.

Wednesday the House killed a bill the sponsors said was wanted by a majority of the state's osteopathic physicians and surgeons.

It would have permitted an osteopath who wanted also to be a medical doctor to go to a medical school, and if the school agreed, get credit for the courses he took in a school of osteopathy.

Opponents said it was an effort to break the State Association of Osteopathic Physicians and Surgeons, an organization that last week went on record against the bill.

Sponsors said many osteopaths wanted to become M.D.'s because that would open up many more hospitals in which they could practice.

The vote was 20-86 on the bill.

Post Office Service Cuts Continue

CAPE GIRARDEAU--The first official word of Saturday window closings at area postoffices came from the office of Cape Girardeau Postmaster Russell J. Fowler today.

The change in Saturday window service, which had been rumored for some time, begins May 29 in all Cape Girardeau Sectional Center first, second and third class postoffices, Fowler said.

Beginning May 29, the Cape Girardeau Postoffice will offer call window service for one-hour period or adjusted as required to meet local needs for delivery of mail to postoffice box holders, he said.

The adjustment of window service will not affect delivery of mail by city and rural carriers, he pointed out. All carriers will continue to service their routes as they presently do. The only exception, he said, will be that money orders will be available on rural routes on weekdays.

The postmaster said other area postmasters of offices affected by the change will make their own specific announcements concerning the adjustment. These are offices at Altenburg, Benton, Chaffee, Delta, Frohna, Gordonville, Illmo, Jackson, Kelso, Lutesville, Marble Hill, Morley, Oak Ridge, Oran, Perkins, Perryville, Scott City, Sedgewickville, Vanduser, Whitewater and Zalma.

The offices at Advance and Bell City have been closed on Saturday for several weeks.

Window service at the Cape Girardeau Postoffice will continue unchanged from 8 a.m. to 4:30 p.m. on weekdays, the postmaster said. On Saturdays, call service for boxholders will be provided from 8 a.m. to 9 a.m.

He said the adjustment will in no way affect delivery or dispatch of mail. "City and rural carriers will continue to serve their routes and mail will leave Cape Girardeau on the same schedules and by the same dispatches as now used," he said.

The postoffice lobby here will be open 24 hours on Saturday, he pointed out, and stamps may be purchased from vending machines. There is a self-service postal unit on Campus drive, north of Academic Hall at State College, he said, and a contract station at Key Rexall Drug Store, Town Plaza Shopping Center, which will be open from 9 to noon on Saturdays.

"We intend to tailor our services to the needs of the community," he said. "Saturday is no longer a full business day for many firms. With our self-service postal unit and stamp vending machines, our call window service for boxholders and our contract station, we can provide adequate Saturday service to our customers," he stated.

Handling of Wallace Campaign Funds Probed for Tax Violations

WASHINGTON (AP) — The Justice Department, in a move that may spark a political storm, is probing possible income tax violations in the handling of campaign funds by close associates of Alabama Gov. George C. Wallace.

A federal grand jury, aided by two Justice Department experts, is to resume its secret investigation Thursday in Montgomery, Ala., after a two-week recess. Sources say indictments may be handed down soon.

Gerald Wallace, the governor's brother, and Seymore Trammell, Wallace's top financial aide until two years ago, are believed to be central figures in the probe. There has been no indication that Gov. Wallace is directly involved.

The grand jury is digging into campaign donations for Wallace's third-party run for President in 1968 and his late wife's election as governor in 1966.

The panel already has heard testimony that phony invoices were issued by an advertising agency to big campaign backers in the governor's race. The probe also focused on presidential race contributions from contractors doing business with the state.

A $25,000 donation from a school textbook supplier is reported to be among the campaign checks under investigation in the 1966 election.

The grand jury probe is also touching on the financial dealings of firms and people linked to state payments for building supplies, liquor sales pier facilities, government bonds and highway contracts.

Wallace, who carried five Southern states in the presidential race, has had no public comment on the investigation.

His brother, Gerald, all but confirmed his own involvement in the probe. Calling the tax investigation a political move, he said in a recent statement: "The only person that President Nixon fears in 1972 is George Wallace. The Nixon forces know they cannot get at George Wallace, so they are attacking his brother."

There has been no indication Gerald Wallace has been called before the grand jury. Trammel is expected to appear when the panel returns Thursday. He declined comment on the probe.

The Justice Department has sent both a top tax prosecutor and a campaign money expert to Montgomery to help guide the probe. And the federal attorney from Alabama assigned to the case flew to Washington for two days of private talks last week.

The grand jury could return tax fraud indictments if it finds advertising invoices were used by contributors to deduct campaign checks as business expenses on income tax returns.

Political contributions are not legally deductible. Federal law also forbids corporate donations to presidential races.

A Mobile, Ala., advertising executive, Charles O. Ditmars, who handled the 1966 campaign of Wallace's first wife, Lurleen, spent almost three hours before the jury when it began its secret sessions April 12.

A source said Ditmars testified he issued invoices "for professional services" to certain campaign donors at Trammell's request. Ditmars is expected to be a government witness if tax indictments are brought.

Various sources close to the grand jury say the investigation has also involved a wide range of state-related businesses:

TEXTBOOKS — Sources said the panel was told another invoice, not linked to Trammell, was issued by Ditmars in 1966 for two checks to his agency totaling $25,000 from Elton B. Stephens of Birmingham, president of EBSCO industries, Inc. The multimillion - dollar firm distributes virtually all of the state-purchased free textbooks to schools throughout Alabama.

DOCKS — Several former officials of the State Board of Docks, which runs the huge port at Mobile, have appeared before the jury for questioning about donations channeled into the 1968 presidential campaign from state contractors. Former docks director Houston Feaster refused comment when asked about reports that he declined to testify.

BOND ISSUES — One report indicated a prominent Alabama attorney on state-issued bonds has been questioned by govrnment investigators concerning whether two checks for five-figure sums given as fees to a former leader of the Alabama Legislature.

BUILDING SUPPLIES — A Montgomery businessman, Warner Mathis, whose firm supplies window frames, sashes and doors to builders, testified before the grand jury for two hours. Questions reportedly touched on a recent $30 million construction program for the state junior colleges.

LIQUOR SALES — One witness from a distillery in a northern state was called into the probe, apparently to be quizzed about an advertising invoice made out for a donation of more than $5,000 to the late Mrs. Wallace's race. In Alabama, the state runs package stores and handles the wholesale purchase of all liquor, including the drinks eventually sold at bars.

HIGHWAYS — The probe may have revived an old controversy from the first Wallace administration when the federal government threatened to take away a slice of highway aid because of fees that engineering firms were paying to local agents in letting contracts. A federal report said Trammell picked the engineering companies, and it quoted one firm as saying it hired its agent at Gerald Wallace's suggestion.

Bill Barring Tax on Insurance And Pension Benefits Passes

JEFFERSON CITY (AP)— A bill to prevent employes from having to pay state income tax on insurance or pension benefits deducted by their employers was passed by the Missouri Senate Thursday.

The vote sending it to the House was 29-0. The House has a similar bill pending.

Indignant taxpayers from all over the state wrote thousands of letters to their legislators when it became known the Department of Revenue planned to tax such deductions as income in line with a recent ruling by Atty. Gen. John C. Danforth.

But Revenue Director James E. Schaffner decided to suspend any such collection until the legislature had a chance to act on the question.

The state chamber of commerce and the state labor council, AFL-CIO, also decided to withold the filing of a suit pending legislative action. Employers objected to the new procedure because it would have cost them thousands of dollars in added bookkeeping costs.

There was no debate as the bill whisked through the Senate today.

Also passed were three bills in a package designed to protect policyholders from losses when automobile insurance companies go broke. but a fourth, described as the key bill in the series, had to be laid over when opposition developed.

It would set up a system of assessing all liability insurance companies to establish a fund to guarantee against losses when weak companies go bankrupt. One opponent described it as pure socialism.

Passed and sent to the governor were two of the liability insurance bills, designed to let the State Division of Insurance take over operations of financially shaky companies.

A third was sent back to the House for action on a Senate change. This measure would let the state superintendent of insurance ask the circuit court for an immediate order to freeze a weak company's assets before they could be dissipated.

Also sent to the governor was a bill requiring junk dealers to keep a record of copper wire or cable purchases — an attempt to halt widespread thefts of valuable copper wire.

The Senate killed, 16-14, a bill that would increase the membership of the State Board of Probation and parole from three to five members.

Sen. Edward T. Linehan, D-St. Louis, changed his vote to "no" at the last minute so he could seek reconsideration later. The bill would need 18 votes to pass.

One opponent charged the sole purpose of the bill was to get a black man on the parole board.

Other bills passed by the Senate would:

Allow minors to seek treatment for venereal diseases or drug abuse without consent of parent or guardian. It goes back to the House.

Authorize the Public Service Commission to set safety standards for railroad track, bridges and roadbeds. It also returns to the House.

Allow the director of state parks to grant easement for land in the Lake of the Ozarks State Park for underground cables of Southwestern Bell Telephone Co. It goes to the governor.

A measure was defeated by a vote of 16-9 to broaden the law covering unemployed trying to recover pay after being dismissed from a company.

The Senate settled down to passage of bills on the last day of the week's work after disposing of its congressional redistricting battle temporarily.

First in Cabinet

Robert C. Weaver, appointed secretary of the Department of Housing and Urban Development by President Lyndon B. Johnson in 1966, was the first Negro to serve in the U.S. Cabinet.

Younger Voter Referendum Ruled Unconstitutional

JEFFERSON CITY (AP)–It would be unconstitutional, Atty. Gen. John C. Danforth held Friday, to require that a ratification of the federal constitutional amendment on 18-year-old voting be subjected to approval of Missouri voters.

Earlier the Missouri Senate added such a referendum amendment to the ratification resolution and sent it back to the Senate Elections Committee. Sen. Ike Shelton, D-Lexington, said Thursday his committee would hold a further hearing on the resolution late Tuesday.

The attorney general bolstered his opinion on 1920 opinions of the U.S. Supreme Court that such referral of ratification proposals was unconstitutional.

YOU'RE MOVING SILENTLY down stream on Six Flags' underground river. Suddenly your ears are filled with the thundering sound of Indian war drums. Just then, out of the darkness beside you, an Indian chief's skeleton appears. You watch, holding tight to the side of your boat as he paddles his skeleton canoe toward you. You're not dreaming. It's all part of Injun's Joe's Cave Ride at Six Flags Over Mid-America. The Midwest's newest and largest family entertainment center, will hold its Grand Opening June 5. The park is at the Allenton Road exit southwest of St. Louis on Interstate 44.

One Price Admission at Park

ST. LOUIS -- The one price admission concept developed by Six Flags entertainment centers will be preserved by the newest of the parks, Six Flags Over Mid-America, southwest of St. Louis on Interstate 44, when it opens June 5.

This one price concept means that a ticket holder pays but one time for a whole day at Six Flags. In other words, once he has purchased his admission ticket, he has purchased a whole day's enjoyment -- from 10 a.m. to 10 p.m. He may ride all the rides as many times as he wishes. He may see the attractions over and over again as many times as he likes. All this and everything else at Six Flags all for that single admission price. The only extras are food and souvenirs.

The original idea behind the one price at Six Flags was to allow guests a means of control over spending. The idea worked so well and visitors to Six Flags parks were so enthusiastic that it has become a fixture.

Police Baffled By Hit and Run Accident

CARUTHERSVILLE--John Davis, 19, of Caruthersville, is still in the Pemiscot County Memorial Hospital in Hayti after apparently being struck by an automobile on 7th Street, April 23.

Davis was found lying on the shoulder of the street following a two-car accident which occurred at 9:45 p.m. at the intersection of 7th Street and Fair Boulevard. No one knows who ran over the young man.

The accident involved a 1956 Oldsmobile driven north on Fair Boulevard by Victoria Porter, 61, of 702 Grand and a 1969 Oldsmobile driven south on Fair Boulevard by Otho Pierce Hinchey, 18, of South Ward.

Victoria Porter told police she was going north on Fair Boulevard and was turning east on 7th Street. "As I turned the impact came, and I don't know where the other car came from" she said.

Pierce told officers he was going south on Fair Boulevard when lights shined in his eyes. "I couldn't see anything and then the impact came," he reported. Pierce also told investigating officer Jess Johnson that after he got out of his car he saw John Davis lying on the shoulder of the street.

Davis, the hit-and-run victim, didn't tell officers anything about the accident, and he was taken to the Pemiscot County Memorial Hospital. Later, he told Hayti police that he didn't know who had hit him.

It was reported that Davis is suffering from a fractured leg and is expected to be released from the hospital soon.

Police Chief "Doc" Stone said that the case is under investigation. "We intend to question Davis concerning the incident as soon as possible," said the police chief, "and try to find out what car hit him."

Both drivers told police they didn't strike the young man and didn't see anyone run over him.

Coffee Corner

By Cherie

It is not "spring fever" because I've worked just as hard as I could, no I really think its probably just a bad case of senility, for everything I've done this week has had to be done over once and sometimes twice. And please don't tell me I'm too young to be senile because if thats so then I'm just plain crazy and I don't think I have the strength to cope with that right now! For instance, last night I know the boys toilet was stopped up and the water, when flushed, would rise to such an alarming level I'd almost have a heart attack, but after a hasty S.O.S. to the plumber and a quick reply — flushed beautifully - now don't you know that plumber thinks I'm kooks! Then, I let the hem out of a full, full skirted dress only to find when I'd gotten 90% around it the hem had been cut and I had to put the whole blame thing back in again right where it had been before — too short! I also hung a grouping of paintings over a divan on the patio only to step back and admire them and find that somebody had shoved the divan down and the whole grouping was tilt, so down everything came and then all had to be centered and rehung! I did a hand laundry and discovered after I had trooped to the basement trailing water after me like the creature from the black lagoon that when I tramped back upstairs I'd dropped a dress so I wasn't finished after all! I burned up a ham in the oven, no explanation! I hauled the hammock up from the basement in pieces, fought and struggled to get all the old rusty poles together again and voila — I put it together backwards! All of this I want you to know I accomplished in the small space of three hours — heavens, just think what I could have done in six hours and probably would have except I threw up my hands in despair, and crawling backwards into the backward hammock to make things come out right, I quit!!!

BAN ON BOYS

COLCHESTER, England (AP) — Boys have been banned from midnight sex film shows at an Essex movie theater — unless they are accompanied by girls.

The manager said the boys made too much noise shouting comments about love scenes, but he found that the girls kept them quiet.

Icy Water Helps Child Survive Near Drowning

LYNN, Mass. (AP) — Richard Sherry is alive and well. But it was a close call.

A neighbor found the 2-yearold son of Mr. and Mrs. Richard Sherry in a pond near his home Monday.

He was rushed to Lynn Hospital, but doctors could detect no pulse. The boy's breathing had stopped and his body temperature was 60.

Doctors applied mechanical resuscitation, inserted a breathing tube in the boy's throat and pressed rhythymically on the lower chest wall to restore Richard's heart beat.

Slowly, under a hypothermal blanket, his body temperature rose to 83 and he began breathing.

Tuesday morning, Richard was able to breath without mechanical aid and his body temperature had become normal.

By noon Tuesday, he was conscious and could recognize his parents.

Wednesday, he was eating ice cream and Thursday he left his crib.

Dr. Lawrence Helefield, a specialist in emergency medicine, said Friday the extremely cold water of the pond, 35 degrees, saved Richard's life.

"The boy's body was actually petrified by the cold water and as a result there was no damage to the brain," Helefield said.

Student Loan Meeting to Be Held at Bluff

JEFFERSON CITY (AP) — The U.S. Office of Education has assumed responsibility for administering the guaranteed loan program in Missouri at the request of Gov. Warren E. Hearnes.

The change, announced Saturday, becomes effective immediately.

Max M. Mills, regional director of the Department of Health, Education and Welfare at its Kansas City regional office, said in announcing the change, a series of six meetings will be held this week. The meetings are to explain details and procedures to officials of lending institutions and college financial aid officers.

Under the plan, Missouri students can obtain federally insured loans for higher education.

All six meetings will begin at 2 p.m. They are:

Kansas City — May 4, Commerce Bank.

St. Louis — May 4, Forest Park Community College.

Poplar Bluff—May 5, Rogers Theater.

Jefferson City—May 5, Hotel Governor ballroom.

Springfield — May 6, Southwest Missouri State College.

Kirksville— May 6, Northeast Missouri State College.

Genes May Play Important In Alcoholism

ANAHEIM, Calif. (AP)--Having genes of an alcoholic parent may be a more important factor in alcoholism than environment, says Dr. M. A. Shuckit, a psychiatrist at Washington University of St. Louis.

Schuckit said in an interview Thursday that his opinion is from a study of two groups totaling 98 persons, half-brothers or half-sisters of patients in a state hospital alcoholic ward. He is attending the National Council on Alcohol meeting here.

"Statistics show that in his small sample, having a real parents who was an alcoholic has a definite and more important influence on the development of alcoholism than being brought up by an alcoholic parent figure who is no blood kin," he said.

Schuckit said, however, that his findings do not mean environment is unimportant.

UNLOADING STEEL

BEARDSTOWN, Ill. (AP) — Steel from Mexico was unloaded from three river barges at this Illinois River port because locks on the Mississippi River at Winfield were being repaired.

The 4,000 tons of steel required the employment of 21 trucks to haul this shipment from the Logsdon docks operated by a sand and gravel firm to steel plants in Beardstown and Quincy, Ill.

Looking Back

Piano Recital Held at Canalou

50 Years Ago
May 5, 1921

Misses Margaret Harris and Irma Wilson returned from Columbia, Mo., Sunday morning. Miss Harris attended the University of Missouri the fall and winter term. Miss Wilson went to that city to be present at the graduation exercises of the university last Wednesday and to receive her degree.

Evert Crowe, son of the Rev. and Mrs. H. P. Crowe, arrived home last Sunday night from Columbia, Mo., where he had just graduated from the School of Commerce of the State University. Mr. Crowe was also during the past year a member of the varsity football and basketball teams. He will leave in a few days for St. Louis to take a position with Valier & Spies Milling Co.

Sikeston people were grieved to hear last Saturday that Mrs. Henry F. Emory, a former citizen and highly esteemed woman, had passed away at her home in Essex, Mo., at an early hour that morning. Among the survivors are two sisters, Mrs. Wm. Pharris and Mrs. Martha Pharris of Sikeston.

William Johnson Wilkey died at his home in Sikeston last Saturday morning after an illness of three years. In the spring of 1918 he was stricken with paralysis and never recovered from the effects of the stroke.

40 Years Ago
May 5, 1931

New Madrid – Louis Meier, son of Mr. and Mrs. Walter Meier of this city, and student, at present, at Birmingham Southern College, Birmingham, Ala., won the high jump in the track meet between Birmingham Southern and the University of Chattanooga. This is Meier's freshman year at college.

Armory, Miss. – In the presence of seveal hundred people here on May 2, Ralph (Dare Devil) Miller fell 60 feet head first while being drawn by a rope to the top of a 150-foot city tank to perform his favorite stunt of extracting himself from a strait-jacket while in mid-air. He is reported to be paralyzed from his waist down and attending physicians are skeptical of his recovery. Miller performed the "Death Drag" here recently on Malone avenue.

Sikestonians will be able to putter around on the Wee-Way or Miniature Golf Course beginning Wednesday evening, according to Tharon Stallings and William Miller, owners, who intend to hold their formal opening that night, weather permitting. It is ideally located on the large shady lot east of the Handy L. Smith home, corner Tanner and Kingshighway.

M. C. Cunningham of Sikeston was selected by the Desloge School Board at a special meeting held Tuesday night to be superintendent of the schools there for the ensuing year. The salary for this year has been placed at $3,000.

30 Years Ago
May 5, 1941

Charles Bedird, Missouri Utilities employe, sustained an injury to the right eye, when he was blinded by flying sparks while at work Tuesday afternoon. Dr. T. C. McClure treated the injury, which was not serious.

Mrs. G. W. Hahn, mother of Mrs. E. F. Mouser of Sikeston, died at her home in Fredericktown Thursday morning of a heart ailment, after a three-weeks illness. She was 82 years old and had been active until her recent illness.

Miss Kathryn Clark will present her class of piano pupils in Canalou in a recital Wednesday in the Woman's Community Clubhouse at Canalou. Those appearing on the program are: Iris Blankenship, Pearl Dean East, LaVerna Wilkening, Herbert and June Cathy, Junior and Janice Myers and Doris Geske.

Mr. and Mrs. Roy Duff of Sikeston are parents of a son born at Sikeston General Hospital Saturday.

A son was born to Mr. and Mrs. Ray Strickland last Thursday at the local hospital.

20 Years Ago
May 5, 1951

Jackson – William A. Heyde, 68, father of Mrs. Jack Yount of Sikeston, died yesterday in a St. Louis Hospital following an operation. He made his home here with the Yount family in recent months.

Old Mill B was put on the auction block today and soon this landmark will be torn down and be but a memory in the minds of many Sikestonians. The SEMO Salvage Co., purchased the lumber in the building bidding a successful $950. The building was owned by the city and the land will remain in the hands of the city. Non of the equipment was included in the purchase.

The Cooke Equipment Co., of St. Louis, dealers in Allis-Chalmers farm equipment and other machinery, has purchased a tract of land in the eastern part of the city, it was announced here today. H. Garwood Sharp, co-owner of the property said today that the St. Louis firm bought a site measuring 360 by 600 feet, east of the VFW Memorial Stadium on U.S. 60. It has been learned here that the equipment firm plans to erect an extensive repair shop for Allis Chalmer equipment.

In another transaction, Mr. Sharp said he has sold a five and a quarter acre tract to W. W. Lankford of Sikeston. Mr. Lankford said that he bought the property for future use, possibly a warehouse for cottonstorage.

F. A. "Al" Stepp, son of Dr. and Mrs. F. A. Stepp, celebrated his second birthday with a party at his home yesterday afternoon.

Lind Joann de Jarnette is the name selected for the baby daughter of Lt. and Mrs. John R. deJarnette, born this morning in Columbus, Ga., near Fort Benning, where he is stationed. Mrs. deJarnette is the former Miss Frances Ann Newsom.

Mr. and Mrs. Lloyd Garham of Caruthersville are parents of a baby girl born at the Delta Community Hospital on the fourth.

A daughter was born to Mr. and Mrs. J. B. Edwards of Catron yesterday.

The Central Tigers hung one on the Sikeston High Bulldog baseballers at VFW Memorial Stadium yesterday as they downed the locals, 11-1.

The Prayer
from The Upper Room

We took sweet counsel together, and walked unto the house of God in company. (Psalm 55:14)

PRAYER: Teach me, O God, to rejoice in worshiping with Thy people, that I may receive all that Thou hast to give. Amen.

Deaths

ODIE LINCOLN

ADVANCE — Services for Odie C. Lincoln, 61, were Sunday at 2 p.m. at the Ward Funeral Home in Lutesville with the Rev. Milas Rhodes officiating

Burial was in the Plainview cemetery.

Lincoln, died Friday afternoon while enroute to a Cape Girardeau hospital. He had lived in the Lutesville area until about a year ago when he moved to Advance.

He was born July 10, 1909 in Bollinger County. His first wife died in 1965. On Feb. 9, 1970, he married Mrs. Ethel Proffer, who survives.

Other survivors include a daughter, Mrs. Naomi Dearing Kennett; two brothers, Claude Lincoln, Lutesville, and Charles Lincoln, Jackson; two sisters, Mrs. Nellie James, Advance, and Mrs. Beatrice Welker, Lutesville, and five grandchildren.

DAVID BRIGGS

Services for David Loren Briggs, 28, who died Tuesday, will be at 2 p.m. Thursday in the Nunnelee Funeral chapel with the Rev. T. A. McDonough, officiating. Burial will be in the Garden of Memories cemetery.

Pallbearers will be Eugene Walker, James Watson, Ronnie Watson, Byron Eddy, Phil Tidwell and Mike Rowell.

RANDAL EVANS

DEXTER— Randal Evans, 86, a well-known resident died of a cerebral hemorrhage at 2:15 a.m. Monday at Doctors Hospital in Poplar Bluff after a three-day illness.

A life-long resident of Stoddard County, he was born Dec. 4, 1884, near Dexter, Evans spent his childhood in the Dexter area and attended the Renner School. On Sept. 14, 1905, he married Zora Jarrell at Dexter. She died March 8, 1969.

Evans served as sheriff of Stoddard County from 1936 to 1940 and from 1944 to 1948. During World War II he served as a U.S. Ranger at Boulder City, Nev. He was a member of the Stoddard County selective service board during World War II.

Evans was well-known as a potter and operated Evans Pottery near Bloomfield. As a young man, he learned his trade from his grandfather, Thomas Simmeon, and he continued to work as a potter until his retirement in 1969.

Masonic rites were at the Chiles-Cooper Funeral Chapel at 8 p.m. Tuesday. E. Gene Estes, the District Deputy Grand Master of the Grand Lodge of Missouri, will officiate.

Services were at 2 p.m. today in the funeral chapel. The Rev. Cecil H. Hurt, pastor of Dr. Fry Memorial United Methodist Church in St. Louis, conducted the services and burial was in the Bloomfield cemetery.

Survivors include a son, Terrell Evans of Las Vegas, Nev.; two daughters, Mrs. Lucille Dossett of Magee, Miss., and Mrs. Lois A. Mooney of Bloomfield; seven great grandchildren; three sisters, Mrs. Lena Noland of Cape Girardeau, Mrs. Mollie Evans Garrison of Pocatello, Idaho, and Mrs. Amy Tucker of Bloomfield.

Elbert Sloan

Sloan Regional Officer

Elbert Sloan, 708 East Gladys, was appointed regional deputy grand master of council by members of the sixth Missouri region, at the 106th annual assembly of Royal and Select Masons at Springfield.

He is the recorder of El Camino Council 52 and the secretary of the Sikeston Masonic lodge.

He has served as grand master of the first veil of Royal Arch Masons of the grand chapter of Missouri.

Others attending the Springfield meeting from Sikeston were M.S. Gwinn, Walter Powell, Melvin Moyer, August Butler and Walter Rayburn.

Armed Forces

SAN ANTONION--Airman Richard G. Wiseman, son of Mr. and Mrs. Cecil C. Wiseman, star route, Dexter, Mo., has completed basic training at Lackland Air Force Base, Tex. He has been assigned to Fort Benjamin Harrison, Ind., for training as an information specialist. Airman Wiseman, a 1970 graduate of Dexter high school, attended Three Rivers Junior College in Poplar Bluff.

Robert Davis of Sikeston had a home leave, was promoted to sergeant and passed the general education development examination for his high school diploma. Sergeant Davis is the son of Mrs. Robert McNail. The McNails live at 137 Bynum.

During the winter, Davis was assigned as radio relay operator for maneuvers, Acid Test III. For excellence of duty performance he was awarded a certificate of achievement and was recommended for promotion to sergeant. Davis has been assigned to Alaska since March of 1970.

When Davis arrived back at his Alaska base he was informed that he had passed the GED examination that qualifies him for a high school diploma. He passed in the upper 10 per cent of his class. He plans to continue his education in communications and electronics after he finishes his enlistment.

NEW YORK (AP) — Bud Cort has been signed for a starring role opposite Ruth Gordon in Paramount Pictures' "Harold and Maude" which will be co-produced by Charles Mulvehill and Colin Higgins, it was announced recently by Robert Evans, Paramount's Senior Vice President in charge of world-wide production.

Cort includes among his screen credits "Brewster McCloud," "The Traveling Executioner" and "M A S H."

Townsend Teacher Of Year

PORTAGEVILLE— Last Friday the teachers of the First Church of God honored Pete Townsend as Teacher of the Year.

Townsend was born August 11, 1925 into a family of several children where love was shown. In early childhood the Townsends moved from Arkansas to Southeast Missouri. He was educated in our local school system.

At the age of 22 on August 7, 1947, Pete married the former Mildred Ray. Two sons were born of this union. This was a happy home but not a God-centered home. Then on June 10, 1962 Pete and Mildred experienced a second birth during a regular Sunday evening Service under the pastoral leadership of Grady Hogue. Hand in hand this couple walked down the aisle to an old fashioned altar of prayer. There they found God as their Saviour and Lord and dedicated their lives totally and completely to His service. The following Sunday they followed Christ's example by being baptized.

Almost immediately, Pete began work at jobs wherever needed. The first teaching experience was as an assistant to the pastor's wife. Upon the resignation of this pastor, the assistant became teacher. Then a calling was felt to work with children and upon resignation from the adult class, became teacher of a group of Primary boys. Later accepting a class of Junior boys and now has the 7th grade class.

Pete has held many positions in our church besides teaching. Among those: member of the Church Council, Building Committee, Board of Trustees, on the ushering staff, President of the Men's Brotherhood and now a member of the Nominating Committee and has served as custodian for six years.

During this time two daughters have been sent by God to join this wonderful family. They have been one of the most faithful and dedicated families in our Church.

The following sketch was prepared and read by Helen Dale. Then in closing Helen said, "Pete Townsend, tonight we honor you as Teacher of the Year. May God richly bless you in all your future endeavors and may your faithfulness continue as in the past!!"

Sales Tax Bill Offers Revenue Share to Cities

JEFFERSON CITY (AP) -- An attempt to make a sales tax bill which would share revenue with cities and counties a special order of business in the House began Thursday as St. Louis Mayor A. J. Cervantes met with Gov. Warren E. Hearnes.

Cervantes said his meeting with the governor -- which lasted about an hour -- was pleasant and the governor was 'understanding of the problem."

The House bill, sponsored by Rep. Gene Mazzuca, D—St. Louis, would raise Missouri's sales tax from 3 cents to 5 cents on a dollar with the additional two cents rebated to cities and counties on a per capita basis. It was approved by House committee 7-2.

Cervantes, who is also president of the Missouri Municipal League, said he anticipates all mayors of Missouri will join in support of the effort to get the bill through this session.

Kansas City's newly - elected mayor, Dr. Charles B. Wheeler Jr., said that he plans to work closely with Cervantes.

Consumer Shares in Ad Benefits

OXFORD, Miss — The main goal of advertising, local or national, is to sell a new or improved product or service.

When his advertising succeeds, the merchant feels that he has created new wealth for the consumer as well as himself.

Some advertising debunkers argue otherwise. They claim that the new sales create waste. The debunkers overlook the fact that they are enthusiastic users of the new products which advertising has put on the mass market at low prices.

Perhaps a woman does enjoy the prestige of having a new automatic laundry in her home. On the other hand, the new equipment may relieve her of two full work days each week. In terms of money, this amounts to ten to twenty dollars per week -- an amount far exceeding the cost of the equipment. Where is the waste?

Or, we might go back to pre - advertising days. The candle was a quaint and romatic form of lighting, but it was far from cheap. It would cost 100 times as much to get an equal amount of light from candles as electricity provides in the modern home.

To some, air - conditioning may seem a wasteful luxury created by advertising. Yet production in cooled offices increases enough to pay for the cooling equipment. In churches, increased attendance and increased individual contributions more than pay for new cooling equipment. Even if we discount value in terms of human comfort, the new products still represent a material gain.

Human satisfactions, prettier women, more leisure, and healthier people are important side benefits of advertising which pays its own way in purely material gains.

Library Aid Checks Mailed

JEFFERSON CITY — Checks totaling $85,657 for fourth quarter payments of state aid to public libraries were mailed to public libraries today by the Missouri State Library.

The checks, going to 143 public libraries in the State, reflected a 15 per cent reduction in state expenditures ordered by the state comptroller in light of declining state revenue.

State aid funds, paid largely on the basis of the population served by the library, are for assistance to libraries in the purchase of books and for the provision of library services.

MEMBERS OF THE SIKESTON REACT team met last week to organize local club activities. The 10-member organization is under the leadership of Fire chief Dolph Webb. Members, from left, are Geneva F. Webb, Earl Sindle, Webb, Earl Cook, and Imogene Mays.

Recognition for Citizens Band Club

The recognition of the Bootheel Citizens Band Club of 405 West Malone, as an official Radio Emergency Associated Citizens Team has been announced by REACT National Headquarters in Chicago.

REACT is a community program to provide organized citizens two - way radio communications in emergencies. Sponsored nationally as a public service by General Motors research laboratories, REACT's objectives are to provide a supplementary system of radio communications and to promote correct and efficient use of citizens radio.

40,000 citizens are members of about 1,500 REACT teams in the United States and Canada.

Coordinating the Sikeston effort is Fire chief, Dolph Webb, Jr., who is president of the club. Webb said a headquarters monitor station will be in operation 24 hours a day for the purpose of relaying emergency messages to authorities.

"In many communities, citizens two - way radio has proved the difference between life and death", Webb pointed out. "From an accident scene on a remote country road, a citizen whose car is so equipped can instantly alert an ambulance, a doctor and a hospital staff. He can also save precious moments in disaster situations where emergency oxygen or a resuscitator is needed".

"Citizens radio has many other community uses as well as possibilities in event of national disaster," he added. "Through organized effort, we expect to utilize its potential more fully".

Citizens two - way radio was created by the Federal Communications Commission to satisfy a need for low - cost, two - way radio for personal and business communication. Today, any citizen over 18 may own a private citizens radio communications system once he has applied for and received his easily - obtained radio station license. There are no examinations required. The license may be obtained from the Federal Communications Commission.

Adaptable to a host of office, industrial, farm, home, automobile and leisure - time applications, these radios have a range of 10 to 30 miles depending upon geography and conditions.

Too Many Political Parties Plague Dutch

By Editorial Research Reports

ROTTERDAM -- When the Dutch go to the polls on April 28 the prime issue facing them on the ballot will be the proliferation of political parties. All told, the bewildered Dutch have 28 parties, 15 of which were represented in the last parliament. As no party has even a remote chance of winning a majority, the resulting coalition will have little to do with the people's will.

There are no fewer than five parties whose sole aim is to champion the interests of the retired and the elderly, claims the weekly ELSIVEER. Their goal is to increase the old-age pension which is about $35 a week for a married couple. There are five dissident farmer groups, two law -and- order parties, three separate Calvinist groups. And then there are the Kabouters (or gnomes) whose primary object seems to e to throw a spanner into the works and bring down the political system.

For good measure a splinter group, the Democratic Socialists '70, has joined the fray. The latest Dutch opinion polls show that on their first attempt the '70 group may gain as many as 14 of the 150 parliamentary seats With the Catholics and the Labor Party both likely to get over 30 seats each and the Communists, Liberals, Pacifists, Radical Socialists. Moderate Radicals, and Calvinists all struggling to retain their seats against the newcomers, it looks very much like a political orgy is in the making.

The writer Michel de Ghelderode once described a philosopher, Kwiebe-Kwibus, who lived in a city divided into 100 segregated districts. Each district had its own bell and belfry. The inhabitants of each district thought their bell was unique and could not be matched in tone. But Kwibus concluded that the locals, by dint of hearing only their own bell, "heard only one sound." The inability of the Dutch to hear bells other than their own has become characteristic of their policital predicament.

The Dutch system of proportional representation favors a multitude of parties, but such proliferation is self defeating. Political tribalism along religious or block interests might appeal to some detractors of the two-party system, but in reality it prevents political change. The fragmentation in Parliament has meant that over the past 50 years there have been no marked changes in the power structure in Holland.

The Dutch electorate had grown tired of the political infighting and the refusal of the coalitions to come to grips with the issues. With the smog from the oil refineries in Rotterdam as thick and smelly as ripe Gouda cheese, even pollution has become a political football.

Nobody wants to stick his neck out before the election, but with the Dutch trade deficit close to $500 million last year, economists are saying that workers will have to be content with a 2 to 2½ per cent annual rise in their real purchasing power. There is great concern about what will happen to the economy after July 1 when the present partial and highly insecure wage - freeze runs out.

And so the merry-go-round turns. The present coalition will lose its working majority and the patchwork solutions will continue. As for the Kabouters, they refuse to campaign seriously. They are out picking tulips. This elegant nonchalance won them 11 per cent of the votes in Amsterdam's municipal elections last summer. Such success comes only from a profoundly disgusted and cynical electorate.

Bell Citian Honorary Tops

COLUMBIA — Ernest Howard Hoosier, route one, Bell City, was one of 39 upperclassmen and graduate students at the University of Missouri to be named to Kappa Tau Alpha, national journalism society.

New members are in the top 10 per cent of the students in the school.

Train, Mobile Home Collide

SCOTT CITY— An estimated $4,500 damage was caused when a freight train and a mobile home collided Thursday. No one was injured.

The mobile home was being pulled by Walter H. Bolen, 58, of Memphis, Tenn. He was crossing the Cotton Belt railroad tracks on Louie street when the accident occurred, the highway patrol said.

Bolen, who was delivering the trailer to Rogers Mobile Home Sales, reported he was flagged by the owners of the trailer to cross the tracks and didn't see the train coming.

The train struck the rear of the mobile home, causing about $3,000 damage to the home and $1,500 to the locomotive.

The train was engineered by F. E. Welsh, 58, of Scott City. He told the patrol that he knew the mobile home would not have time to complete the crossing when he saw it pull onto the tracks, but it was too late to stop the train.

Deferments Authorized For Doctors

WASHINGTON (AP) — Draft Director Curtis W. Tarr announced today authorization of deferments for doctors whose services are essential to their communities.

Tarr said each state must still provide its share of medical personnel in a special draft of doctors to begin in July and continue through January 1972.

The Defense Department has issued a call for the drafting of 1,608 physicians, including 1,531 medical doctors and 77 osteopaths.

Tarr said local boards are being instructed to review immediately the cases of registrants for the doctor draft when they receive information concerning how essential they are to their communities.

Red Meat Output Climbs Sharply

WASHINGTON (AP) — The nation's output of red meat by federally inspected slaughter houses jumped to 649 million pounds last week, compared with 639 million the week before and 604 million a year earlier, the Agriculture Department reported Wednesday.

Cattle and lamb slaughter was down from the earlier period, but sharply larger hog supplies more than offset the declines. The Consumer and Marketing Service said that 1,866,000 hogs were reported slaughtered during the week ended April 24, compared with 1,761,000 a week earlier and 1,401,000 a year earlier.

Price Support on Milk up Sharply

WASHINGTON (AP) — The government bought an equivalent of seven billion pounds of milk during the year ending March 31 to help support dairy prices, says the Agriculture Department.

At a cost of $380 million, the purchases compared with 4.1 billion pounds of milk equivalent during the 1969-70 marketing year when the price support program cost $227 million, officials said.

Maturities on Bonds Extended

WASHINGTON (AP) -- The Treasury Department said Thursday maturities for older E and H savings bonds and Freedom Shares will be extended.

It said the action insures that the bonds will continue to draw interest regardless of when they were purchased

Two Spanish War Vets at Annual Meet

KANSAS CITY (AP) — Fred H. Grabbe, 85, commander of the United Spanish War Veterans of Missouri, observes that "we're just about at the end, I guess. You know, we can't recruit new members."

A retired police captain from St. Louis, Grabbe and Dr. William C. Crow, 92, of Hopkins, Mo., were the only two veterans on hand for the group's annual meeting over the weekend in Kansas City.

"I guess there are about 29 of us in Missouri," said Grabbe, "but most of them are in hospitals or nursing homes and they just can't make it."

However, Sunday night, Grabbe, accompanied by 30 members of the organization's auxiliary, held a memorial service for seven members of the two groups who have died since the last meeting.

"The auxiliary is made up of wives or daughters of Spanish American War veterans.

Grabbe enlisted in the Navy in 1898 at the age of 15 and served on a gunboat in the Philippines. He later re-enlisted to fight in World War I.

"I'm just doing my best to keep things together," he said, "until the commander in chief up above decides to take me away."

Horse Show Next Saturday

Big River Appaloosa Horse club will sponsor an Appaloosa Horse Show next Saturday, at the Jaycee Rodeo Grounds, with halter classes at 10 a.m. followed by youth classes and performance classes starting at 6 p.m.

Area Town News

Canalou

CANALOU — Mrs. Virginia Melton received her 50 year pin from the Morehouse chapter of the Eastern Star on April 20. Mrs. Ruby Blankenship received her 25 year pin at the same time.

Mrs. Guy Vines of Bloomfield, chairman of the Big Ridge Cemetery Committee, called a meeting for Sunday, May 2, at the home of a committee member, Mrs. ElmerGruen. Others on the Committee are: the Rev. Raymond Myrick, Roy Johnson and Phillip Newman. The purpose of the meeting was to plan the annual Memorial Service for the deceased loved ones who are at rest in the cemetery.

Leonard and his brother Ray Warren, came last week to help their mother, Mrs. Rhoda Warren, celebrate her birthday. Leonard lives in Laramie Wyoming, Ray lives in Quincy, Ill.

Mrs. Raymond Dial of Sikeston visited Thursday with her mother, Mrs. Rose Cannoy.

Mr. and Mrs. Ronnie Hewitt and Ronnie Lynn had as Sunday guests her parents, Mr. and Mrs. Oteby Lewis, of Portageville. In the afternoon the group visited with relatives in Dexter.

Mr. and Mrs. Jim Wilkening, Mr. and Mrs. Fred Lasters, Mr. and Mrs. Henry Cain, Mr. and Mrs. Earl Johnson, and Mr. and Mrs. Fred Boren were among those who attended the band concert in Matthews on Thursday of last week.

Mr. and Mrs. James Bixler of Bloomington, Illinois, were weekend guests of his parents, Mr. and Mrs. Roy Bixler.

Mrs. Ruby Peevyhouse of Charleston is visiting this week with her mother, Mrs. C. M. Pointer, and sister and husband, Mr. and Mrs.N. G. Hewitt, and brother and family, Mr. and Mrs. Ernest Pointer and Randy.

Mrs. Florence Poe of Charleston visited Thursday with her sister, Mrs. Dora Phillips.

Mr. and Mrs. Willard Cude spent the weekend in Memphis, where her mother, Mrs. Coy Richardson, is a hospital patient. Their children, Angela and Brad, spent the weekend with friends, Mr. and Mrs. Charles Joyce and Steve.

Mr. and Mrs. Dale Geske took a drive Sunday afternoon to Eleven Point to view the beautiful spring scenery.

Mrs. Nelson Gruen and Mrs. Elmer Gruen attended the Scott Central "Sing Out" group at the West End Baptist church in Sikeston on Sunday afternoon. They also enjoyed the singing of the Junior Choir of the church.

Mr. and Mrs. C. C. Blankenship visited Saturday and Sunday in Bloomfield with her sister and husband, Mr. and Mrs. Gene Hessling.

Mrs. Vernon Walker is in Blytheville this week with her mother, Mrs. Della Beck, who was recently discharged from a hospital. Mrs. Walker's brother - in - law, H. A. Parr, is now in the hospital following a heart attack. Walker and granddaughter, Miss Lisa Wells, accompanied her to Blytheville then returned home. They were Sunday guests of his daughter and family, Mr. and Mrs. Jim Duke and children in Sikeston, and supper guests of another daughter, Mrs. Fred Lasters and family.

Mrs. Louise Muffett Mose of E. Chicago has moved into the property which belonged to her late parents, Mr. and Mrs. Ernest Muffett. Her sister, mrs. Glendora Powers and daughter, Miss Sue, will live with her while building a new house.Another sister, Mrs. Burma Metros and sons, Ricky and Mike, have purchased the property of Mr. and Mrs. Elmer Gruen. They will be moving here by the first of June. Welcome home to all of the Muffett girls.

Mrs. Louise Mose, Mrs. Burma Metros, and Mrs. Elmer Gruen visited Wednesday afternoon with Mrs. Phillip Newman near Sikeston. They also attended the "Sing Out" assembly program at Scott Central High School.

Eugene Gruen, who is stationed in Fort Bragg, N. C. arrived Thurs. for a visit with his parents, Mr. and Mrs. Nelson Gruen, and sister, Miss Mary Ann, of Poplar Bluff.

The cerebellum, a part of the brain, regulates posture, balance and movement.

memo to advertisers

CRYSTAL BALLS JUST DON'T SEEM TO GRAB US

We read a good deal about advertising research and are frequently reminded of some mystical incantation—figures mysteriously projected, multiplied, divided, contorted to form a supposedly attractive story.

What ever happened to the good old how-many-copies-were-really-sold counts? That's the kind of stuff advertising rates are based on!

And it's just for that reason we have a no-nonsense, no-mystery ABC audit report of our circulation audience.

If you aren't strong on crystal balls either, just ask to see a copy of our latest report from the Audit Bureau of Circulations.

Be ABC-sure!

THE DAILY STANDARD

The Audit Bureau of Circulations is a self-regulatory association of over 4,000 advertisers, advertising agencies, and publishers, and is recognized as a bureau of standards for the print media industry.

AUDITED PAID CIRCULATION ABC

Industrial Prospects In Dexter

DEXTER— Dexter's industrial activity continues to move at a fast pace with several prospects considered "hot" right now.

The industrial development committee of the Dexter Chamber of Commerce is headed by Don Evans local car dealer, who stated that the activity as of late has increased. There have been several good prospects that have definite interests in Dexter as a site for their industry. Evans also stated that most of the prospects come from the Missouri Department of Commerce and Industrial Development in Jefferson City and the two railroads that serve Dexter. They generally arrive here and the only thing we know about them are their requirements as for as acreage type of building, water, sewer, electricity and gas. All we know about them as far as their name is a number. They are screened as far as to what kind of company they are financially and otherwise by the staff at CID and by the railroads. They want to keep their name confidential so as not to let their competition know their future plans and also from keeping communities they have no interest in from "bugging" them.

Evans also stated that, "We are "hungry" for new industry, and we make no secret that we generally are looking for industry that employs men, as we feel that's the biggest need at the present time and that's the type we're really trying to go out and get,"

The industrial committee just completed a new "industrial package" to be sent to prospective industries, entitled "We Want You in Dexter, Missouri". It has a colorful cover with a picture of Uncle Sam pointing out the "We Want You", the same as used for many years in Army recruiting posters.

Bob Robins, President of the Chamber of Commerce, who works closely with Evans and his committee said "I believe our chances of a new industry are brighter now than they have been for the last several months due to the upsurge of the economy. I am very optimistic."

Cape Park Superintendent Wins Praise

JEFFERSON CITY— Director of Missouri State Parks, Joseph Jaeger, Jr., gave praise to Trail of Tears State Park Superintendent Jim Mullins as a nominee for the park board's superintendent of the year award.

Jaeger noted that Mullins was chosen from nearly 40 superintendents from throughout the state. The nominees are chosen by the Park Board's administrative personnel on the basis of their work, attitude, and cooperation.

The winner announced at a banquet at Lake of the Ozarks State Park is Kenneth Apperson, superintendent of Roaring River State Park near Cassville. Apperson, a native of Camden County, was also last year's winner.

Jaeger noted, "The selection of the Superintendent of the Year Award is not an easy decision. Mullins represents the dedication necessary to develop and maintain state parks at their best."

Dexter Firm Distributor

DEXTER— Lewis Rogers Construction Co., Inc., was named today as area distributor for Thermlok Buildings System, an insulated system for constructing cold storage buildings, by Stran-Steel Corporation, Houston.

The company is the area Stran-Steel franchised builder. Stran is a subsidiary of National Steel Corporation.

BOWIE KNIFE

WASHINGTON, Ark. (AP) — This small town in Southwest Arkansas bills itself as the home of the famed "Bowie Knife", sometimes called the "Arkansas Toothpick."

The town advertises that in November of 1831 Jim Bowie employed a wilderness silversmith by the name of James Black of Washington to make him a knife that would be a better fighting weapon than anything then existing.

Black, as the story goes, made the knife as ordered, then made another for his own. Bowie chose Black's knife and the weapon became known as the Bowie Knife.

Political Ambitions May Color Legislative Term

JEFFERSON CITY (AP) — The political ambitions of some members of the legislature could color the record of this legislative session.

A substantial number already have tossed their hats in to the political ring or are listening to the echoes from speculation.

And a man seeking higher office is always the target of special interests that can produce votes or campaign money.

On the Senate side, an avowed maverick already has filed for the Democratic nomination for governor. He is Sen. Earl R. Blackwell, D-Hillsboro, who successfully led the referendum fight against higher taxes a year ago and declares he will do the same on any tax increase passed this session.

Lt. Gov. William S. Morris, another Democrat and a good friend of Gov. Warren E. Hearnes, also is seeking to succeed Hearnes. He, too, is considering the office of the Senate.

Sen. Donald Manford, D-Kansas City, has not publicly scotched reports he wants to run for governor. Perhaps his ear is close to the ground.

Sen. Robert A. Young, D-St. Ann, has an eye on the race for Congress in the 1st District if the black majority there can be reduced by a redistricting bill.

As approved by the Senate last week the district would be more acceptable to him and less acceptable to the incumbent congressman, William L. Clay, a Democrat also. Clay is serving his second term as Missouri's first Negro congressman.

On the House side, Speaker James E. Godfrey, D-St. Louis, announced he will file for lieutenant governor. He said he is uniquely qualified for the office because of his years of presiding over the House as speaker.

But another House Democrat, Rep. Jack J. Schramm, D-University City, already has filed for lieutenant governor. Both Schramm and Godfrey are attorneys.

Another House attorney, Rep. James E. Spain, D-Bloomfield, has announced for attorney general.

Veteran Rep. R. J. King, RClayton, has filed for governor on the Republican ticket. He says it is time to straighten out Missouri's government after a quarter century of mismanagement by the Democrats.

And Rep. George Parker, RColumbia, has filed for treasurer on the Republican ticket. He is a retired Air Force officer.

With Godfrey leaving the speaker's office there's a contest for that position that many Missourians consider the second most powerful in the state.

Majority leader Richard J. Rabbitt, D-St. Louis, and Speaker pro tem Patrick J. Hickey, D-St. Ann, both have expressed interest in moving into the speaker's quarters.

Trouble is their districts have not yet been aligned under the 1970 census, they don't know positively they will be re-elected or even that the Democrats will be in the majority in 1973.

But in all these cases these legislators will have to listen to the complaints and demands of a lot more Missourians than just their constituents in their

Primary Care Unattainable in Parts of State

ST. LOUIS (AP)–The goal of being able to obtain primary health service within one hour is unattainable in many parts of Missouri, the governor's advisory council on comprehen-health planning said Thursday.

"In many areas, and in some entire regions, ambulance service is virtually inaccessible; emergency cases suffer heavily, often requiring transportation as far as 80 miles," the report said, released after a 20-month study.

Dr. Robert Kelley, chaiman, said a task force studied the state's health problems and formulated a model which area medical planners could use to evaluate their own systems and determine needs.

The council was formed after the federal government called on each state to provide comprehensive health planning. Missouri was divided into 20 health service areas but planning agencies have been set up in only eight of them, a council spokesman said.

The council's evaluation model has been used in the Springfield and Kansas City areas to help planners in determining health needs and apply for federal funds.

Five Fined on Driving Charges

EAST PRAIRIE - Fines of $25 each were levied against Kathryn Jones, James T. Johnson and Bill Mayes in city court on charges of careless and improper driving.

Manual H. Gillian forfeited a $25 bond on a charge of fighting in the streets.

Judge A. Marvin Bryan assessed Trent Reynolds a $25 fine for having open beer in his possession.

A charge of public intoxication brought $20 fines to Vermont Lynch and Gaine Eaves.

Marilyn Easter paid a $25 fine for careless and reckless driving and Walter McCormack was fined $10 for running a stop sign.

Medicinal Gems

Gems valued at 40,000 dukats pulverized into a medicine were said to have been taken by Pope Clement VII before he died in 1534, according to Encyclopaedia Britannica.

Bird Sizes

Ostriches, the largest living birds, average about 150 pounds (the greatest weight attained is about 300 pounds) while the smallest hummingbird weighs only one-tenth ounce.

Salvation Army on Job in Illinois

THOMSONVILLE, Ill. - Tornado - The Salvation Army was on the job within minutes after the disaster took place.

Two mobile canteens were dispatched from St. Louis and are serving food, coffee etc. around the clock.

Salvation Army personnel from St. Louis, West Frankfort, Centralia, Cape Girardeau, assisted by volunteer workers have set up a k Ave, St. Louis, Missouri distribution center for food, clothing and shelter and will remain until the emergency is over.

Contributions for Tornado Relief may be sent to 2827 Clark 63103.

Finch Urges Rule of Law

CAPE GIRARDEAU– A rededication to the rule of law and a recognition of the importance of change through legal procedure is the basic purpose of Law Day, Judge James A. Finch said Saturday at the State College's annual observance of Law Day.

Judge Finch, who will become chief justice of the Missouri Supreme Court, July 1, told the group gathered in Rose Theater of the Language Arts Building that there must be a recognition of the importance of changing those things which ought to be changed through legal procedures on the basis of informed and reasoned judgment.

His talk, open to the student body, faculty of the college and the general public, was followed by a luncheon at the college for senior prelaw students, local attorneys and some faculty members.

"Channel Change Through Law and Reason", the theme for Law Day this year, which is officially Saturday, sums up the basic purpose for which the annual celebration of such a day was first proclaimed by President Eisenhower in 1958, Judge Finch said.

He said society is subject to very strong forces for change, the most powerful of which today is probably modern technology. Technological changes produced in the lifetimes of generations now living is greater than for all previous generations of man combined, and these developments will accelerate in the future rather than decrease.

Accompanied by and largely induced by these technological changes and their influence has been the great growth in population with a c o m p a n y i n g industrialization, an exodus from the farms to the cities, and concentration of population in huge urban centers, and resulting detrimental effects such as pollution and health hazards, he added.

Other pressures for social change are ones resulting from things with which we are familiar – the involvement in Indo-China, the Middle East, nuclear armaments, civil rights, the rising crime rate, the use and control of drugs, inflation and numerous other problems.

"Those forces for change all create pressures on law and government," the jurist noted. To meet the challenge of social change, the law must be both stable and flexible. If we are to continue to realize the benefits of technological advance accompanied by peaceful social change, and to avoid the destructive consequences of uncontrolled change, we must respect the dual aspect of the law. The values of stability must be secure, but the law cannot be static."

He cited these pressures for change being felt in the court systems of this country today, especially in the criminal law field where balancing of individual rights with those of the public is often difficult.

However, something is being done to develop solutions. The judge cited:

* Studies have been undertaken to improve and expedite the handling of the business of the courts.

* A school to train court administrators has been established and is in operation.

* Schools and seminars to train trial and appellate judges to improve their work are being held on an increasing scale.

* Utilization of technology to docket cases, retrieve information and to expedite the availability of transcripts of evidence for use of the courts is being explored.

He said that this need for greater speed in disposition of cases and remedies for new problems presented should not be confused with pressures which in reality constitute attacks on the entire system of jurisprudence. "We have witnessed attacks in highly publicized trials and it is possible that such difficulties be controlled, I believe that this can and will be done."

"I feel sure that we can utilize modern technology and make improvements or changes in our procedures and that we can expedite and improve the administration of justice," he added.

"This process of choosing what is to be retained and what is to be changed is ultimately the responsibility of the general public in a free society through procedures for making those choices established by law. In determining those questions the theme of this Law Day suggest that the decision should be made by utilizing the process which the legal profession uses in determining litigated issues," Judge Finch explained.

That procedure is first, determine what are the facts, and second, what are the necessary or likely results which follow, he said.

"In a free society the public, speaking through a majority, decide what the law ought to be — and what it will be. In making these decisions, it is vital that the people act as the result of reasoned judgment — not the result of whim or emotion or the harangue of a demagogue," he stressed. "After determining the facts, the decision should be made by utilizing both intelligence and experience."

Addressing the "citizens and voters and probably leaders of the very near future," he concluded, "you have the wisdom and foresight to retain and support that which should be kept and that you will have the will and the ability to change that which ought to be changed."

Route RA Location Approved

The Missouri State Highway Commission has given final approval of location and design for route RA, Mississippi county.

The action followed advertisement for a public hearing on the improvement. The proposed hearing was not held as no one representing the general public attended.

The commission found that the recommended location and design would best serve the interests of the public.

W. H. Shaw, district engineer for the Missouri State Highway Department, said the proposed improvement extends from route HH east of Wyatt northeasterly 2 miles along the banquette of the levee to the Joseph Hunter Moore River access. The purpose of the improvement is part of the commission's plan to spend $1,000,000 annually for the purchase of right-of-way, construction, and maintenance of access roads to recreational areas.

The design of the project will be completed followed by right-of-way acquisition. The improvement will then be placed under construction subject to the availability of funds.

Science In Your Life

DON'T LOOK NOW, but it MD. may be germ against germ in a battle for control of the food in your refrigerator, P. A. Whitman and R. T. Marshall of our department of food science and nutrition have found and removed bacteria - killing cells (known as phages) from refrigerated foods. These phages often are capable of destroying the desirable bacteria that provide the good characteristics of cultured dairy products.

They also have found bacteria and phages in the refrigerated foods in which the roles were reversed. That is, the bacteria were the kinds to cause food to spoil and the phages, in destroying the bacteria, apparently were preventing the food spoilage. "These phage - bacteria systems may significantly influence the shelf life ofour refrigerated food products," the UMC scientists report.

Entirely separate from any moral or legal aspects of marijuana, it is extremely difficult to decide about the physical safety. Close on a government study commission report that marijuana did not cause serious illness, results from a five year study suggest that this is not correct.

Dr. Harold Kolansky and William T. Moore of the Philadelphia Association for Psychoanalysis said none of their subjects had showed a tendency to mental illness prior to the use of marijuana. By the end of the study, the patients consistently showed poor social judgement, confusion, anxiety, depression, indifference, and slurred speech. Some were unable to organize their thoughts, suspicious of others, sexually promiscuous, and indifferent to personal cleanliness, grooming, and study or work habits.

A few patients who smoked marijuana four to five times weekly for many months suffered staggering gait, hand tremors, and errors in perception which caused such problems as overshooting exits on turnpikes.

In their report in the Journal of the American Medical Association, the doctors point out that marijuana is particularly harmful to adolescents. It accentuates the disturbing factors in body development and normal psychological conflicts which the adolescent is struggling to control.

If yours is one of the communities which has an osteopath and no MD or has as many osteopaths as MDs, you should not be surprised. Missouri is the home of osteopathy and has two of the five training schools in the country. We have the largest number of osteopathic physicians per capita in the U.S.

The nation's first school of osteopathy was started by Andrew T. Still at Kirksville in 1892. About one in five physicians in the state is an osteopath, and osteopaths outnumber the MDs in many of the rural areas.

Nevertheless, the MD apparently is the doctor of preference for a majority of Missouri families. When Edward W. Hassinger and others in the UMC department of rural sociology asked Missouri families "does it make any difference to you if your doctor is a medical doctor or an osteopath?" the response was yes 70 percent of the time. Of those answers, only 1.7 percent preferred the osteopath. The others specified

More than a fourth of the people responding in the study did not have a preference.

In areas where there are few supersonic flights, we don't have much cause to worry about super booms. However, there are such things.

When a supersonic aircraft makes a turn, the shock wave that causes a sonic boom is concentrated, that is, focused on a certain area. All of the energy in the shock wave that would normally be spread over several miles is concentrated on that single spot.This intensified boom can cause far more discomfort than an ordinary sonic boom.

H. F. Ribner of the University of Toronto has developed a maneuver for pilots of supersonic aircraft that he says will eliminate the super boom. By coordinating the rate of turn with slowing the plane in a specified manner, the concentration of the shock waves can be greatly reduced and possibly eliminated. So complex are these factors, that he suggests the maneuver would be accomplished best by an on-board computer linked to the plane's controls.

Vietnam Veterans Treated 'Shabbily'

By Editorial Research Reports

MINNEAPOLIS — Paul Glasby, 23, of Cannon Falls, Minn., was wounded in Ashau Valley, Vietnam, May 23, 1969, and his leg had to be amputated. "Better a limb than my life," he told Editorial Research Reports as he was being fed intravenously in the Minneapolis Veterans Hospital.

Glasby has had four different artificial limbs, but what 's left of his leg keeps on giving him trouble. He is not bitter. "I don't think it will slow me up if I get a good prosthesis," he said. A roofing specialist before he was drafted, Glasby now wants to go back and get a college education. The most difficult thing for him is to keep his spirits up. As another vet told Harper's magazine, "If you let it get at you, you sink. So you get on with what you have left."

Glasby is but one of approximately 298,000 Americans who have been wounded in the Vietnam war. Some of these have come home with neuropsychiatric problems. A full third of the admissions to the Veterans Administration hospitals each month fall in this category. Part of this undoubtedly is due to the fact that these veterans have not found a place in society and feel rejected, says Dr. Arthur Bradley, chief psychiatrist in the Minneapolis hospital.

One out of every ten veterans wounded in Vietnam was hit so badly he would have died in previous years. The result is an increase in the number of seriously disabled now crowding the 166 separate institutions which form the Veterans Administration complex.

The staff at the VA hospital in Minneapolis appears extraordinarily dedicated and involved. The nurses were making a tremendous effort to see things from the viewpoint of the vets and for many this was proving to be a traumatic experience. The Vietnam wounded are much less compliant than the hospitalized of World War II. They feel they have the right to know about things which affect them, and they want to have a voice in their treatment. They want to hear the verdict directly from the physician, not from nurses. They resent spoon-fed half-truths.

Unless the hospital rules "make sense" the Vietnam vet will neither accept nor obey them. Instead, he is likely to feel that such rules are imposed simply to "put him down." Emphasis now is on individualized treatment. Sensitivity training sessions, encounter groups, and interaction between staff and patients are regarded as vital.

No known process has yet been found to "decondition" a fighting man. Public rejection, however, makes a return to normalcy that much more difficult for the wounded. Among the disabled, the unemployment rate is estimated to be higher than 25 per cent. "No one gives a damn that you were wounded in Vietnam," one vet complained. Disillusionment soon turns to despair as the disabled seek work and can't find it.

Dr. Bradley believes that many of the wounded are so alienated that they even refuse to admit that they were veterans. "If someone asks them about their missing limbs or their scars they claim they were involved in an automobile accident." The result is that many of the veterans are "turning off" – retreating within themselves because they are incapable of being psychologically or physically involved with the outer world.

"This nation has special obligations and indebtedness to this group of Americans," Secretary of Labor James D. Hodgson has declared. There is little doubt, adds Dr. Bradley, that these veterans have "been treated more shabbily than any veterans in the history of our country."

Conviction of Investment Firm Officers Upheld

ST. LOUIS (AP)–The U.S. 8th Circuit Court of Appeals upheld the conviction of five officers and former officers of the Presidential Investment Co., Thursday.

They were sentenced in U.S. District Court on March 9, 1968 to prison terms from five to 10 years.

Found guilty of mail fraud and violations of the federal security act were former company presidents Sidney F. Porter and Carl F. Newland; John M. Harrison, executive vice president; Henry Harrison, secretary- treasurer, and John R. Schaeffer, public relations officer.

The convictions involved promotion of a scheme to sell securities through misleading and false statements.

Henry Doesn't Agree with Jane Fonda's Methods

HOLLYWOOD (AP)–Henry Fonda says he's proud of his daughter, Jane's activist work but doesn't agree with all her methods.

"It's a sincere involvement, and she's totally dedicated," the 65-year-old actor said of his 33-year-old actress-daughter. "I don't think it's necessary to overthrow the government to achieve some of the things she's after."

"For Jane to be such an activist that she clenches her fist and puts it up and says, "I'm a revolutionary," she's turning a great many people off," he said Thursday in an interview.

Today's FUNNY will pay $1.00 for each original "funny" used. Send gags to: Today's FUNNY, 1200 West Third St., Cleveland, Ohio 44113.

A WICKED LOOKING INDIAN appears out of the darkness. You turn and watch horrified as he stabs old Muff Potter with his long hunting knife. Where else but Injun Joe's Cave Ride in the new Six Flags Over Mid-America family entertainment center. The 200-acre park, scheduled to open June 5, is southwest of St. Louis at the Allenton Road exit on Interstate 44.

Clean-Up Begins at New Park

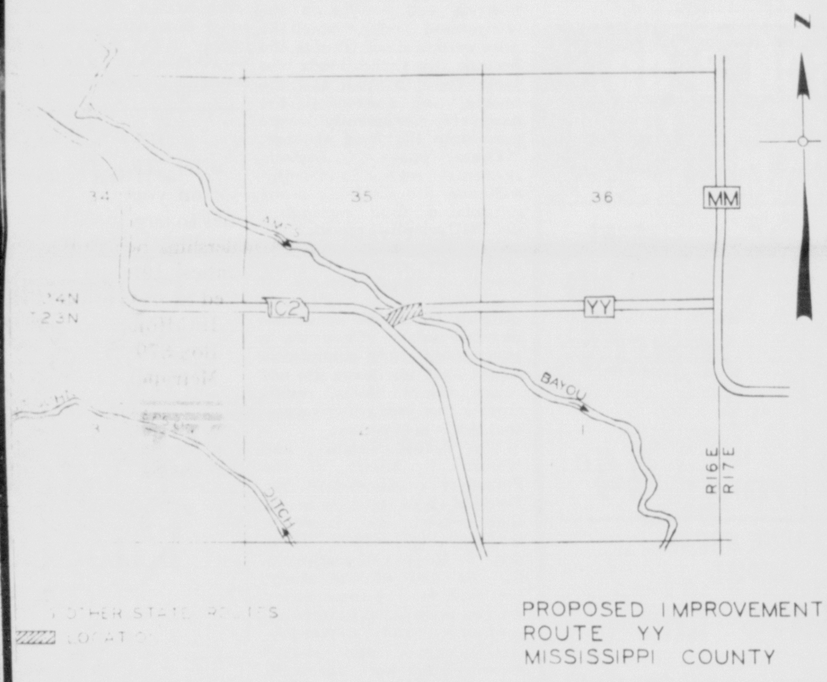
ST. LOUIS – Clean-up operations are beginning at the Midwest's newest and largest family entertainment center southwest of St. Louis.

Six Flags over Mid-America work crews are turning their attention toward making the park ready for the public while construction workers add finishing touches to the 200-acre park.

Paved streets are hosed down to shed last winter's coat of dirt and grime. A countless variety of heavy equipment has left the streets cracked and gouged full of holes. The cratered pavement hardly gets a chance to dry before it is smothered with a fresh coat of blacktop and the clean-up goes on.

Souvenir shops and restaurants are cleaned and made ready. Shelves are installed and floors are swept while outside the workmen continue their clean -up. One day a little gift shop stands empty. The next day it's alive with activity. Its shelves are stacked high with stuffed animals. Its rows of sectioned bins are loaded to the brim with trinkets in every shape and size.

Everything must be readied for Six Flags' Grand Opening, June 5.



Mississippi County Route Location Approved

The Missouri State Highway Commission gave tentative approval for the location of route YY in Mississippi county.

The action followed a review by the commission of the location recommended in the reconnaissance study of the proposed improvement.

The improvement along or near route YY from Route 102 east two-tenths of a mile will include a bridge over St. James Bayou.

W. H. Shaw, district engineer for the highway department, stated preliminary design details will be completed followed by advertisement for a public hearing. The location and preliminary design details will be presented to the public at the hearing.

ACQUITTED — A military jury has acquitted Capt. Eugene M. Kotouc of maiming a Viet Cong suspect during an interrogation after the 1968 May Lai assault. Kotouc, 37, of Humboldt, Neb. testified that he accidentally cut off the tip of the prisoner's little finger while threatening him with a hunting knife.

Q—What is the greatest number of clergymen to sit in the U.S. Congress at one time?

A—The most at one time was in 1960, when four Protestants made the grade.

Q—In the U.S. space program which was the most accurate splashdown?

A—That of Gemini 9 on June 6, 1966, only 769 yards from the USS Wasp.

Q—In what way are birds unlike any other member of the animal kingdom?

A—Of all forms of animal life on this earth, birds and only birds have feathers. All birds possess them.

Q—How do water birds maintain a stationary position when sleeping?

A—Sleeping water birds paddle with one foot, thus propelling themselves in a circle.

Q—How long does a date palm bear fruit?

A—A single tree produces from 100 to 600 pounds of fruit a year, and may bear for 100 years.

Q—Which is the largest single brewing plant in the world?

A—The brewery of Anheuser-Busch Inc. in St. Louis, Mo. The plant covers 66 acres.

Q—What former president of the Irish Free State was a native of New York City?

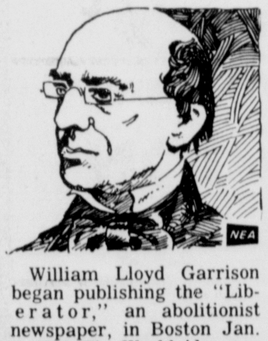
A—Eamon De Valera, born in New York City of a Spanish father and an Irish mother. He was president of the Irish Free State from 1932 to 1937.

Q—How does a beaver actually comb its fur?

A—The toes of a beaver are webbed and end in strong claws. Two claws on each foot are split. The beaver uses these split claws to comb its fur.

Q—What honor is accorded a nation upon joining the United Nations?

A—Its banner is displayed in a central position above the others for the first day.



William Lloyd Garrison began publishing the "Liberator," an abolitionist newspaper, in Boston Jan. 1, 1831, The World Almanac recalls. Garrison wrote editorials in the Liberator demanding the immediate abolition of slavery in the United States and denouncing slaveholding as a crime.

OPPONENTS in Pakistan's civil war are President Agha Mohammad Yahya Khan, left, and Sheikh Mujibur Rahmann. The Sheikh heads the Awami League, East Pakistan's dominant political party which would also have controlled the new National Assembly session, postponed by Yahya Khan.

2—Card Of Thanks

We wish to express our sincere gratitude for all the kindness and courtesies extended to us at the passing of our loving son, Vernon Durbin, and to thank those who sent lovely flowers and thoughtful gifts of food. We appreciate the kindness of Rev. Bob Williamson and the choir of the Hayward. Baptist church. We would also like to thank the DeLisle Funeral Home. In memory of our love one, Frank and Hazel Durbin and Family.

The family of Katherine Maddox would like to express their appreciation to everyone who showed their sympathy for our loss by sending food and flowers and to the Nunnelee Funeral Home for their service and kindness. We especially appreciate the kindness and consoling words of Father Wallace Ellinger, Father Seyer, Sister Agnes, and Sister Angela of the Immaculate Conception Church in New Madrid. In memory of our loved one —

The family of Katherine Maddox

Public Notice

NOTICE TO CONTRACTORS

Notice is hereby given that sealed bids will be received at the office of the City Clerk, in Sikeston, Missouri, until 7:30 P.M., June 7, 1971, for the furnishing of the materials, equipment, labor, costs, and construction of the following items; in accordance with the plans and specifications on file in the offices of the City Administrative Building, Viz:

ITEM 1: One and one-half inch hotmix asphaltic pavement on six inch soil cement base constructed to insure surface drainage on Petty Street from Compress Road to Maude Street.

ITEM 2: One and one-half inch hotmix asphaltic pavement on six inch soil cement base constructed to insure surface drainage on Alabama Street from Washington Street to Compress Road.

ITEM 3: One and one-half inch hotmix asphaltic pavement on six inch soil cement base constructed to insure surface drainage on Washington Street from Westgate Street to Alabama Street.

Copies of the plans and specifications are available to bidders and may be obtained from the City Clerk upon payment of two dollars ($2.00) for each set of plans. Successful bidder shall post a performance bond for the full amount of each contract. All wages paid under this contract shall be in accordance with the prevailing wage as deemed by the Industrial Commission of Missouri.

All proposals must stipulate that contractors will accept in payment thereof, special tax bills issued against the property abutting the improvement. Sealed bids will be submitted separately on each or any item as listed above and separate contracts shall be awarded on each item.

The City reserves the right to accept or reject any or all bids.

John W. Vaughn,
City Clerk

56-57-58

NOTICE TO SUBMIT BIDS TO BECOME COUNTY DEPOSITARY

In accordance with the law of the State of Missouri, relating to County Depositaries, notice is hereby given to all banks and bankers, that for the purpose of selecting a county depositary of depositaries, for all the public funds of Scott County, Missouri, of every kind and description, including, among other funds, the "County Collector's Fund" for the period ending sixty-five days after the time of selecting a new County Depositary in May, 1973, all of said funds will be divided into six equal parts. All banks and bankers desiring to become County Depositary of all, or either of said part of said funds, may submit sealed proposals therefor up to 12 o'clock noon, Thursday May 27, 1971, to the undersigned Clerk of the County Court of Scott County, Missouri, stating the rate of interest on daily balances such bank or bankers offer to pay, also the number of parts for which it desires to bid.

Each of said bids must be accompanied by a certified check for not less than such proportions of 1½% of the county revenue of the preceding year, as the sum of the said parts of said funds bid for, bears to the whole number of said parts as a guarantee of good faith on the part of the bidder, that if his bid should be accepted he will enter into the depositary bond provided for by law.

Bids will be publicly opened at noon on Thursday, May 27, 1971.

WITNESS my hand and the official seal of the County Court, done at my office in Benton, Missouri this 3rd day of May, 1971.

Bob Kielhofner
CLERK OF THE COUNTY COURT
Scott County, Missouri

School Rated AA

BLOOMFIELD - H. D. Cook, State Supervisor of Public Schools, made the annual calssification visit to the Bloomfield school system on March 31.

In early April, the application for classification was forwarded to the state office. After consideration at the state office, P. J. Newell, Jr., assistant commissioner, reported the classification of the Bloomfield school system is officially classified as "AA" K-6-6. The total units of approved high school credit is 54½ units.

Some advisements were listed which indicate that goals or standards are not being fully met. These items are to be corrected before the next school year opens - unless previous agreement upon these have been made with the supervisor.

Under school building section, additional rooms are needed in the elementary school in order to adequately house kindergarten and to provide space for essential (special) services. The superintendent's office should be arranged to provide a greater degree of privacy (a conference room).

Under the teaching load section (for grade 7-12), individual classroom enrollment should not exceed thirty-five students for academic instruction.

Under our curriculum section two units of trades and industrial subjects should be provided at the high school to meet the needs of the students and classification of the school.

According to superintendent Sharp, the only problem in maintaining the "AA" classification for next year will be providing for the two units of trades and industry. This item will try to be worked out in the local community. However, it may be necessary to transport interested students to an area trade school.

C. of C. Hears Reports

BLOOMFIELD — The Chamber of Commerce members heard reports from several committees Monday night at their regular meeting. Willard Darnell, president and Dean Cooper reported on their attendance at the State Industrial Conference held April 15 and 16, at Jefferson City.

The theme of the two day meeting was "A Time For Everything." A good community attitude was stressed as one of the most important points in obtaining industry. Teams of a man and his wife are sent out to scout for industry. They visit around town, purchasing from various stores, noting the manner of the businessmen and what they have to say about their town. When they hear a lot of gripping they mark this against the community. If they find that people are happy to live in the town this goes a long way to recommend it.

One of the suggestions was that small towns form a County Chamber of Commerce.

Obtaining industry for a small town also hinges largely on community betterment and unity of the community all working to improve every aspect of living in their town. A community betterment meeting will be scheduled soon. Bloomfield is planning to enter the first phase of the program for 1972.

The members discussed a brochure for the town, which is needed to present to industrial prospects.

The Rose City Rides are scheduled to be part of the Homecoming set for October 4 to 9. It will be held in the City Park this year with additional plans to make the week long event greater than it has ever been.

Highest Army Rank

The highest U.S. Army rank was general of the armies of the United States, created for George Washington in 1799. The office was never filled and ceased to exist in 1802, according to Encyclopaedia Britannica.

I-M-P-O-R-T-A-N-T L-A-B-O-R

A-V-A-I-L-A-B-I-L-I-T-Y R-E-Q-U-E-S-T

This is a very important request made by the Industrial Committee of the New Madrid Chamber of Commerce, the Missouri State Employment Service, and the Bootheel Regional Planning Commission for the purpose fo supplying data to interested industry prospects.

You are asked to complete and return this form:

If you live in the New Madrid area, would drive to New Madrid to work, or relocate in the New Madrid area:

If you are 18 years of age or older and if you are available for work, or if working now and would be available at a later date:

All information held in complete confidence and would be released only to industrial prospects.

Auto Know How Goes on Display

ST. LOUIS — The boys who will keep America rolling in the years ahead will be out to demonstrate their automobile know - how in the Plymouth Trouble Shooting contest Thursday. Students from the Sikeston school will compete.

This is an annual event sponsored by Plymouth dealers of this area in which auto mechanics students find and fix several malfunctions deliberately hidden in new cars by experts. Ability to quickly restore the car to normal running order counts as 70 percent of a team's final score. There is also a written examination which counts as 30 percent of a team's score.

Scholarships, an inside track on a job, and a chance to perform on the famed Indianapolis "500" Speedway are the students' inducements.

The winning team in this and 100 other local contests receives an all-expense trip to Indianapolis where the National Trouble Shooting Finals will be held June 14, 15 and 16.

More than $125,000 worth of scholarships, prizes, trophies, tools, practice engines and transmissions and other automobile components for competing schools are offered, according to John H. Moore, Jr., National Trouble Shooting Manager.

Scholarships provided this year total $37,000. The first place teams at the National Finals in two classes -- high school and post - high school-- each will be offered $5,000 in scholarships.

Another feature in the 1971 program is the active recruitment of Trouble Shooters who participate in local contests to become apprentice mechanics in Plymouth dealerships.

Plymouth makes available to all dealers in a local contest area the names and addresses of all boys who make their school Trouble Shooting teams and urges dealers to interview them as potential apprentice mechanics. The boys receive Trouble Shooter certificates to present to dealers.

Recognizing that a substantial investment in tools is a prerequisite for most automobile mechanics, the program includes a plan for letting apprentice mechanics get tools at substantially reduced cost when hired and paying for them through payroll deductions while they work. A qualified young mechanic can go to work immediately with his own set of tools which retails at $550.

His total cost of the tools is less than half, $224, and he can pay for them with no down payment and a small weekly deduction from his wages.

Trophies for their schools and individual prizes are provided for contest winners.

Crowley's Ridge Resort Opens

MALDEN - The Bootheel's first resort area was opened to the public Saturday. L. L. Williams opened the gates to Crowley's Ridge Resort on manmade Lake Devosia.

The 250-acre recreational area five miles west of Malden off Route J on Crowley's Ridge, is a dream come true for Lavern Williams.

The recretaional spot, long a dream of Williams, was started in March 1969.

Nestled in the rolling hills that make up Crowley's Ridge, the area is picturesque. Workmen have been busy for months carving out man-made lakes for fishing, swimming and water skiing.

The lakes have been filled by rainfall and by a 10-inch turbine pump 235 feet deep. The fishing lakes are stocked with bass, crappie, bluegill and catfish.

One of the features is a 60-acre man-made ski lake. For those who like to swim, there is a 300-foot long sandy beach with water one inch to 15 feet deep. A large enclosure is provided for small children with water no more than 24 inches deep. A large modern bathhouse is available with dressing rooms.

On Lake Dvosia, named for Williams' wife, will be a giant, double-decked, paddle wheel boat. During the day it will be utilized as an excursion boat and in the late afternoon and until 10 p.m., will be a floating restaurant, where customers can dine on either the top or lower deck. Food specialties will be steaks and catfish. The boat will be available from 10 p.m. to 2 a.m. for private parties.

Numerous picnic spots will be available to those who want to spend a day outdoors with tables and charcoal grills nearby.

The resort features a trailer park with hookups, tent camping grounds, a modern motel, grocery and fishing supply store, landing strip for aircraft, mini-bike trails, boats for rent, a kiddieland, and an amusement center for teenagers. Worship services will be held on Sunday morning.

Williams and son, Gary, managers of the resort, said prices will be reasonable for the facilities provided.

Driver Jailed After Two-County Chase

CAPE GIRARDEAU— A high speed chase through two counties Thursday afternoon landed a pregnant woman in a hospital and her male companion in jail.

The Cape County sheriff's office reported today that Leonard Earl Little, 26, of Malden, is being held in the county jail at Jackson. Authorities said he is wanted in Pemiscot County on a charge of possession of stolen property.

One of three passengers in the car—which was stopped near Gordonville by Bollinger County officials—was rushed to Southeast Missouri Hospital here when it appeared she was in labor.

The woman, identified as Flossie Lindell of Marble Hill, was released from the hospital later. Authoritie's fears that she might give birth before arrival at the hospital proved groundless.

Bollinger County Sheriff Frank Matthews said he and his deputies had been looking Thursday for a car matching the description of the one Little was driving.

The car, which had an out-of-state license plate, was first spotted just east of Marble Hill on Highway 34. The sheriff said he attempted to stop the vehicle for a routine check but Little picked up speed and the chase began.

Sheriff Matthews said Little continued on Highway 34 before turning south on Route OO at Burfordville. Cape County authorities and the highway patrol were alerted and began converging on the area.

Little turned onto Route F west of Gordonville, and then stopped to turn around. The sheriff said he managed to make the speedy turn, too, and stopped in time to prevent Little from completing his turn by ramming the rear of the car.

Little offered no resistance and, upon the arrival of Cape County deputies, he was taken to the county jail.

Meanwhile the Lindell woman was rushed to the hospital in a squad car.

Another woman and a child were also in the Little car but they were not identified by authorities.

Today In U.S. History

By THE ASSOCIATED PRESS

Today is Wednesday, May 5, the 125th day of 1971. There are 240 days left in the year.

Today's highlight in history:

On this date in 1961, Alan B. Shepard Jr. was rocketed 115 miles into space from Cape Canaveral, Fla., becoming the first American space explorer.

On this date:

In 1821, Napoleon Bonaparte died in exile on the island of St. Helena.

In 1824, Rangoon, Burma was captured by the British.

In 1864, Union troops were routed by confederates in the Civil War Battle of the Wilderness west of Fredericksburg, Va.

In 1936, war ended in Ethiopia as the capital of Addis Ababa fell to Italian invaders.

In 1955, West Germany became a sovereign state as the terms of the Paris agreements of 1954 went into effect.

In 1960, Soviet Premier Nikita Khrushchev angrily announced that an American spy plane had been shot down over Russia.

Ten years ago: The Kennedy administration said it would seek a cut in the income tax to spur the lagging U.S. economy.

Five years ago: A U.S. freighter collided with a Peruvian fishing boat off Peru, and 12 persons were presumed lost.
